RE: Vacant land South and East of 3218 S 114th Street

Dear Ms. Schultz

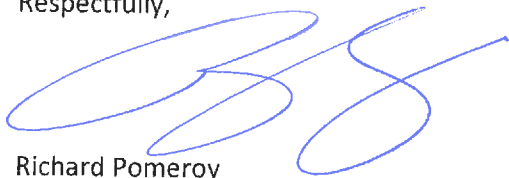

I have been a resident of West Allis for approximately 14 years and have enjoyed living on S 114th with our family for that time.

When we purchased the property it was our understanding the city had a Right of Way immediately to the south and to the east borders of our property. It's our understanding that the city would not build a road through this area as originally planned and we would like to know if the city would be willing to vacate the Right of Way based on an agreed upon purchase price.

Our intentions are to keep the property consistent with the existing neighborhood and do not intend on building anything on the property, but want to ensure the area stays as a green space with no through traffic to the south or to the east of our immediate property lines.

Please let us know what the process would be to move this request forward and begin the purchase process of this property.

Respectfully,

Richard Pomeroy
