## Resolution

**File Number: R-2008-0139**

**Final Action:**

**Sponsor(s):** Administration & Finance Committee

**JUN 03 2008**

Resolution relative to accepting the proposal of Environmental Systems Research Institute, Inc. (ESRI) for providing GIS software support and maintenance for a total net sum of \$15,710.98.

WHEREAS, The Purchasing/Central Services Division has reported that it has received a proposal for furnishing GIS software support and maintenance for various departments of the City of West Allis, that the proposal received was reasonable; and,

WHEREAS, The Common Council deems it to be in the best interests of the City of West Allis that the proposal of ESRI be accepted; and,

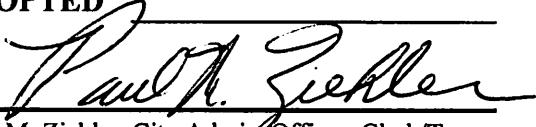

WHEREAS, the Information Technology Department has determined that this contract is inappropriate for competitive selection because ESRI is the only company that can provide the necessary technical software updates and support for the GIS software products we currently use for our GIS platform.

WHEREAS, GIS, Engineering, Development, Water Utility, Storm Utility and Sanitary Utility Departments will split the budgeted cost of the software support and maintenance.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Common Council of the City of West Allis that the proposal dated March 25, 2008 submitted by ESRI for furnishing GIS software support and maintenance for the period July 1, 2008 through June 30, 2009 for the total net sum of \$15,710.98 be and is hereby accepted.

BE IT FURTHER RESOLVED, that the Purchasing/Central Services Division be and is hereby authorized to enter into a contract for the aforesaid services.

ADOPTED JUN 03 2008  
  
Paul M. Ziehler, City Admin. Officer, Clerk/Treas.

APPROVED 6/6/08  
  
Dan Devine, Mayor

City of West Allis  
Geographic Information System

---

May 19 2008

To the Common Council,

This letter is to recommend the sole source purchase of the GIS software maintenance quote from the Environmental Systems Research Institute, Inc. (ESRI). This is the only vendor that can provide the necessary technical software updates and also the support for the specific GIS software products we currently use for our GIS platform. ESRI has been dealing with GIS software for over 39 years and their products and support has been exemplary. You will also find their pricing to be fair and reasonable. I respectfully request your approval of this vendor for this purchase of software maintenance and service for the GIS applications. Thank you.

Jim Jandovitz  
IT Manager
