DOR guidance about impact of COVID on assessed values

Assessor Williams stated COVID had a great impact on real estate. The Department of Revenue issued an opinion on how the assessor should be treating that fact. If the municipality is in a maintenance year the assessor should not take into consideration any COVID effects. During a revaluation, usually the assessor reviewed the last three years of the market but doesn't want to include this one year which was an anomaly. He further reviewed the DOR guidance and stated there are other scenarios but they are related to doing a revaluation which the City is not doing.

8. Update on previous property tax appeal cases

Assessor Williams stated last year there were nine cases which were waived to circuit court for resolution. Of those nine, only three are active (Aurora, Home Depot & Wilde Toyota). The other six either didn't file or withdrew their objection. He is planning to inspect the hospital facility and is looking at the amount of square footage allowable under the PILOT agreement, which would be for the spaces leased out to tenants/doctors. Home Depot filed but hasn't reached out to the City for discussions. Their report to the City is due July 1. Wilde Toyota held two mediation meetings with a judge and we are at an impasse. We are going to try for a third mediation because they submitted new information to consider. That will be sometime in July. Home Depot and Wilde filed additional objections will be included with the prior objections. These three cases total about \$16.9 million in tax base.

9. Review of new laws

Attorney Cerwin stated the changes are minimal which covered training requirements and removing 'osteopath'.

10. Re-affirmation of policy on procedure for sworn telephone or sworn written testimony requests

Attorney Cerwin stated the City has a policy in place and reviewed it.

Haglund moved to re-affirm the policy as recommended by the Attorney, Coley seconded, motion carried by the following vote:

No: 0

Attorney Cerwin stated the City has a policy in place and reviewed it.

Coley moved to re-affirm the policy as recommended by the Attorney, Prindiville seconded, motion carried by the following vote:

Aye: 4 - Clark, Coley, Haglund, and Prindiville

No: 0

12. Filing and summary of Annual Assessment Report by Assessor's Office

Assessor Williams reported that commercial values increased by \$25.6 million and real property increased by \$11.9 million. The DOR requires municipalities to keep their assessed value between 90% and 110%. West Allis is at 82.6% based on our raw sales estimate. If the value stays in that 80% range we will be out of compliance and have seven years to fix it, which requires a revaluation. That process is expensive and we could possibly spread it out over a few years. Also, the ratio could correct itself depending on sales and the market.

13. Receipt of the Assessment Roll by Clerk from the Assessor and sworn statements from the Clerk

Deputy Clerk Gresch confirmed the receipt of the assessment roll and sworn statements.

14. Perform Statutory Duties:**a. Examine the Roll**

16. Verify with the Assessor that open book changes have been included in the Assessment Roll

Assessor Williams stated all of the Open Book changes are reflected in the Assessment Roll presented today.

17. Allow taxpayers to examine assessment data

Residential Property Values - Residential properties saw an increase of \$3,367,400, or 0.14%, from 2021. This increase is due to remodeling, new construction, and other building improvements. New construction included three single-family houses and four duplexes. The Assessor's Office reviewed 1,950 residential sales and 297 residential building permits.

Commercial Property Values - Commercial properties saw an increase of \$14,239,900, or 1.01%, from 2021. This increase is due to remodeling, new construction, and other building improvements. The Assessor's Office reviewed 205 commercial sales and 194 commercial building permits.

Personal Property

Personal property saw a decrease of \$4,186,900. Most of this decline is attributed to one personal property account that removed leasehold improvements. This account and the assessed value are currently being reviewed under a claim by the business owner and is an active appeal case. Overall, this loss was partially offset the new Milwaukee Behavioral Health facility account.

2022 OPEN BOOK SUMMARY

2021 Cases: During the 2021 Board of Review proceedings six cases were waived to circuit court for resolution.
