DOWNTOWN WEST ALLIS RECEIVES 2016 NATIONAL MAIN STREET ACCREDITATION

Downtown West Allis has been designated as an accredited Main Street America™ program for meeting rigorous performance standards set by the National Main Street Center. Each year, the National Main Street Center and its Coordinating Program partners announce the list of accredited Main Street America programs in recognition of their exemplary commitment to preservation-based economic development and community revitalization through the Main Street Approach®.

“Once again, we are thrilled to recognize this year’s nationally accredited Main Street America communities for their outstanding work,” says Patrice Frey, President & CEO of the National Main Street Center. “We are experiencing an exciting era for America’s cities and towns, with a growing recognition of the importance of strong local enterprise, distinctive character, engaged residents, and sense of place. These are things that Main Street America programs have been working to protect and advance for years, strengthening the economic, social, and cultural fabric of communities across the country.”

The organization’s performance is annually evaluated by Wisconsin Main Street, which works in partnership with the National Main Street Center to identify the local programs that meet ten performance standards. Evaluation criteria determines the communities that are building comprehensive and sustainable revitalization efforts and include standards such as fostering strong public-private partnerships, securing an operating budget, tracking programmatic progress and actively preserving historic buildings.

Main Street America has been helping revitalize older and historic commercial districts for more than 35 years. Today, it is a network of more than 1,000 neighborhoods and communities, rural and urban, who share both a commitment to place and to building stronger communities through preservation-based economic development. Since 1980, communities participating in the program have leveraged more than \$65.6 billion in new public and private investment, generated 556,960 net new jobs and 126,476 net new businesses, and rehabilitated more than 260,000 buildings. Main Street America is a program of the nonprofit National Main Street Center, a subsidiary of the National Trust for Historic Preservation.

PROJECT TASK

The mission for this project came from the Downtown West Allis Business Improvement District. Their guidance provided the foundation of the project's overarching goals:

To help develop a more unique identity and physical space that promotes a more inviting environment for visitors to the downtown.

PROCESS & BACKGROUND

The project incorporated several forms of public engagement, including an online survey, in-person surveys on the street, stakeholder interviews and a public workshop.

ANALYZATION AND RECOMMENDATIONS

Municipal Parking Lots - Recommendation: *All parking signs in the rear lots be redesigned and placed in different locations. Switch the order of the two major signs and make both of them much more explicit.*

Bike Lanes - Recommendation: *Adding a 1 1/2 foot buffer in between the existing bike lane and the vehicle travel lane. Adding this buffer will increase bicyclist safety and by moving the danger of speeding cars further from the bike lane. The change will reduce the vehicle travel lanes from 12 1/2 feet wide to 11 feet, which is the current NACTO recommended lane size for roads with significant bus and truck traffic. The visually narrower lane will also reduce automobile speeds slightly, which will improve safety for pedestrians, bicyclists, and vehicles alike.*

Crosswalks - Recommendation: *Use high-visibility thermoplastic in more complex, noticeable crosswalk patterns. This change will improve the visibility of crosswalks, Which improves driver yielding behavior to pedestrians and overall safety.*

Gathering Space - Recommendation: *Placement of wooden chairs and tables would be screwed into temporary flooring. Trees and other landscaping would create a friendly gathering space.*

Public Art - Recommendation: *Business murals present an opportunity for public art that has the incentive of greater promotion for business owners.*

Kiosk Signage - Recommendation: *Street level kiosks can provide information about businesses, maps and historical aspects of the area. They can both help define the area with a cohesive look and advertise specific events or businesses.*

Goal: Grow Economic Mix and Vitality

Objective: Expand business mix to include greater variety of businesses, add destination businesses and entertainment attractions to encourage longer customer visits.

Measurement and Tracking: Visitor survey, district rental rates and property values, addition of entertainment businesses

1-Year Activities: Goal set for 2016

- Complete inventory of spaces and properties to identify new business opportunities and match spaces to targets.
 - **Vacancy rate of 5% - continue to help property owners fill vacancies.**
- Identify short list of complementary businesses and target for recruitment (i.e. ice cream, deli, entertainment).
 - **Reaching out to business owners that are looking to expand or relocate.**
- Identify underutilized properties and conduct owner outreach to establish plan for renovation and/or leasing. Potentially identify private investors to purchase properties as needed.
 - **Two business owners downsized their operations to make room for two other business owners.**

3-Year Activities: Goal set for 2018

- Launch matching grant/loan program to rehabilitate or build properties to create spaces necessary to expand commercial and residential options in district. **In progress**
- Identify underutilized parking lots or sites and promote redevelopment to include additional mixed-use and residential options. **In progress**

5-Year Activities: Goal set for 2020

- Explore opportunity for BID to purchase and rehabilitate property to serve as an incubator for entrepreneurs and small retailers in the district. **In progress**

Follow-up Comments & Recommendations: Identifying underutilized properties, talking to the owners and identifying several properties with willing owners which can be marketed for re-use, potentially together with incentive dollars will help move this initiative forward. In cases where current owners are not interested, able or willing to renovate but would consider selling, a pool of developers or local investors will need to be identified to help successfully transition these properties.

West Allis Downtown

In addition to continue the execution and promotion of the successful events and initiatives, the 2017 Downtown West Allis work plan will feature the following:

- Host additional business educational classes (social media and event promotions)
- Host a volunteer recruitment night as well as a volunteer luncheon to recognize community partners.
- Market and promote Signage and Marketing funding opportunities.
- Complete security camera project in our municipal parking lots.

City Role

The City of West Allis is committed to helping private property owners in the District promote its development. To this end, the City intends to play a significant role in the creation of the Business Improvement District and in implementation of the Operating Plan. In particular, the City will:

- Encourage the County and State governments to support the activities of the District.
- Monitor and when appropriate, apply for outside funds that could be used in support of the District.
- Collect assessments, maintain the funds, and disburse the funds of the District to the BID along with an identification of those BID assessments included in the disbursement.
- Obtain and review annual audits as required per Wis. Stat. sec. 66.1109(3) (c).
- Provide the BID Board through the Assessor's Office on or before September 1 of each Operating Plan year with the official City records on assessed value for each Parcel Identification Number within the District, as of that date in each plan year, for purposes of calculating the BID assessments.
- Adopt this Operating Plan in the manner required by Wis. Stat. sec. 66.1109.

Required Statements

- The Business Improvement District law requires the Operating Plan to include several specific statements:
- Wis. Stat. sec. 66.1109(1)(f)1m: The District will contain property used exclusively for manufacturing purpose, as well as properties used in part for manufacturing. These properties will be assessed according to the formula contained herein because it is assumed that they will benefit from development in the District.
- Wis. Stat. sec. 66.1109(5)(a): Real property used exclusively for residential purposes and real property that is exempted from general property taxes under s. 70.11 may not be specially assessed.

Severability and Expansion

- This BID has been created under authority of Wis. Stat. sec. 66.1109.
- Should any court find any portion of the BID law or this Operating Plan invalid or unconstitutional, said decision will not invalidate or terminate the BID and this BID Operating Plan should be amended to conform to the law without the need to reestablish the Operating Plan.
- Should the State amend the statute to narrow or broaden the purposes of a Business Improvement District so as to, among other things, exclude or include as assessable properties of a certain class or classes of properties, then this BID Operating Plan may be amended by the Common Council of the City of West Allis as and when it conducts its annual budget approval without necessity to undertake any other act.
- All of the above is specifically authorized by Wis. Stat. sec. 66.1109(3) (b).
- If it is determined by a court or administrative body that a parcel of property not subject to general real estate taxes may not be included within the District, then such parcels shall be excluded from the definition of the District.
