Re: Former Crawdaddy's, 6414 W. Greenfield Ave.

To maintain shoring during project at Crawdaddy's, remove cement poured last year, stabilize the telephone pole, excavate half the area 4' in depth, under pin area with concrete, pour footing, run block up, excavate second area, under pin, pour footing, run block up. The footing will be 2' wide 1' thick with (2) #4 rebar running horizontally. There is more excavation and stabilization to be done but shoring is done.....\$42,777.00

To come back and re-shore.....\$7,500.00

TOTAL PRICE QUOTE.....\$50,277.00

Additional Pricing:

Rental of shoring: 30 days after we come back and re-shore - rental fee for the shoring is \$50.00 per day.

Thank you.
