RE: T-Mobile Central LLC maintenance and upgrades to Cell Site ML13109D @ 8435 W. National Avenue

Shaun,

Attached are the requested Drawings and Application with associated fees for the modification to the present T-Mobile Cell Site facility at the City owned Water Tower (APN : 478-0030-001). As noted in our conversations, T-Mobile will be installing an additional cabinet within their designated Lease Parcel area, which is inside the Water Tank, and adding additional antennas behind the existing shroud. 1

T-Mobile will be upgrading its communications/data transmission services to their Cell Site. The work will include placing a small cabinet within their leased premises, adding three (3) additional antennas and two (2) additional lines of coax cable to the current installation. The additional antennas will be similar size to the existing antennas. The work is comparable to routine maintenance work that they perform, and will not interfere with City or Water Utility business or any other noted tenants. The work will be performed in compliance with non-interference requirements and with applicable laws and regulations.

Per the terms of the Lease Agreement with the City of West Allis, consent for these upgrades shall not be unreasonably withheld or delayed. I have included a Notice and of the installation request, which Christopher St. Clair, Principal Engineer of the Water Utility has reviewed and signed off on as of November 22, 2010.

Thank you for the opportunity to provide this Proposal. Please call or e-mail me with any questions or concerns which may arise prior to the December 2, 2010 Meeting.

Respectfully,

Keith A. Nyman | Site Acquisition

Re: Water Tower Lease Agreement dated December 4, 2000, between City of West Allis and VoiceStream PCS II Corporation and amended by the First Amendment to Water Tower Lease Agreement by and between City of West Allis and VoiceStream PCS II Corporation d/b/a T-Mobile Central LLC, dated September 26, 2005

T-Mobile Site: (ML13109D) (8495 W. National Avenue, West Allis, WI 53227-1733)

Dear Sir or Madam:

Please be advised that SureSite Consulting Group, LLC has been retained as an agent by T-Mobile Central LLC ("T-Mobile"). The above-referenced License Agreement authorizes T-Mobile to use its leased premises for the operation and maintenance of its wireless communications facility ("Cell Site"). We value our relationships with our Landlords, and want to keep you informed of maintenance and upgrades of the Cell Site facilities installed on your property.

This letter constitutes notice that T-Mobile will be upgrading its communications/data transmission services to our Cell Site. The work will include placing a small cabinet within our leased premises, adding three (3) additional antennas and two (2) additional lines of coax cable to the current installation. The additional antennas will be similar size to the existing antennas. The work is comparable to routine maintenance work that we do, and will not interfere with your business or other tenants. The work will be performed in compliance with non-interference requirements and with applicable laws and regulations.

Per the terms of our Lease Agreement, consent for these upgrades shall not be unreasonably withheld or delayed. Please indicate your consent by signing this letter and returning it to me. If we do not receive your response within ten (10) days of your receipt of this letter, we will consider consent granted for this work.

If you have any questions, please call me at 216-593-0400 ext. 13 or email me at h.rocker@sure-site.com.

Sincerely,

H David Rocker
Site Development Manager
