Discussion and action taken during open session.

Patrick Schloss presented a staff overview and outlined meetings held with FIRE and Valentine Coffee.

Mr. Monnat presented a status summary and explained his request for extension and indicated many items are taking place, with spending on plans and specs. This is a small project with a complicated Phase 1, and an accelerated Phase II. SONA is working with the Building & Neighborhood Services Dept. on early occupancy as outlined in the letter of intent.

With a questionable construction start date, there is the likelihood that Mr. Monnat will be back to request latitude as granted in the previous phase.

Wayne Clark inquired on who was responsible for paying back the EPA loan, and received confirmation that the developer repays the loan.

Karen Gale questioned and received confirmation that a June 15th date was sufficient and acceptable.

Don Nehmer requested further clarification as to what was being requested/changed by the committee with this Resolution.

Patrick Schloss stated the easement and staging soil agreement are part of the purchase and sale documents and the land is currently owned by the CDA. This allows continued access to the land.

The committee agreed to leave the July 1, 2022 date in the Resolution and to amend the resolution to add an item #4 - By this action the CDA can extend the staging and grading temporary agreement to July 1, 2022.

An original motion to approve was made by Ald. Weigel, seconded by Mr. Clark. Following additional discussion the Resolution was approved as amended and noted below.

Shaun Mueller provided an updated on the Letter of Intent from Baum Revision, LLC, and their request for an additional 90 days, along with the actions taken to date and explained that the original 60 days was never meant to be a firm date, but more of a date to bring the item back for discussion.

Wayne Clark questioned the topic of sewer failure and who would be the responsible person to issue payments.

Patrick Schloss explained their are multiple payment sources going into the project cost and the funds would come out of the joint pool of funds.

Don Nehmer inquired on whether the resolution should be edited to reflect these items.

Ald. Weigel questioned if potential tenants and users would face conflicts with Makers Row, and received confirmation that there will be different user types at both locations.
