PLASTIC ONE WAS MISSING. ON 8-3 I DROVE TO

CITY OF WEST ALLIS

Down the alley and had to empty it to
put in my tonnets garbage. I received a
call from Donna's Supervisor whose name
starts with a S (SARAH, SUSAN). She said
the road workers helped the sanitation workers
move the crates and they aren't responsible
for putting them back where they took them
from!! She has me call Rob Hutter an
Engineering. He suggested I file a
claim for my time and gas to find a
garbage cart that I thought was stolen.
It was taken from my property and
none was put back, not even 1 with
the wrong serial.

It took 2 hours of my time with gas
to find it. If you move it you should
put it back where you took it from.
Just take pictures with a cell phone
before you move it
