Dear Mayor Bell:

We are extremely excited to announce that as of May 21, 2003 the Tennis Channel was added to Time Warner Cable's Digital Cable Channel 113. The Tennis Channel serves up a programming schedule of non-stop action, expert instruction and now fans can get closer to the game than ever before with an exciting line-up of live action events. This year, The Tennis Channel will air over 1000-hours of domestic and international tournaments showcasing the greatest players in the sport today. This exclusive line-up will include live, in-depth coverage of the Tennis Masters Series, the Fed Cup, Davis Cup, Hopman Cup, and many more. The Tennis Channel is part of Time Warner Cable's Digital Deluxe and Totally Digital Packages.

I am also writing to inform you that, as of June 16, 2003 TNN on Channel 51 will become Spike TV. The first network for men, Spike TV is the only place where men can find all the comedy, blockbuster movies, familiar favorites, sports entertainment and innovative originals they want.

We are delighted to continue adding more choice and value to our cable programming packages. Stay tuned for more exciting services later this year! Should you have any questions please feel free to contact me anytime at (414) 277-4193.

Sincerely,

A handwritten signature in cursive script that reads "Celeste".
