

Memorandum

TO: Board of Public Works

FROM: Michael Lewis, Director of Public Works/City Engineer

DATE: February 28, 2014

RE: Communication from the Director of Public Works/City Engineer regarding a sale of garbage carts.

The Mayor has suggested a garbage cart sale. The cost would be \$30 each. We currently sell the carts at \$45 for the 96 gallon and at \$40 for the 65 gallon (which very few people buy). The actual costs are \$47.75 and \$41.25 plus assembly and delivery.

The Mayor plans to announce the sale in his newsletter next month, but we would have a sign at the Yard and start selling the carts at the sale price immediately if approved.
