Re: 4th Quarter Funding for Educational Access
Date: 2/24/10

The fourth quarter proved a very busy time for the Educational Access Channel. Besides televising their regular bi-monthly School Board Meetings they also showed several of the intercity rivalry sporting events between Central and Hale High Schools. These events included the boys varsity football and basketball games, and the varsity wrestling match along with the girls varsity basketball games. They also did all of the home varsity football games for Hale and Central.

A number of other conference events were also televised such as boys and girls cross country meets and volleyball matches, girls swimming and diving, boys soccer and girls tennis.

December was also busy for the various school video clubs as they recorded their holiday concerts for playback on channel 13.

After reviewing the School District activities relating to the educational access channel, I recommend that the fourth quarter funding for educational access television operations be granted.

Respectfully submitted,
