

August 2, 2005

Honorable Members of the
West Allis Common Council
City Hall
West Allis, Wisconsin

Dear Council Members:

The City of West Allis is applying for a federal grant to assist in juvenile prevention and protection programs under the Juvenile Accountability Block Grant Program. A requirement of the program is the formation of a Juvenile Crime Enforcement Coalition.

The Coalition is charged with developing or updating a coordinated enforcement plan for reducing juvenile crime.

The membership of the Coalition must include, unless impracticable, individuals representing police, sheriff, prosecutor, state or local probation services, juvenile court, schools, business, members of faith communities, fraternal, non-profit, or social service agencies involved in crime prevention. Attached to this letter is the Coalition membership list and the segment of the community the member represents.

Your support of the program and the Coalition membership is appreciated.

Sincerely,

Jeannette Bell,
Mayor
