Notwithstanding the decision of  
Mayor Bell not to sign.

Dear Alderpersons,

I have chosen not to sign Resolution R-2006-0140 regarding Milwaukee County funding for the Milwaukee connector.

While I understand that this is a special case because of the large costs, I am opposed to interfering in other community's requests for funding for projects from the County. In the past, and hopefully in the future, West Allis has sought County funding for economic development projects. I would not like the precedent set that in those cases Milwaukee would feel free to object to our projects and block them at the county level. I understand that the resolution will still be positively acted upon without my signature, but I felt my principle about not interfering in other community's matters prevented me from adding my name to the resolution.
