 Author Assignment 7
 Narrative Text Went to review smoke issue. See E1 report for findings. While there, inspected apartment and common area. Found two violations: smoke alarm in hallway battery not connected (when connected it was chirping - low battery) and no CO detector in common area (gas stove in apartment #2). Owner notified by phone - message left on voicemail. Inspection report completed and mailed. Also, storage found in hallway.

Owner also notified of damage to the door. The tenant stated he would also call. Tenant stated that smoke alarm did not always work. All smoke alarms were older and appeared more than 10 years old. All recommended to be replaced.

Author Assignment	1
Narrative Text	E1 responded to an apartment fire. On arrival B1 assigned us to investigate. I spoke with the occupant of apartment 4 who stated there was no smoke in the hall but the smoke detector in apartment 2 was sounding. I took my crew with a water extinguisher to the second floor and felt the door which was not hot. I told my crew to force the door due to the smoke detector sounding inside. There was a metal plate on the door jam and the door was double locked with a long throw on the dead bolt. This resulted in significant damage to the door when we forced entry. We then removed the cover and battery from the smoke detector after finding a dead cat with incense burning next to it on the floor. I relayed this info to B1 who cleared all units. B1 gathered info and cleared E1 shortly thereafter.

Author Assignment	1
Narrative Text	At 1105 hours on Friday August 29, 2014 we were dispatched to a smoke scare, odor of smoke. Eight units were assigned to this incident. Twenty-one personnel responded. We arrived on scene at 1106 hours and cleared at 1125 hours. The incident occurred at 7119 W Greenfield Ave, West Allis in District 453. The local station is 1. The general description of this property is food and beverage sales, grocery store. The primary task(s) performed at the scene by responding personnel was investigation. No mutual/automatic aid was given or received.

Alarm number 1405417 has been assigned to this incident.

B1 was dispatched to a full assignment apartment fire. On arrival B1 assumed command of a two story 1st floor commercial/2nd floor apartments with nothing showing. E1 was ordered to investigate the second floor for cause of alarm, M1 was ordered to investigated exterior charlie side.

1110hrs E1 reports no smoke in common 2nd floor hallway and they were going to force entry into apartment #2 because their smoke detector was sounding.

1110hrs M1 reports nothing showing charlie side

1111hrs E1 reports that they made entry into apartment #2 and found cause of alarm to be a smoke detector activated by burning incense --no flame or fire.

Narratives

1113hrs I cleared all apparatus with the exception of E1 and B1.

I spoke to the occupant of apartment #2 Jeremy Witter. Jeremy stated that his cat died this morning and he lit some incense in a tray. He felt distraught and went for a short walk. When he came back from his walk he realized the fire department on scene because his smoke detector was sounding. I informed him that in the future do not leave unattended burning products. He apologized and stated that he would contact the owner concerning getting a new smoke detector for his unit and informing him of the damage to his entry door.

B1 cleared.

After returning to the fire station I called and left a message for owner Marty Stern. I informed him that he needed to replace the smoke detector in the second floor hallway and apartment #2, I also informed him that he needed a CO detector in the second floor hallway.
