Dear Mayor Devine:

I am pleased to announce that Time Warner Cable has added Azteca America channel 577 to our standard digital line up. Azteca America is the second largest producer of Spanish-language programming in the world and the fastest growing Spanish network in the United States. Its library includes hours of general entertainment, sports, movies and telenovelas programming. Azteca America is a great programming addition for Time Warner Cable Digital cable customers.

In addition beginning August 1, 2008, the monthly subscription price for the Channel Guide Magazine increased \$.05 from the current price of \$4.00 to \$4.05 at the request of the magazine publisher. Customers were notified of this increase via a message included in their guide. *Channel Guide Magazine* is a customer's best resource for making informed decisions about what to watch on television – including providing customers with the most coverage of HD programming and movies available in print.

Effective with the September billing statements the Administrative Collection Charge will increase from \$5.00 to \$6.00 per month. A bill message was included informing customers of this increase. The Administrative Collection Charge is only accessed if a customer has a past-due balance. This charge reflects the cost of collecting past due balances.

Should you have any questions, please feel free to contact me anytime at 414. 908.4877.

Sincerely,
