Hi on 7/16/2024 my truck was parked on the street between 76 + 77th Grant when a huge tree and tree branches fell on it. A neighbor of mine sent a pic to my boyfriend and me letting us know what happened, and thank god our neighbor did bc by the time we came home from work the tree and tree branches were already gone. The city came and removed them w/o letting me know what happened which is completely wrong! I do have pics of the damage and I also have to estimates. I never received any notification from the city about this and that was completely wrong! I have major damage to my truck that I am requesting the city to pay for. I would also request payment for loss of transportation bc I can not drive truck until it is fixed.

Check one:
