RE: Drainage Problem
2547/2549 South 84th Street

Dear Board Members:

At the request of Alderman Lajsic, we investigated a drainage problem at 2547/2549 South 84th Street. The attached plan shows that a number of adjacent properties drain to the backyard of 2547/2549 South 84th Street. The owner claims that stormwater seeps through the cracks in the garage and basement floors (we didn't see it, but it could happen).

Therefore, we are recommending that a drainage pipe be installed at an estimated cost of \$10,000. The property owner would be assessed \$1,000.

Respectfully,

Michael G. Lewis
City Engineer
