RE: Repair Damaged Garage Roof Overhang

Dear Brenda,

In accordance with your request and our onsite inspections, we are pleased to provide you with the following quote.

Detached Garage Damage Repair

- The gutter, apron flashing, fascia metal, fascia board, decking, and soffit on the corner of the detached garage may have been damaged from a vehicle hitting it. It is impossible to determine the exact extent of the damage until we dismantle this area.
- All the damaged materials will need to be removed and replaced with new material to match existing color and profile.

Please budget \$3,300.00 for the scope of work described above.

Note: All work to be performed in a first-class manner by experienced union roofing and sheet metal mechanics thoroughly familiar with the above scope of work. In addition our employees will be covered by worker's compensation, public liability, and property damage insurance while working on this project.

Thank you for the opportunity to provide you with this information. Please contact us if you have any questions.

Sincerely,

LANGER ROOFING & SHEET METAL INC.

NARRATIVE

T.I. Sohre reports...

I responded to Schaf Funeral Services, 5920 W. Lincoln Ave., on report of a hit and run crash on June 6th, 2025, around 0716hrs.

I was provided with video of the crash as a S/B garbage truck in the 2200blk alley of S. 60th St. / S. 59th St., attempted to make a left turn to go E/B. In maneuvering the garbage truck struck the garage at 2259/61 S. 59th St., and a WE Energies utility pole in the 5900blk of W. Lincoln Ave. (Alley).

I contacted West Allis DPW who was able to confirm the crash and provided me with the vehicle and operator information. I was advised the crash had been reported the day in question but there had been a breakdown in communications. I took several photos of the damage sustained to the garage and pole, as I also uploaded a video of the crash, which was captured by the business.

Crash report completed to document the incident.
