Resolution relative to accepting the sole source proposal of JSO Technology LLC for providing Palo Alto Firewall Subscription service for a total net sum of \$8,950.00.

WHEREAS, The Purchasing/Central Services Division has reported that it has received a proposal for providing Palo Alto 2050 Firewall subscription service for the IT Department of the City of West Allis, that the proposal received was reasonable; and,

WHEREAS, The Common Council deems it to be in the best interests of the City of West Allis that the proposal of JSO Technology LLC be accepted; and,

WHEREAS, the IT Department of the Department of Administration & Finance has determined that this contract is inappropriate for competitive selection because it is the only source of these subscriptions that are designed for their own firewall hardware that the City owns.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Common Council of the City of West Allis that the proposal dated March 11, 2011 submitted by JSO Technology LLC for two (2), 1-year Palo Alto 2050 Firewall subscriptions and support for the total net sum of \$8,950.00 be and is hereby accepted.

BE IT FURTHER RESOLVED, that the Purchasing/Central Services Division be and is hereby authorized to enter into a contract for the aforesaid services.

FROM: Jim Jandovitz, Manager of Information Technology
SUBJECT: Palo Alto Firewall Subscription Sole Source

This letter is to recommend the sole source purchase of two yearly subscription services for the city's perimeter computer network firewall for the amount of \$8,950. These two subscription services are for Threat Prevention and URL filtering. These subscriptions allow our firewall to be updated weekly or even daily to guard against the latest threats as they arise. Palo Alto is the only source of these subscription as there are designed just for there own firewall hardware which we own.

Sincerely,

Jim Jandovitz
Manager of Information Technology
