Subject:	Concerning gas stations and purchasing liquor licenses.
Message:	Attention has been brought to me by several liquor establishments along greenfield avenue. This is about allowing gas stations in the city of west allis being allowed liquor licenses. I find this news deeply disturbing. Already in the county of Milwaukee we have more alcohol distributors per 1000 citizens in the whole country. To curb Dui offenses and crime this city has already deemed liquor stores must close at 9:00 pm. The city of Milwaukee has bars close by 2:00 am. However many gas stations are now open for 24 hours. Your making a loop around the happy hour laws by allowing gas stations to sell cold beer and wine on off hours! Part of the convienance of a convienance store is not to mix alcohol and gasoline. Across the country in more urban areas crime goes up. As someone who walks the streets of this city regularly it's already littered by cigarretes. Now there is a place that wants to dump cans on top of the empty water bottles I find everywhere? Now some may people may cry foul. Why

shouldn't a store be able to sell what it wants? That the liquor retail is only looking out for it's business. Yeah, but looking at a closed Walgreens store which was on the corner of highway 100 and greenfield, an empty sam' s club building, an abandoned pick n save why shouldn't they be concerned! What price do we pay for convienance and those that it hurts is something we havnt even bothered to ask. Close the stores and replace them with gas stations, how sickening. We are on the midst of another economic recession and you would allow more perverse "side acquisitions". I just hope before you grant this establishment a liquor license. You think about who it hurts and at the the price we will be paying ten years from now.
