Dear Mayor Bell:

I have exciting news regarding new channel additions we've made to the Digital Cable line-up. I am happy to report that Time Warner Cable's HDTV Channel 510, WMVS is now providing 24 hours of HDTV programming! In fact, within the next two weeks Milwaukee Public Television will rename channel 510, MPTV HD to reflect their new program schedule.

Time Warner Cable has also introduced two new iControl channels on our "Favorites on Demand" line-up. The first, TechTV is now on Demand channel 1103, and airs episodes in the following categories: *Games and Anime*, *Help and How-To*, *Documentaries*, *Product Reviews* and *All Shows*. The second new Favorites on Demand channel is Court TV, which can be found on channel 1121. Court TV on Demand airs the best in investigative programming including riveting dramas, documentaries and forensics programming from series such as: *Dominick Dunne's*, *The System*, *Body of Evidence*, and *Forensic Files*.

Take a look at Time Warner Cable's iCONTROL Favorites Lineup and stay tuned for more exciting programming additions:

1100	Food Network on Demand	1121	Court TV on Demand
1101	DIY on Demand	1130	A & E on Demand

Don't forget to ask about our New Digital Video Recorders that gives customers the ability to decide when and what they want to watch, when the shows begins, and how often they want to watch it. They *never miss a moment of the action*. Along with the power to fast forward and rewind, they can pause live TV until they're ready to start watching. Time Warner Cable continues introduce new products that will give our customers more choice and greater variety to meet their entertainment needs. I will continue to keep you updated as each new service becomes available!

Sincerely,

Celeste Flynn  
Director, Public Affairs
