**To:** City Hall Clerk  
**Subject:** The new psych hospital to possibly move in.

My husband and I live right by where that hospital wants to build. I been doing research on this. I don't think this is the place for that hospital. So many complaints. These below are articles I think the common council and the mayor need to look at. Before they say yes to this hospital. I was told County Psych hospital will eventually close. So that will leave this place to take on patients from there. I don't want the violent ones in my neighborhood. Put it away from houses, kids and schools. I'm sure there must be another suitable place for this hospital. I am all for quality mental health care. But don't feel this location is good for that hospital.
