CITY OF WEST ALLIS  
CITY CLERK

**June 4, 2017**

**Administrative Review Board Ref.#17-017694**

**Requesting a wavier by this board in re to my West Highland White Terriers being classified as vicious dogs!**

**Om May 15, 2017 one of my dogs bit a man as he aggressively Walked past us in a dog store. I did not see the incident and the man wasn't sure which dog bit him for certain, per the police officer who talked with me.**

**Since I am not sure just what you are looking for within this appeal I will struggle ahead.**

**Jilly and Joy were born September 4<sup>th</sup>, 2009. They are not mean or vicious animals. They both are mild mannered but noisy at times when someone comes to the house as officer Lance Meyer can attest to when he came to my house one night along with the rescue squad to transport me to Froedtert hospital emergency room. None of these strangers encountered any problems with either dog. Yes, they barked at all of them but never made any hostile move towards anyone. Neither dog tried to prevent anyone even as I was removed from the house, from doing what was necessary. Neither dog is mean or vicious!**

**I don't know why one of them snapped out to nip that man and I Am very sorry it happened. In all the 8 years Jilly and Joy have been part of my family they have never harmed anyone in anyway before this incident. They have been in other public places such as dog stores, MADACC, dog parks, out walking on city sidewalks and never any kind of an incident! While at MADACC, waiting for their rabies shots after the incident, they**

**sat quietly waiting their turn. There were people coming and going the entire time we were there. They bothered no one only barking a little at a couple of cats some people brought in.**

**When out walking the dogs people stop to pet them, without any incidents over the years!**

**Over the last 6 weeks I had several people from different agencies coming into my home, strangers to my dogs. Yet there has not been any hostile move towards anyone by either dog.**

**I am asking for a wavier from being classified as a dangerous or vicious animal. I truly believe neither dog deserves to be labeled as such.**

**Thank you**

**Cordially,**

**Charlene M. Glassman**

2136 S. 85th St

(414) 327-6582

5/30/17.

Hello, I would like to express  
about Charlene Glassman's dog.  
I have seen her in home for therapy  
twice a week for 6 weeks and  
have had no problems with the dogs.  
Both have been friendly. Very little barking.  
any questions they may  
contact me. 414-699-8658.

Thank you

Debra Baker PITA
