This letter has been drafted for the sole purposes of establishing that I, Edward A. Brown Jr., do hereby and hereon wishes to officially surrender my Class B liquor and tavern dance/instrumental licenses to operate a licensed establishment within the city of West Allis, WI. As your sub-committee may or may not be aware, my ability to legally hold said license has become a moot point seeing that the venue, and namely my organization, The Wisconsin Beverage and Entertainment Partners LLC., lost its assigned leasing rights to lease the commercial property at 7211 W. Greenfield Avenue on January 31st of this calendar year. Thereby negating our need for the aforementioned licenses.

Due to its direction under members of my contingent since April of 2015 and its most recent set of occurrences within the venue and internal strife, I agreed with the property's ownership, namely Suzy Ball, that an end for the business was in the best interests of the City of West Allis and myself as I do operate other venues within Milwaukee and my reputation in them as such is unblemished.

I would like to sincerely thank Mayor Dan Devine, Alderman Gary Barczak, Ms. Ann Neff and Alderwoman Cathi Probst for their honest, fair-handed advisement and professional tenor along the way as we attempted to launch the business along the Greenfield corridor in beautiful, historic-downtown West Allis. My name attached to this document shall serve as my official electronic signature.

Best regards,

Edward A. Brown Jr.
