Attn: Jim Leu

Dear Jim:

JX Peterbilt Waukesha is pleased to present a proposal for a 2017 Peterbilt Model 320 Tandem Axle Truck Chassis with the following specifications. Please review these specs and feel free to contact me with any questions you may have.

Net Delivered Price – \$ 138,310.00

The Net Delivered Price includes dealer prep and freight, F.O.B. West Allis, WI or the body builder of your choice . This price does not include local modifications, additions, manuals, extended warranties, etc. Delivery is currently approximately 7 months from date of order. This price is good for 30 days from the date of this quote. Payment on the chassis would be due upon arrival at the body builder if shipped directly to them or when the chassis is delivered to the City of West Allis if it is shipped here before the body is installed. The current price for a Cummins Protection Plan I and Aftertreatment Extended Engine Warranty (5 yrs/ 100,000 mi.) would be \$ 1,050.00 additional.

Thank you for this opportunity to quote on your truck needs. We appreciate your business!

Sincerely,

JX Peterbilt - Waukesha
