Re: WEST ALLIS REVISED MUNICIPAL CODE SECTION 9.39

It was a bit of a surprise to get a bill in the mail recently, for a charge on property I own in the city.

I've been told that this charge is for the city to keep track of property owners. DOESN'T OUR TAX BILL and all correspondence from the city regarding owner requirements, DO EXACTLY THAT?

I am very disappointed that the council and mayor have found another way of making it difficult for the small citizens to do business in our city. Do any of the people who made this bill possible, own property in West Allis?

Isn't it a bit discriminating against small businesses once again. Surely there must be another way of raising funds for the city.
