To Whom It May Concern:

On 12/23/17 at 12:10pm, my children & I were on the unnamed "frontage" road between Walgreens & Empower Credit Union that leads south towards Sam's Club (see attached map). At the corner of this road & Orchard Street (directly in front of Safelite Auto Glass), I stopped & then proceeded to turn right on Orchard Street. However, there was no curb to stop my back-passenger tire as I made the corner, and my back tire immediately dropped into a deep hole between the sidewalk & the road. Due to the large crash I immediately got out & inspected the car & area. A portion of the molding had broken off & the entire area at the bottom of the door was damaged. I went into the Safelite Auto Glass & to discuss the damage & was told by the employee that people are coming in all the time to report damage, but that it is not the company's responsibility, and instead the city that is responsible for that section of road between the sidewalk & road. As I was literally headed out of town for the holidays, I took the 1st set of pictures & left.

On 12/31/17 I returned to the area to measure the depth of the hole & to take additional pictures. It had since snowed, but there was minimal snow and I was able to measure the drop off is between 7-8". I also immediately noticed there were multiple pieces of cars on top of the snow that were not even from my vehicle, confirming what the Safelite employee had said.

This is a dangerous situation as there is no curb coming down the slight hill to prevent you from hitting this hole. I'm asking for the city's consideration to pay damages to fix my vehicle as this could have easily been prevented by several methods: filling the hole with dirt to bring it level to the ground; installing a curb to prevent tires from hitting; putting a flag or cone to indicate a dangerous area.

I received 3 estimates & all are attached:

- \$527.58 – CarStar Auto Body
- \$1,026.98 – ABRA Auto Body
- \$618.28 – Allis Auto Body

I am asking for an amount of \$618.28, the middle estimate, knowing the lowest estimate will likely increase due to additional damage discovered during the repair process. I've also attached photos showing the damage & the area in question.

Thank you for your consideration of this claim.

Preliminary Estimate

Customer: Trapp, Marnie

2010 DODG Charger SXT RWD 4D SED 6-3.5L Gasoline SMPI

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide DE3PB06, CCC Data Date 12/14/2017, and potentially other third party sources of data; and (b) the parts presented are OEM-parts manufactured by the vehicles Original Equipment Manufacturer. OEM parts are available at OE/Vehicle dealerships. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships. OPT OEM or ALT OEM parts may reflect some specific, special, or unique pricing or discount. OPT OEM or ALT OEM parts may include "Blemished" parts provided by OEM's through OEM vehicle dealerships. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2017 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.
