RE: Art Sales at Arts a'Fair Event

Dear Common Council Members:

Our fourth annual Arts a' Fair is to be held Saturday, September 15, 2007. It is a successful event and we continue to have artists display their work. In the past, we have encouraged the artists to sell their work outside of the event; however, this discourages the sale of the items they display. The Arts and Culture Task Force requests that permission and an exception be granted to allow the artists to sell items at the event. The requirement will remain that the artwork will not be removed until the closing of the event so it will continue to be on display.

The event encourages artists in our community adding to the image of our City. Allowing the sale of their work at the event will encourage them further.

Thank your for your consideration.

Sincerely,

Jeannette Bell,
Mayor
