

STEVEN D. BANE
FIRE CHIEF

CITY of WEST ALLIS
FIRE DEPARTMENT

To: Honorable Board of Police and Fire Commissioners
From: Steven D. Bane, Fire Chief
Date: November 15, 2016
Re: Request to Transfer Excess Salary and Authorization to Allocate Those Funds for Upgrades and Enhancements to Plymovent System

Please accept this letter as my request to transfer \$46,100.00, from account #100-2201-522.11-01 (Salary & Wages) to account #100-2201-522.44-08 (Repair & Maintenance – Other), and authorize these funds be spent for repair and upgrades to the Plymovent (vehicle exhaust) systems at all three fire stations. It is projected that we will have more than \$300,000 in excess salary this year.

This is a sole source request due to the fact there is only one authorized dealer in the State and “no company is licensed or approved by Plymovent to manufacture components or retrofit parts or accessories for Plymovent brand systems”. On the preceding pages you will see the letter of “Exclusivity” and an email stating no other system’s parts are interchangeable.

Our Plymovent systems have slowly fallen in to a state of disrepair and haven’t kept up with changes in exhaust placement and type, on newer apparatus. In addition, the initial installs, done during station remodeling, didn’t fully account for reserve apparatus being on the system. The attached proposals and spreadsheet highlight what work will be done, cost per station, and total overall expense.

I’ve been requested by City Administrator Rebecca Grill to request approval of the Common Council at their December 6, 2016 meeting. Your approval should be conditional on the Council’s approval.

Here is a link highlighting the dangers of diesel exhaust which is why it is important to get our systems back in order:

<http://www.cancer.org/cancer/cancercauses/othercarcinogens/pollution/diesel-exhaust-and-cancer>

Please feel free to contact me if you have any questions or concerns with this request.

Signature Page

The West Allis Police and Fire Commission hereby provides approval for the West Allis Fire Department to proceed with their request to Common Council to transfer \$46,100.00 from the department's Salary & Wages account to the department's Repair & Maintenance: Other account, and authorize these funds be spent for the repair and upgrades to the Plymovent (vehicle exhaust) systems in all three (3) fire stations.

APPROVED BY: 
Board of Police and Fire Commissioners

DATE: November 17th 2016

03-24-2016

To Whom It May Concern,

The purpose of this letter is to confirm that Hastings Air Energy Control Inc. is the exclusive dealer of Plymovent vehicle exhaust extraction systems in the state of Wisconsin. As the only Plymovent dealer in this territory, Hastings Air Energy Control Inc. is in good standing and has the exclusive rights to sell, install and service our vehicle exhaust extraction systems.

For over 35 years, Plymovent has created products that provide a safe and healthy work environment. Together with our nationwide dealer network, Plymovent continuously strives to design and engineer products that meet or exceed our customers' expectations and needs.

If you have any questions, please do not hesitate to contact me.

Kindest regards,
PLYMOVENT CORP.

Brad Pitzl
President/General Manager

Steven Bane

Subject: PLYMOVENT territory exclusivity HAEC:01005127
Attachments: Exclusivity_Letter_Hastings_Wisconsin.pdf

Importance: High

Dear Chief Bane,

Attached is Hastings' territory exclusivity letter regarding PLYMOVENT equipment, parts and service. Please note that no company is licensed or approved by PLYMOVENT to manufacture components or retrofit parts or accessories for PLYMOVENT brand systems. Use of components acquired from sources other than officially licensed PLYMOVENT Dealers voids the manufacturer warranty.

Please feel free to contact Dean with any questions you may have.

Best regards,
HASTINGS air energy control inc

2016 Plymovent improvements / upgrades

	Initial quote to get everything in it's current state operational.	Quote to convert the existing middle bay from a 21ft single vehicle track system to a double vehicle track based system. The price is assuming that we use 30ft of track from station #2	Quote to split North bay rail system to have half the rail on the curb side of West door and the curb side of East door.	Quote to relocate existing rail system located in the South bay to the Engine & Reserve Med unit bay. The rail would include the addition of (2) new internal crabs and hose drops.	Quote to split the Ladder bay rail system to allow curb side vehicle connection to exit out the East door.
Station 1	\$7,786.52	\$8,180.41			
Station 2	\$10,397.27		\$3,171.22	\$9,295.22	\$7,162.02
Station 3	\$10,423.47				

Total for initial quotes: \$28,607.26

- (Necessary) #1 Station 1 additional: \$8,180.41 (Need for reserve ambulance in middle bay)
- (Not needed) #2 ~~Station 2 additional: \$7,162.02 (We can eliminate this one by simply driving out the east doors)~~
- (Not needed) #3 ~~Station 2 additional: \$3,171.22 (Only needed if we want to have the pickup hooked up)~~
- (Necessary) #4 Station 2 additional: \$9,295.22 (Need for reserve ambulance behind E62)

Total improvements needed for 2016*: \$46,082.89

Quote for system upgrades to bring current system up to current standards

Scope

North Bay:

- 1) Lower hose assemblies complete to include: safety disconnect handle, lower high temperature hose and grabber nozzle assembly
- 2) (2) yellow airline line kits for internal crab assemblies.

Truck Bay:

- 1) Upgrade hose drop to include Upper hose, safety disconnect handle, High temperature lower hose section
- 2) New yellow airline kit for internal crab assembly

Engine Bay:

- 1) Upgrade hose drops to include safety disconnect handle.

Med Unit Bay:

- 1) Relocate the drop on drivers side and mount on the rail type system serving the reserve engine.
- 2) Upgrade hose drops to include safety disconnect handle, High temperature lower hose section
- 3) New yellow airline kit for internal crab assembly
- 4) Relocate South Rail System drop complete for reserve engine to be attached. This drop will need the lower hose section, safety disconnect handle and grabber assembly. Note due to the parked position of the reserve engine, the vehicle will need to shifted over to the South to facilitate attachment.

TERMS:

Freight for equipment is FOB destination. Hastings will deliver with our truck. Future parts or filter orders will ship prepaid and add.

Normal delivery is 3 to 4 weeks after receipt of confirming purchase order or prepayment check.

Warranty is per manufacturer specifications. Contact representative for more details.

Payment terms are 3% discount for prepayment with order, or net 30 from date of start up. Payment terms discount (3%) does not apply if the payment is made with a credit card. A 1½ % per month finance charge will be assessed on all invoice balances outstanding past 30 days.

Price does not include sales tax. Please provide municipality's tax exemption certificate.
