To whom it may concern,

I recently reviewed the public proposal for the possible liquor store that would take up residence at the corner of 92nd and Lincoln Ave. I live on Arthur Ave not far from there and ever since my husband and I moved into the neighborhood that store has been empty. I would like the common council and the city government concerned with this to know I am for it. The proposal is wonderful, and it is good to see a business committed to cleaning up and improving that area. Filling empty storefronts makes the whole neighborhood and city look better, and a convenience store like what is proposed might be helpful for local residents that do not drive. Thank you for considering this proposal.

Sincerely,

Marian French
