RE: **Communication from City Engineer Regarding the Proposed Cul-de-Sac for Rogers Street**

As we have talked about, the 60th Street design shows a cul-de-sac for Rogers Street (See the attached plan). This was the recommendation in the traffic study and we agree with it. The small vacant parcel is not really good for anything else since trying to squeeze a building on it would be difficult. We wouldn't want any driveways off Beloit Road for safety reasons, since the driveway would be too close to the intersection.

We are asking that you approve this proposal.

Alderman Vince Vitale, 1st District
Paul Ziehler, CAO
