CERTIFICATION

September 13, 2011

I hereby certify that the attached is a true and correct copy of Ordinance No. O-2011-0051,
An Ordinance to Amend Section 1.020(1) of the West Allis Revised Municipal Code
to divide the City of West Allis into wards based on the published results of the
2010 Federal Decennial Census of Population and 2011 Wisconsin Act 43.

Paul M. Ziehler

City Administrative Officer, Clerk/Treasurer

Enclosures (3)

supervisory district plan until superseded by a valid plan enacted by the county board. [59.10 (6)]

Step 2 – 59.10 (3) (b) 2.

The second step in the process requires the county board to hold a second public hearing and adopt a final supervisory district plan. This is to occur within 60 days after all the municipalities in the county have adjusted wards. All wards within a supervisory district must be contiguous, except for wards within a municipality that are wholly surrounded by water or another municipality, in which case the noncontiguous ward may be combined with its parent municipality to form a supervisory district. The county board chairperson is to file a copy of the final plan with the Secretary of State.

The complete text of Section 59.10 (3) (b) governing county supervisory districting is printed in the Appendix.

IV. ALDERMANIC DISTRICTS

The common council of a city is required to redistrict aldermanic districts within 60 days of adjusting its ward boundaries. Aldermanic districts are to be constructed from contiguous whole wards (excluding any isolated ward consisting of island territory surrounded by water or another municipality), must be as compact as possible, and must contain, as nearly as practicable, an equal number of inhabitants.

The redistricting ordinance must be adopted by a majority vote of all members of the common council. The common council is authorized to increase or decrease the number of aldermanic districts during the decade. Such action must not occur more frequently than once every two years and requires a two-thirds vote of the members of the common council.

Only towns and villages with a population of 1,000 or more are required to establish wards. However, all municipalities may be required to establish wards when necessary to create supervisory, legislative, or congressional districts of equal population. Town supervisors and village trustees continue to be elected on an at-large basis.

The text of Section 62.08, pertaining to the alteration of aldermanic districts, is printed in the Appendix.

V. REPORTING REQUIREMENTS

In addition to the division ordinance or resolution, municipalities must provide to the county clerk of each county in which the municipality is located, a list of census block numbers contained within each ward. Any split blocks must be identified and the population for each part provided, based on the April 1, 2010, reporting date. A map of the municipality showing the revised ward boundaries is also required. The resolution or ordinance, list of blocks, and map must be sent to the appropriate county clerk or clerks within five days after adoption of the ward plan.

Municipalities over 10,000 population are also required to send an additional copy of the ordinance or resolution, block number list, and map to the Legislative Reference Bureau (P.O. Box 2037, Madison, WI 53701-2037) within five days of the adoption of the ward plan.

Additional instructions will be sent concerning the format for reporting information.
