D. NEW AND PREVIOUS MATTERS

2. [20-0113](#) Site, Landscaping and Architectural Plans for Aspen Dental, a proposed dental office, to be located at 10707 W. Cleveland Ave. submitted by Boulder Venture (Tax Key No. 519-9996-001)

Attachments: [Aspen Dental \(SLA\)](#)

Recommendation: Plan Commission chose option 2 (deny the request as submitted)

Plan Commission Options

As submitted, staff does not support the proposal which the applicant is requesting be considered for approval. Staff sees five potential options for

moving forward on this proposal.

1. *Plan Commission approves the applicant's request as submitted.(Not recommended)*
2. *Plan Commission denies the request as submitted. Plan Commission approves the request as submitted with conditions of approval.*
3. *Plan Commission approves the revised design with conditional of approval.*
4. *Plan Commission holds the item.*

Conclusions

The applicant and the City have not been able to reach a compromise on this proposal. Staff understands that the current contractual agreements of the applicant present challenges. Each of those contractual agreements has a monetary value at the negotiation table (likely much higher than the additional costs the applicant would incur under staff's proposed plan). Staff believes it is the responsibility of the developer to balance the needs of their contractual agreements with the needs of the City, and to do their due diligence to meet City standards and establish a quality project for the public at large. Staff does not believe this balance is being met under the current proposal and does not recommend approval of this plan as submitted.

A motion was made by Wayne Clark and seconded by Brian Frank to deny the proposal as submitted as the Site, Landscaping and Architectural Plans as submitted did not meet the expectations or requirements of the City's Zoning Code or Design Guidelines as it relates to building location, landscaping requirements, signage building materials and architectural design. The applicant may appeal the Plan Commission's decision before the Common Council.

The motion carried unanimously.
