Dear Jason,

Recently, I sent a letter to you relating to your behavior while attending the Adult Anime program at the West Allis Public Library. In that letter, I asked you not to attend future Adult Anime programs.

However, during the meeting of the West Allis Public Library board on April 23, 2025, the board and I discussed if there was a way for you to continue attending the program while still recognizing that your behavior must improve and not be disruptive.

The library board decided that if a responsible chaperone or family member attends the program with you, then you are welcome to continue attending the Adult Anime program at the West Allis Public Library.

Sincerely,

Michael Koszalka, Director
