

April 7, 2015

To the Common Council,

This letter is to recommend the sole source purchase of the Small Government Enterprise License Agreement (SGELA) GIS software purchase from the Environmental Systems Research Institute, Inc. (ESRI). This is the only vendor that sells the specific products and services we need for our existing ESRI GIS platform. ESRI has been dealing with GIS software for over 46 years and their products and support has been exemplary. We have also been a customer of ESRI's since 2006 without any issues and their commitment to help and support our needs has been wonderful without any incidents or issues. You will also find their pricing to be fair and reasonable. I respectfully request your approval of this vendor for this purchase of software and service for the GIS applications. Thank you.
