CITY OF WEST ALLIS
CITY CLERK

West Allis Common Council

To Whom It May Concern,

On 3/18/15 I was stopped at a red traffic light by HWY 100 and W Lincoln Ave in West Allis, WI. A West Allis Fire Department vehicle struck my 2011 Chevrolet Express van's driver side rear view mirror while passing me and other stationary vehicles at this traffic light.

An accident report written by Officer Shore of the West Allis Police Department details this incident. You will see that this report shows I was stationary and the driver of the emergency vehicle failed to control his vehicle adequately at the time of the accident. I was clearly not at fault. I have attached a copy of this accident report for your review.

Thankfully no one was injured and this accident was minor in nature. But I did receive damage to my truck and wish to be reimbursed for my expenses. I purchased a replacement mirror from Braeger Chevrolet and installed this myself. I wish to be reimbursed for this cost and would be appreciative of your prompt attention to this matter. I do not even wish to be paid for my labor and time involved with this but would be satisfied with the cost of \$586.91 reimbursed to me as soon as possible.

Thank you for your attention to this matter and please let me know if there are any questions you might have.

REZART JOLLA
