Mayor Devine and Common Council Members:

Attached are the Executive Safety Committee minutes from the meeting held on January 20, 2015. The committee met to review and discuss various topics, including a recommendation to implement an incentive for worker's compensation CT and X-Ray claims. (This is similar to the MRI incentive approved by the Council on August 5, 2014.)

If you have any questions or would like further information, please contact me. I will also be available at the February 17, 2015 Common Council/Administration and Finance Committee Recess meetings.

Sincerely,

Rebecca N. Grill
City Administrator
