Dear Mayor Devine,

My name is Jason Williams and I live near the corner of 63rd St. & Mitchell. Recently, a proposal to expand a special use and extend a liquor license at 6201 W. Mitchell Street for the HD Hideout bar was accepted and scheduled for Plan Commission review and a public hearing at Common Council. I have great concern regarding this proposal and the precedent that could be set for future proposals like this one in primarily residential neighborhoods.

I have contacted my aldermen, Mr. Czaplewski and Mr. Vitale, as well as staff in the Planning Department and expressed detailed concerns regarding this proposal. In addition I have drafted the attached letter for consideration by your office and the Common Council. A copy of this was provided to Ald. Czaplewski and Steve Schaer. I will also submit a hard copy to the Clerk's office on Friday.

Sincerely,

Jason Williams

Dear Mayor Devine:

My name is Jason Williams and along with my wife and child we own and live in a home near the HD Hideout. In addition to our family, we rent out our upper unit to a woman who also has a small child. I have been a West Allis resident for 7 years and we have lived at this residence for the past 6 years.

The existing special use to allow a bar at 6201 W. Mitchell St. is currently contained wholly inside the building. The owner is proposing to expand the existing special use and liquor license to outside the building. This proposal to expand this use and license to an outdoor area will negatively impact the surrounding residential neighborhood and the people who live there.

I want to step aside from this proposal for a moment and share with you what it's like to live in this neighborhood. In one regard it is enjoyable because it is primarily a residential neighborhood. We also live close to a barbershop, church, the farmer's market, Liberty Heights Park, Horace Mann Elementary and some really good restaurants. These are strong, positive attributes. But there are also some negative attributes that at times outweigh the positives.

I would like to call attention to several issues that may be unrelated to the HD Hideout, but they will put this proposal within the overall context of this neighborhood. First, trash in the neighborhood is prevalent and routine. Trash is in the street, alley and in the yards. This neighborhood truly lives up to the "Dirty Stallis" moniker. I'm not amused by that description and I'm embarrassed by it. We hear about it often from visiting friends, family and coworkers. Along with the trash, we see and deal with graffiti. In fact, our garage was spray painted with gang graffiti last summer. But there's also activity that spills over from the two bars – HD Hideout and June Bugs. Often times involving verbal altercations that occur late at night or early in the morning with yelling and foul language and also loud music coming from the bars and drunken driving. I have even witnessed people defecating and urinating in the alley.

Unfortunately, that's the reality of living here. Taken individually I think a resident can deal with these issues. I cleaned the graffiti off my garage, each day I pick-up the debris that blows into our yard and I periodically sweep up trash from the alley. Also, I am cognizant of the fact that we purchased a home next to a bar and we accept certain levels of noise and activity that come from inside the bars. But this proposal and any future ones like it go well beyond the current level of activity.

When you take all of these issues together and put them within the context of a residential neighborhood it raises many questions as to whether or not the City should allow an intensification of a bar use in a residential neighborhood. This is not a commercial area or corridor where outdoor dining would be appropriate; this is a primarily residential area of the City.

In talking with neighbors there seems to be confusion as to the impending State smoking-ban law that may be prompting this request. The State smoking-ban law allows for bars and restaurants to have an outdoor area for smoking. The law may allow this to happen, but it does not entitle an owner to have an outdoor area for smoking. Entitlement needs to be obtained by meeting local regulations which uphold the health, safety and welfare of the community. A more critical point is that in regard to this proposal, the smoking-ban law is clearly a separate issue from a proposal to expand a special use and liquor license to an outdoor area of a bar located within a residential neighborhood.

I also understand that with proposals like this one the City often compromises with the applicant to appease public concerns. These compromises often include restrictions, such as limiting hours of operation, prohibiting music and requiring landscaped screening. These site design features would not be effective in such a tightly compacted

May 19, 2010

Page 2

residential area. Screening and limited hours of operation do not stop nuisances; they only limit them to a minimal effect.

Furthermore, similar proposals are often approved with the condition that police calls be monitored going forward and if problems arise or continue the City may consider review and possible revocation of the special use permit. The burden of managing nuisances should not be put on citizens through calls for service to the police department when discretionary and timely action by the Council can proactively prevent such nuisances.

West Allis suffers from an image problem. It is individual proposals, like this one, however small and seemingly insignificant it may be; that add to the collective pile of issues that create this image problem. Does the City want to add to that pile, or continue to take things off of that pile?

The City has the discretion to deny this request. The expansion of a special use is not permitted by right, but rather by a discretionary process that requires public input. The City is by no means obligated to approve this project or even approve it with conditions.

We ask the Council to not only deny this request but also consider the following questions before acting on similar proposals that may come before the City in the future:

- What is the image the City wants for its residential neighborhoods? Does the City want to send the message and create the image that bars take precedence over the peaceful character of residential neighborhoods?
- Is it appropriate to expand and intensify a bar use in a tightly compacted residential neighborhood?
- Do site design restrictions and reactive monitoring of police calls truly protect the character of residential neighborhoods? Are those effective policy tools?
- What policy tools are currently in place that will help the City handle future outdoor dining requests on properties that abut residential homes? Allowing a disruptive, incompatible use to exist alongside a residential neighborhood by special use is not sound policy and will lead to long term problems, costs and degradation of the neighborhood. All of which outpace any perceived short term benefits.
- Does the current draft of the Comprehensive Plan consider, promote or protect the peaceful, quiet enjoyment of residential neighborhoods by its citizens?
- We ask that the Council consider adopting a temporary moratorium prohibiting the extension of liquor licenses and expansion of special uses to outdoor areas associated with businesses that operate substantially as bars or taverns and are located on properties abutting residential homes. We also ask that this moratorium be kept current until the implementation of policy that effectively protects residential neighborhoods or prohibits these uses from locating next to them.

In summary, this comes down to what standards and expectations the City will establish in a primarily residential neighborhood. What precedent will be set? What kind of image and activity will the City support and promote in a residential neighborhood? Or put bluntly, what is more important to the City, the functional operation of bars, or the protection of residential neighborhoods?

Sincerely,

Jason & Heather Williams

Allowing a disruptive, incompatible use to exist alongside a residential neighborhood by special use is not sound policy and will lead to long term problems, costs and degradation of the neighborhood. All of which outpace any perceived short term benefits.
- Does the current draft of the Comprehensive Plan consider, promote or protect the peaceful, quiet enjoyment of residential neighborhoods by its citizens?
- We ask that the Council consider adopting a temporary moratorium prohibiting the extension of liquor licenses and expansion of special uses to outdoor areas associated with businesses that operate substantially as bars or taverns and are located on properties abutting residential homes. We also ask that this moratorium be kept current until the implementation of policy that effectively protects residential neighborhoods or prohibits these uses from locating next to them.

In summary, this comes down to what standards and expectations the City will establish in a primarily residential neighborhood. What precedent will be set? What kind of image and activity will the City support and promote in a residential neighborhood? Or put bluntly, what is more important to the City, the functional operation of bars, or the protection of residential neighborhoods?

Sincerely,

Jason & Heather Williams

To Whom it may concern,

Regarding the Special Use permit for extension of premises and to establish outdoor dining at HD Hideout (6201 W. Mitchell).

I am the owner/landlord of the adjoining property at 6205-07 W. Mitchell and I object to any extension or establishment outdoors to further disturb my tenants rights to quiet enjoyment of my property. Furthermore, the patrons have over the years, caused significant damage to my property, ^(broken fences, trampled potters, etc.) have used the area between the buildings as a urinal, trash can, etc. It is difficult to rent these units because of the noise and amount of loitering around the property as it is.

Respectfully,

2

To Whom It May Concern

I am writing to you to have my opinion on record about the request for a special use permit for HD Hideout. My name is Debbie Dakins. I live at 6207 W. Mitchell St. which is the building right next to HD Hideout. I am strongly against HD Hideout expanding in any way. It is already very loud in my back yard sometimes and the music is so loud that I can not hold a conversation with my kids, my husband or any of our guests. There have been beer bottles and other items thrown over the fence that separate our back yards even though there isn't supposed to be any patrons of the bar drinking in the back yard. Patrons of the bar go in between the bar and my home and use it as a restroom, for sexual acts, or to buy, sell and or use drugs. There are so many problems with that establishment inside and out to the point that sometimes I can't let my children outside to play. If the patrons were allowed to smoke and drink in the back yard my children would be exposed to second hand smoke when they are in their own back yard. My children would also be exposed to the bad words and who knows what other inappropriate conversation topics (sex, drugs) when the patrons of the bar are talking in the back yard. My children should be able to play safely in their own back yard with out having to worry about these things. I want my children to have the freedom to be able to play in their back yard whenever they want to. I am very concerned because the crowd could get so rowdy that a fight could break out and someone could get thrown through the fence and cause a severe injury to one of my kids. The back yards in the city of West Allis are not very big, my kids swing set is right next to the fence that separates our backyard from the bars back yard. As it is my children rarely get to go in the front of the house and ride bikes or play because the patrons of the bar are out there on their cell phones, arguing with one another, or stumbling down the sidewalk. The patrons have also vomited on my front lawn which is right next to the door that faces Mitchell St. If you would like to see any of these problems first hand you are welcome at any time to come over to my home and see and or hear what goes on. Please for the sake of my children and I don't take away our ability to enjoy our back yard. When we moved in almost 7 years ago HD Hideout was not open. Since the bar opened there has been nothing but problems. Please do not allow this establishment to cause further problems by allowing them more space.

Thank you so much for your time,

Debbie Dakins

My name is Jennifer Fintak. I live directly across from HD Hideout. I am aware of the new smoking rules and have been concerned how they would affect the neighborhood. I do not have a problem with the bar at this time. I was concerned about a lot of people standing around outside where my children play. I am glad to see that the tavern is taking action and providing a place where my children and I do not have to see them smoke all the time.

Fight

Dispatched: 318

Officer Marks reports: On 08/04/06 at 0054hrs, Officers responded to a fight outside of HD's Hideout, 6201 W. Mitchell St. Upon my arrival, I spoke with Kim M. Bonn, who informed me she was arguing with her boyfriend, Raymond C. Porth. Porth left prior to officers arrival. I also spoke with Debbie A. Kloss, who lives across the street from the bar. She confirmed that Bonn and Porth were arguing and there was no physical contact between the two. Bonn was sent on her way. Officers attempted to locate Porth but were unsuccessful in locating him.

Pto Herkowski reports...

On 08/05/06 at 0231hrs, I was dispatched to HD Hideout, 6201 W. Mitchell St. for several parties fighting. Timothy A. Porth stated he was jumped by several people after he asked them to leave at bar close. Porth stated he was struck several times. He believed it may have been a misunderstanding as they did not know he was helping the bartender out. He did not wish to pursue charges. WMPD was out with a vehicle who was involved in the fight. I spoke with John R. Rau, who stated he was also struck in the face, but not by Porth. He stated he did not wish to pursue any charges. All parties were advised to refrain from contact or any further incidents.

Officer Scott reports...

On 08/13/06 at 0210 hrs, I responded to HD Hideout at 6201 W. Mitchell St. for a vandalism. Tanja M. Hocken (f/w, 10/20/71), the bartender, stated that she attempted to get approx. 5 people to leave the bar at bar close. After the group was outside, a male started kicking the outside of the door. A female yelled at the bartender from the outside and punched out a 8"x4" window on the door. The group left southbound in a dark Chevrolet (448HGR). The plate listed back to a party out of Cudahy. Follow-up to be done on the incident.

Belli reports: Officers responded to the HD Hideout for a report of a theft of a wallet. Officers spoke with Robert J. Hauser who said he suspected Roxanne DuFay of stealing about \$375 from his wallet when he and Dufay started "messing around" in his vehicle after leaving the HD Hideout together. DuFay had several hundred dollars in currency in her check book, but no one witnessed her stealing the money and she could account for having several hundred dollars in her purse. Hauser was advised to not leave bars with strangers anymore.

Hartmann...**Burglary**...No Suspects

On 10/01/07 at approximately 0540hrs officers responded to 6201 W Mitchell St (H-D Hideout) regarding a burglary. On scene officers met with owner of the bar Carol A Jackson (11/04/58) who stated that between 0200hrs and 0510hrs an unknown actor burglarized the business. Forced entry occurred to a window in the rear of the business. The window had security bars which were removed. Stolen items include: a cabinet (value \$100.00), several secure mailboxes (value \$220.00), cash register (value \$140.00), cigarettes (value \$75.00), and approximately \$1,650.00 in cash (total value \$2,185). In addition, approximately \$1,200 in damage was caused to the jukebox. Surveillance video shows one subject M/W, approximately 6'00", thin build, wearing a grey hoodie with writing on the front, and blue jeans in the business at an unknown time. Owners did not recognize subject. The business does not have an alarm system. Owners were advised to make a copy of the surveillance video for the police department.

Call Detail Report

Officer Noche reports...DV/DC

On 01/01/2009 at about 0200 hrs, I responded to Fiddlers Green, 6108 W Burnham, regarding a female subject who wanted police to escort her to her home. I met with the complainant, Collette J. Nycz (f/w, DOB 08/20/1975), who that she was at HD Hideout, 6201 W Mitchell, with her fiance, Nathan P. Kirkwood (m/w/, DOB 11/12/1979).

Nycz stated she was speaking to another male at the bar, Kirkwood became jealous and grabbed her neck. Nycz had a small abrasion located on the rear of her neck. Nycz left HD Hideout and called WAPD from Fiddlers Green. I gave Nycz a courtesy ride back to her residence, 1706 S 58 St, where I completed the 72 hour no contact order paperwork.

Nycz advised officers that Kirkwood was still at HD Hideout but I was unable to locate him at that location. Kirkwood was booked out of custody, a CR-215 was completed along with an apprehension request. The case will be reviewed by the DA's office on 01/02/09 at 0830 hrs.

Pto Herkowski reports...On 12/23/09 at approx. 0053hrs, I was dispatched to HD Hideout, 6201 W. Mitchell St. for a possible fight. The caller stated the combatants may have gone into the tavern. I spoke with the bartender, Andrew T. Riding, who stated he did not see anyone fighting of anyone inside who had just came in and fought. No one matched the description of shaved heads and fur lined coat. I advised him to call if there were any problems.

Officer Porter reports...On 04/18/10 at about 0231hrs officers responded to HD Hideout where citizens were concerned about a male party pushing a baby in a stroller. I observed the individual in question in the Dinette Showcase parking lot. Contact was made with [REDACTED] and [REDACTED] stated he was walking to a friend's house to collect money and did not see any problem with having [REDACTED] out at that hour, in 35 degree temperatures. [REDACTED] and [REDACTED] were given a courtesy ride back to their residence. No other problems.
