

We, the undersigned, petition the city council of West Allis, WI to rescind any proposal to add a special assessment charges for road repairs to property owners located on 116th Street between Greenfield Ave and Theo Trecker Way. Rather than this proposal being stated as an improvement, we request the council to recognize the proposal for the road as a repair, taking into consideration the high traffic volume for public access to parks, schools and as a thoroughfare to the industrial park area.
