3. REFERENCES: WAMC 2.672

4. PROCEDURES:

a. Definitions. In this section:

- i. "Unrestricted fund balance" holds the meaning defined by the Government Accounting Standards Board (GASB), and is further divided into the following categories: committed, assigned, and unassigned.
- ii. "Contingency fund balance" means any General Fund amounts in committed or assigned fund balances not dedicated to encumbrances, capital projects, or long-term liabilities, plus unassigned General Fund balance.

- b. Contingency Amount. The contingency fund balance should equal approximately 3 months of budgeted General Fund operating expenditures,

based on the subsequent budget.

- i. Replenishment. If the City Comptroller determines that the contingency fund balance is or will be below 2 months of budgeted General Fund operating expenditures, the City Comptroller shall develop a replenishment plan and file with the Common Council. Replenishment should be completed within 3 years of occurrence.
 - ii. Transfer of Excess. If the City Comptroller determines the contingency fund balance exceeds 4 months of budgeted General Fund operating expenditures, the City Comptroller may transfer the balance in excess to general capital projects funds for use in funding capital needs approved by Council.
- c. Use of Fund Balance. Since unrestricted fund balance is a nonrecurring funding source, the use of unrestricted fund balance to cover a General Fund budget deficit should be avoided. However, if used to balance the General Fund budget, a plan shall be developed to prevent continued use of unrestricted fund balance going forward. This plan must be included in the proposed budget.
- d. Emergency Expenditures. WAMC 2.672 shall control expenditures during emergencies.
- e. Commitment of Funds. Commitments of unrestricted fund balances are secured and released only by action of the Common Council.
- f. Assignment of Funds. Assignments of unrestricted General Fund balance may be secured and released by the City Comptroller.
- g. Order of Use. Where applicable, restricted funds are to be spent first, followed by committed funds, assigned funds, and lastly unassigned funds.
