CITY OF WEST ALLIS  
CLERK/TREASURER

To Mayor Devine  
and the Common Council

I am writing to you requesting that you do not renew the liquor license for the Remedy Bar 1309 So. 60 St.

I have lived next to this bar for over 20 yrs and have not had a problem until this past year. The current owner is Edwin Magritz of the Remedy bar.

It has gotten so bad that I had to get a restraining order against him. For over a year he has obsessively sought me out with unwanted attention. When ever I take my dogs out there he is. When I was in my garage he came in and claimed to know all about me.

I started to avoid him and it has gotten much worse cumulating in his throwing hot coffee on me, screams and yells, throws rocks at my dog.

I have had to call the W.A.P.D 5-6 times.

SETling 1/2

He has signs placed on my property and refuses to remove them. He has parked a lime colored bus on my property in front of my garage, blocking me in.

Often there is noise all night at the bar and I find litter and pieces of my fence broken and thrown in my yard along with broken glass beer bottles.

He has requested to trim a tree on my lot and instead has cut down 5 trees & grape vines and plants trampled. He had a homeless man making my driveway and ruining my plants.

Since I refused to sell him my extra lot it has gotten much worse.

He has young people going in the bar and at times streams of men lined up outside to go to the apartments upstairs usually on the weekend.

He kept his bar open all night twice in April with his daughter's birthday and a wedding party. Young people are seen smoking.

Please do not renew his bar license. Do we need this type of bar on W.A.? Sincerely  
i.e. King
