**To the Honorable Members of the City of West Allis
Common Council and the Citizens of the City of West
Allis:**

I am pleased to provide you with the 2019 Recommended Budget and Action Plan for the City of West Allis for your consideration and review. The 2019 Budget recommended herein has been prepared in accordance with Wisconsin Statutes 65.90 and Chapter 1, Section 1.04 of the City of West Allis Municipal Code. It includes the total budget for the City including expenditures, revenues, staff authorizations, fund balances, debt service, and tax levy. Consideration for the preservation of high quality services for residents and continuing to enrich our commitment to the long term financial sustainability of the organization are crucial components of this year's budget and themes you will find throughout this document.

The ability to provide a recommended budget that continues to provide high quality services for our roughly 60,000 residents becomes exceedingly more difficult each year. Imposed financial limitations of levy limits and expenditure restraint, coupled with impending capital needs, retiree health care costs, personnel costs, and societal issues, continue to be challenges for the City. Recent challenges, which shift more of the tax burden on residential taxpayers, include declining revenues from legislated changes to personal property taxes and inaction on dark store strategies by big businesses, further the financial shortcomings we have to address. However, I look forward to working through these restrictions with the dedicated Common Council and hardworking employees of the City.

The Common Council set a strategic direction for the City in the adoption of the 2017-2021 Strategic Plan on January 17, 2017 (www.westalliswi.gov/strategicplan). The purpose of the Strategic Plan is to establish goals, priorities, objectives, and strategies for the next five years to meet the needs of the community and the organization.

Public Safety is a priority for our City and my recommended allocation to the Police and Fire Departments reflects this. My 2019 recommended budget allocates 52% of the general fund budget to these departments (31% to the Police Department and 21% to the Fire Department). Information from the Wisconsin Public Policy Form Municipal Facts 18 further illustrates this commitment. The per capital allocation for the Police Department is calculated at \$328.00 for Police and \$229.00 for Fire. In comparison with other communities in the State of Wisconsin with

populations of 30,000 – 150,000, our allocation to Public Safety ranks #2 for Police and #4 for Fire and our rankings with other Milwaukee County communities are #4 for Police (after Glendale, Milwaukee, and St. Francis) and #3 for Fire (after Glendale and Wauwatosa.)

The 2019 Recommended Budget and Action Plan was prepared with the Strategic Plan Goals in mind, placing a high priority on Public Safety. My 2019 Recommend Budget and Action Plan provides a road map for 2019 to work towards realizing the City's goals and vision to, "...provide a living and working environment throughout the community that is focused on providing its citizens and businesses a coordinated, efficient, effective, and responsive level of services. The City of West Allis will make this community the preferred municipality in the Milwaukee metropolitan area, the state, and the country."

Some highlights to achieving these goals include the following initiatives:

Public Safety, Property Maintenance, and Blight Remediation

- Substantially increase funding allocation from 2018 recommended budget for the Police Department by close to \$1 million, including funding overtime in the Police Department based on actual spending experience, and to the Fire Department with over \$440,000 in new allocations recommended.
- Recommend additional \$50,000 be added to the Building Inspection and Neighborhood Services Department budget, the majority of which will fund property maintenance and enforcement activities.
- Address the concerns and issues associated with vacant properties by piloting a registration program and explore possible rental inspection programs.
- Leveraging resources to further the creation of strong neighborhood associations and expanding citizens' sense of community within their neighborhoods.

- Funding for continued usage of body cameras by West Allis Police Department officers and civilianization of West Allis Police Department dispatch to re-allocate police officer resources.
- Focus on Emergency Government Preparation through:
 - Deployment of new mass emergency notification solution with ability to reach citizens, visitors and employees no matter where they are in the community.
 - Expansion of emergency government training efforts across all city departments including standardized FEMA training for all city employees.
- Completion of a City-wide citizen survey to prioritize resources, measure satisfaction and engage citizens.

Development and Destination

- Refreshing traditional community events to attract new audiences, and creating new community events to increase tourism opportunities.
- Continued partnership with Cobalt Partners, Mandel Corporation, and Ogden Corporation on the City's large redevelopment projects.
- Further launch of the City's new brand and corresponding marketing campaign to attract new businesses, residents, and visitors.
- Pursue public art initiatives.
- Realignment of the West Allis Farmers Market and Activities to leverage the Market as a tourism destination.
- Celebrate the 100th anniversary of West Allis Farmers Market.

Fiscal Sustainability and Operational Excellence

- Re-purpose the vacant Buyer position in the Finance Department with a Grant Writer/ Fiscal Analyst to allow for increased applications for various grants as well as providing assistance to

research and analyze future and current initiatives and programs; formulate and provide budget projects; review requests and create various financial reports.

- Combine various part-time positions to create a full-time appraiser position in the Assessor's office (as per the hybrid approach approved by the Council in 2017 – R-2017-0195) to continue fair and equitable property assessments.
- Relocating a Mechanic position from the Public Works Department to the Fire Department to focus on preventive maintenance and upkeep of the Fire Department Fleet and protect the substantial investment made in the Fire Department equipment.
- Increase intergovernmental collaborations with City organizations including the WAWM School District and surrounding municipalities.
- Improve management of resources with implementation of technology programs, such as a new Department of Public Works work order system, and enhance reporting and management capabilities for increased efficiencies.
- Invest in maintaining the City's municipal buildings.
- Expanded accountability for City staff through performance management and pay for performance efforts which requires goal setting for employees to align with operation priorities.
- Review and streamlining processes for service delivery through continuous improvement activities and lean training, with a focus on business development and citizen interactions.
- Department Business Plans which outline innovations, improvements and strategic plan activities.
- Implementation of a Total Benefit Package to recruit and retain a high quality workforce.
- Efforts to control our spending on health care through programs which increase employees' engagement in their own wellness and health.

Further details regarding these initiatives can be found within the Department Business Plans contained in this document and the 2019 Draft Capital Improvement Program recommended by the Capital Improvement Committee, also included in this document. In summary, the 2019 Recommended Budget totals \$127,951,413, including \$12,266,924

in capital projects. Another \$6,303,160 is planned for Utility improvements. I remain committed to having a budget, which is fiscally responsible, while continuing a high-level service delivery, and improving the quality of life for City residents. I look forward to the continuous evaluation by departments on how to increase efficiency and effectiveness of service delivery, and their efforts to match services to the current needs of the community.

Thank you to departments and employees for their participation in the Budget Process. Special thanks to the members of the Finance Department, including Director of Finance Peggy Steeno and Deputy Finance Director Kris Moen for their efforts in ensuring the accuracy and completeness of this document and providing assistance throughout the process. Thank you also to City Administrator Rebecca Grill for coordinating and oversight of the Budget Process, and to our Communications Department for their efforts in preparing this publication.

Sincerely,

Mayor Dan Devine

Mission/Overview

To provide cost effective municipal services consistent with the needs and desires of the citizens of the West Allis community (residences and businesses, as well as other community stakeholders); provide for the health, safety, and welfare of the community; work towards a quality living and working environment; and oversee a positive, progressive, and creative approach to the budget, management and operations of the City.

Strategic Goals

Strategic Goal #1 – Image/Brand/Destination - The City of West Allis will become the “preferred municipality in the Milwaukee Metropolitan area, the state, and the country”* for visitors, residents and businesses through focused rebranding, marketing and promotion actions. * as per the West Allis Vision Statement

Strategic Goal #2 – Quality of Life - The City of West Allis will promote the quality of life for residents by ensuring a safe and healthy community. (Public Safety, Health, Private and Public Infrastructure, Aesthetics, Sense of Community)

Strategic Goal #3 - Citizen Engagement - The City of West Allis will increase citizen engagement to facilitate a sense of community, belonging, and ownership for citizens.

Strategic Goal #4 - Economic Vitality and Sustainability - The City of West Allis will protect the organization’s fiscal wellbeing through long term planning and fiscal analysis. Further, proactive and well planned development and redevelopment opportunities will be promoted and maintained.

SERVICE DELIVERY

Example: Implemented Performance Management Program.

2018 Accomplishments related to Service Delivery (Process Improvements, Streamlining, etc.)

1. Implemented Legal Files – electronic file management and storage system
2. Conduct weekly/bi-weekly office meetings to address workload/workflow, service priorities, case statuses, concerns, etc.
3. Enroll staff in LEAN training.
4. Collaborated with DPW, Health Department, Clerk’s Office regarding procedures for groups/outside vendors, etc. desiring to conduct special events at City parks.
5. Attorneys’ ongoing participation in CLE training. Participation by all staff in employee development training.
6. Involved with use of BP Logix system for code enforcement.
7. Police Officer in-service training.
8. Citizen Police Academy training.
9. BINS and Forestry Division training – Lawful access to residential and business properties.
10. Chronic public nuisance abatement

2019 Plans for Service Delivery Improvements (Min. 5 per division)

1. Revise the Attorney’s Office and Municipal Court websites to provide more information (including a FAQ section) about the municipal court process thereby providing better services to the public and reducing the number of calls from individuals who don’t understand the process.
2. Work with the Clerk’s Office, DPW, and Health Department to establish a clear, concise process for permits and licenses and special events in and use of City parks. Create a checklist for applicants to walk them through the process.
3. Coordinate with the Clerk’s Office and Health Department regarding a set procedure for non-renewal or revocation of permits/licenses for individuals and businesses who are delinquent in paying their personal property taxes.
4. Acknowledge receipt of requests from City Officials, Officers and Departments within 24 hours of receipt and follow-up with anticipated/target response time. Maintain ongoing, open communication regarding project status within the Attorney’s Office.
5. Attorneys to continue to improve upon proficiency in each of the key competencies of their specialty/ position (allowing legal transactions/involvement to be completed in the most efficient manner possible). while also participating in training focused on the myriad of municipal legal issues generally directed to the City Attorney’s Office (e.g., cross-training) to allow coverage in another’s absence.
6. Conduct weekly/bi-weekly office meetings to address workload/workflow, service priorities, case statuses, concerns, etc.
7. Relationship building – focusing on the importance of positive personal relationships to establish mutual trust and credibility with City Officials, Officers and Departments in areas of practice through a track record of reliability and results.

8. Collaborate with Departments and provide timely strategic business/operational advice that helps work get done efficiently.
9. Involved with use of BP Logix system for code enforcement.
10. Police Officer in-service training.
11. Citizen Police Academy training.
12. BINS and Forestry Division training – Lawful access to residential and business properties.
13. Chronic public nuisance abatement.

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.

1. Revise Organizational Chart – City Attorney (1), Deputy City Attorney (1), Principal Assistant City Attorney (2), Principal Legal Secretary (2), Legal Intern (1)

2. Increase .75 Legal Secretary position to 1 FTE to allow performance of Super Administrator duties in the Legal Files system while continuing to monitor and manage the enforcement of all encroachment permits within the City (over 200 permits). Also addresses the increased duties and time requirements resulting from administration of the tax intercept program in the Attorney's Office.

3. Change online legal research service from LexisNexis to Westlaw

4. Tax Intercept – Compensating employees performing duties (per policy)

REVENUES

REVENUE CHANGES

Are there any changes for 2019 which may impact your revenues for 2019? Yes No

If yes, please note the details here:
We are proposing to take the lead with the tax intercept program which, based on previous years' numbers when it was under the control of the Attorney's Office, should increase the revenue coming into the City under that program.
Oversight of the license/permit process related to individuals and businesses with delinquent taxes – ensure licenses/permits are suspended, not renewed, and/or revoked. Such action positively affects the payment of delinquent taxes by said individuals and businesses.

SALARY ACCOUNT ADJUSTMENTS

Are there any vacancies or adjustments to positions which can be used to fund new initiatives or requests for additional resources listed above or in other areas of the city? Yes No

If yes, please note the details here:

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019
Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.
1. Putting fillable forms on the Court Website – assists the public in knowing how the City of West Allis Municipal Court operates. Makes people understand the legal system and what options they may follow.
2. Work on website to inform the public that there is no need to appear in court on their initial date. Make it clear they can drop or information or just mail it to the Court.
3. Use resources that utilize HOC with questionable results, and risk of being non-compliant with State Law
4.

2019 BUDGET NOTES:

The IT Department has several new employees progressing through their salary ranges and less temporary help budgeted in 2019 as a full staff is now in place. Non-routine capital items have been included in the CIP process and reserve allocation accounts removed from the operating budget. Other items historically included in the IT budget, such as cell service and Ipad service, were reallocated to departmental budgets to improve accountability.

Mission/Overview

To be recognized as the best IT department in the Milwaukee Metropolitan Area, the State and the country for using technology to enhance the lives of the visitors, residents and businesses in the city of West Allis.

Performance Measures (List 5-7 per Division)

Responsibilities/Services	Division	Measurement/Key Performance Indicator (KPI)	Current State	Goal
1. End User Support	IT	Reduction of support tickets by: <ul style="list-style-type: none"> Better training of end users Finding root cause of reoccurring issues Exploring self-help options 	2,500/yr	5% reduction
2. Infrastructure Services; System up-time	IT	Identify top 20 business applications and assure their availability during core business hours	Unknown	99.9% availability
3. Project Delivery	IT	Successful completion of all funded projects	Unknown	No carry over funding needed
4. Portfolio Management	IT	All IT project requests captured and a prioritization process is documented. Make project portfolio more visible to customers	Manual effort via Kanban Board	Prioritization process documented by Q2 2019; Portfolio dashboard established by Q2
5. Public Safety	IT	Transition the primary work load for Fire from Joe Durica to the Public Safety Team. Leadership at both Police and Fire see a noticeable improvement in IT support by 12/31/2019	Unknown. IT Public Safety team just formed	Joe Durica handles zero public safety tickets; favorable customer satisfaction score
6. GIS Mapping and Data Integration	IT	Number of completed requests	1208 tickets	Favorable customer satisfaction score
7. Technology Training	IT	Number of City of West Allis employees participating in an IT Training program	820 tickets	75% CoWA participating (excluding Police/Fire)

SERVICE DELIVERY
2018 Accomplishments related to Service Delivery (Process Improvements, Streamlining, etc.)
1. Established a Portfolio management process with a documented prioritization scheme
2. Proactively meet with customers to study their strategic objectives to align IT priorities
3. Developing a plan to improve support for the Special Assessments system (Greenbelt project)
4. Launched the NHgo platform to offer more flexible training options to our customers
5. Implemented a lifecycle management practice for the City's Camera system (8 Year replacement cycle)
6. Piloting new approach for finding the appropriate IT device for the end user (BINS inspector pilot)
7. Partnered with Finance to assess usage of City provided mobile devices (Cell phones and iPads)
8. Transitioned away from an annual manual IT asset discovery process. More maturity needed in 2019.
2019 Plans for Service Delivery Improvements (Min. 5 per division)
1. Evaluate the pros and cons of moving more core services to the cloud (Office 365, Shared Network drives, etc...)
2. Evaluate Permit and Licensing solutions to lower dependence on BP Logix support
3. Continue to build a more robust Problem Management discipline so that we can understand the root cause of our incidents and thus lower the number of support tickets we receive
4. Evaluate our current ticketing system (Spiceworks)
5. Complete the implementation of a lifecycle management approach to our City Camera system

CONTINUOUS IMPROVEMENT/LEAN PROJECTS

2018 Continuous Improvement/Lean Projects Completed		
Description (include staff involved and how this impacted service delivery)	Lean Training Req.	Outside of Lean Training
Example: New Hire Orientation – HR and IT; streamline orientation process	X	
1. Sponsored the New Hire onboarding Green Belt project	X	
2. Provide a more robust IT solution that supports the City's Special Assessments program	X	
3. Providing a more cost effective approach for Microsoft/Adobe professional training (launching of the Nhgo platform)		X
4. Utilization of the LanSweeper and Meraki products to mature the IT Asset Management program, thus eliminating the manual effort of collecting this information from our end users		X

2019 Continuous Improvement/Lean Projects			
Description	Staff Involved	Service Delivery Impact	Measurement/KPI
1. Continue to investigate better ways for us to capture and prioritize IT support requests	Jon Kuzma (Primary) & the rest of IT	Quality of End User Support improves, lower number of tickets	Ticket Count; Customer satisfaction improves
2. Printer Consolidation Strategy (prepare for leased agreements to terminate in 2020)	Tony Warkoczewski	Lower cost to City for print services	Reduction in the number of printers, number of prints and lower contract rates
3. Further our efforts to find the right devices for the workers in West Allis (desktop strategy)	Jon Kuzma (Primary)	More flexibility in getting people what they need to be most effective	Workers engagement scores will increase, IT support costs go down (less calls for devices not doing what people need them to do)

Identify at least one process/duty/task that your department would like reviewed pursuant to Strategic Action 5-5 and listed the department contact/subject matter expert (SME).	
Item	Department SME
Example: Analysis of X permit process	Employee Name
1. Evaluate the best process/tools for handling IT support requests (already mentioned in other sections of this Business Plan)	Tony Warkoczewski

EMPLOYEE DEVELOPMENT

Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training? Yes No

If no, describe plans to accomplish this in the next 3 years.

- Jon Kuzma and Pat Walker have already taken the CVMIC Supervisor Orientation training class (1 day class)
- Tony Warkoczewski, Joe Clesceri and Jack Coffey will sign up for the same class
- Will incorporate additional 'management/supervisor' training courses into the training plans for individuals as appropriate (IT began the practice of establishing training plans for all staff in 2018. This will continue in 2019).

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development

1. Established Training plans for each individual in IT

2. Initiated a LEAN Coffee concept where employees discuss topics and take ownership of driving improvements for changes they want to see

3. Conducted several team events. Had an IT Holiday lunch, ½ planning session, trip to the State Fair, all in an attempt to improve the teamwork and moral of the department

4. While still working within the policies for the City, provided more flexible schedules of all members of IT. This is important considering the 7x24 nature of our work.

5. Transitioning ALL telephone support from Pete Fantle to the Digital Services team has created opportunities for those staff to learn more while saving watch duty expenses.

2019 Employee Development

1. All IT Staff have a documented development plan by 1/31/2019. Plan is delivered by year end.

2. Establish a plan for Pete to learn from Pat the Server side of the GIS product

3. Position Mike to be a backup to Marian for BP Logix needs

4. Partner with Communications to provide a more user friendly 'conference room' experience, with better technical support when needed

5. Continue to mentor supervisors on Director level leadership competencies

6. Assuming a Q12 Employee engagement survey is conducted, more favorable scores for IT than prior survey in all categories

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks? Yes No

Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? Yes No

If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need.

This has been a focus for us in 2018, due in part to the departures of Jim Jandovitz and Kathryn Perrone. Because IT also rotates on call duties, members of the department need to know how to fix a variety of issues, often outside their particular area of expertise. As such, we rely on documentation heavily and cross train wherever possible. The area where we need to continue to focus is in the GIS product, where we are still overly dependent on two critical resources.

Mike Barylski is being trained as a back-up to Marian for BP Logix support.

A lot of effort has gone into lowering our dependence on Jon Kuzma. He is still a critical resource for us but Joe

Durica has done an outstanding job of learning a lot from Jon over the past 6 months.

If no to one or both questions, describe steps which will be taken in 2019 ensure documentation and cross training are completed.

By moving telephone support away from Pete Fantle to Jon Kuzma's Digital Services Team, this creates capacity for Pete to learn more from Pat on the GIS product. We will continue our approach to have Mike Barylski learn some of the BP Logix platform from Marian. We will assess options to how we will fill the gap on the team where we do not have a Developer (specifically, VB.Net) skillset. Finally, Tony will continue to look for opportunities for his supervisors to take on more senior level leadership tasks while he coaches/mentors them on these assignments.

STRATEGIC PLAN

2018 Activities towards completion of Strategic Actions in Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
<i>Create a culture of innovation and continuous improvement (SA 5-1)</i>	<i>Number of Lean Projects completed outside of the lean training</i>	
1. IT proactively working to build a stronger relationship with the WAWM School District IT Department		1-2 (Collaborative partnerships)
2. Implemented public WiFi & Security cameras at Reservoir Park and working to get more security camera working at Liberty Heights		2-5
3. By year end 2018 there will be a single physical security (Door lock) platform for all the buildings where City Employees work		2-7
4. By year end 2018 the city will be on pace to have a modernized Panic Alarm system by 6/1/2019		2-7
5. Cyber Security enhancements continue to help keep our systems/data protected (more details available as needed)	Zero incidents	2-8
6. Continue to improve the quality of all customer facing IT systems (improvements to the 'let us help' system; improvements to the Parking Permitting system, Electrical and HVAC permits available online, etc)	Number of customer facing workflows available online	3-6
7. The IT Department has a focus of 'eliminating the risk of overdependence on single resources'. Successfully managed the transition of two senior leaders into retirement and have knowledge transfer plans in place for our System Administrator		4-3
8. A new Work Order/Asset management solution is scheduled to be implemented at Public Works; LegalFiles, Neogov and Software Expressions are new applications that are automating manual processes; new device	Reduction in operating costs; higher employee engagement (I have the tools I need to do my job).	4-5

types are being offered to workers that better align with their technology needs		
9. Introducing a Camera lifecycle replacement schedule to modernize an aging camera network for the city	Reducing the number of camera failures	4-7
10. Improved the quality of citizen facing applications; bringing forward a strategy on how to launch an online solution for Permits and Licenses	Number of transactions our citizens conduct through online channels	5-3
11. Launching an effort to look at the methods IT uses to collect, process and measure service tickets	Reduction in service ticket volume; Better quality of service delivery	5-5

2019 Planned Activities towards completion of Strategic Actions in the Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
1. Continue to build out our physical security systems across the buildings that support the City Government; Assure the Police Department has the most current technology to assist in their policing duties (ProPhoenix upgrades, better wireless devices in squads, Cameras in good working order, etc...)	No incidents where people are gaining unauthorized access to a secured space; Reduction of tickets coming to IT for the Police Department	2-7
2. Stay current on all technologies that prevent unauthorized access to our Networks, Data and other computer systems; implement redundant option for city wide Internet access; completion of the project to modernize our telephone wiring infrastructure	No successful hacks into our systems; redundant Internet access in place by June 1 st 2019; Phone wiring project complete by 9/1/2019	2-8
3. Find a solution to allow more licensing and permits to be acquired online; In partnership with Communications Dept. design a customer portal that front-ends our various best-of-breed software solutions; develop a plan to make Property Files/Webmap more available to the public	Number of residents conducting business with the city online	3-6 & 5-3
4. Implement AssetWorks for Public Works Department; Implement a streamlined employee onboarding solution; select a solution for online licensing and permitting; Develop a plan for consolidating printers and reducing the	Number of staff using Assetworks; number of assets being managed by Assetworks; Reduction in the time it takes for a new employee to have all the things they need to do	4-5

amount of paper used across the City Government	their job; Reduction in the number of printers and printed output	
5.		

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.
1. IT is sponsoring three projects through the CIP process for 2019.
2.
3.
4.
5.

REVENUES

Are there any changes for 2019 which may impact your revenues for 2019? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If yes, please note the details here: Assuming that what we charge our hosted agencies for the IT services we provide them does not change.

SALARY ACCOUNT ADJUSTMENTS

Are there any vacancies or adjustments to positions which can be used to fund new initiatives or requests for additional resources listed above or in other areas of the city? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If yes, please note the details here: If attrition were to impact the IT Department in 2019 we would consider consolidating jobs/duties to reduce our FTE count.

2019 BUDGET NOTES:

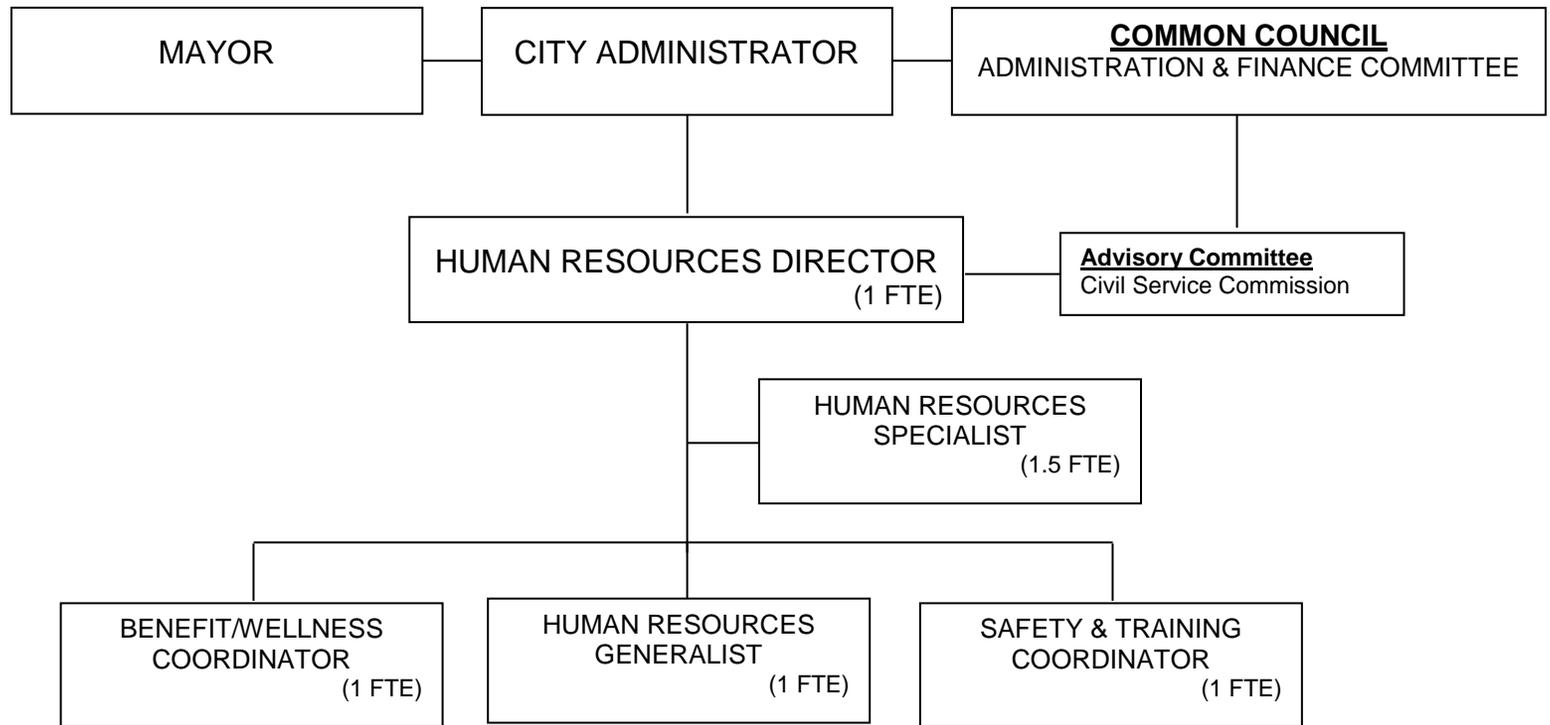

The Benefit/Wellness Coordinator position was moved to the HR department budget, from the Health Insurance Fund budget.

The Books & Periodicals expense category includes software subscriptions and shows a decrease for 2019 to reflect the change in Ben Admin system costs, as the Ben Admin System is being charged to the Health Insurance Fund Budget.

Mission/Overview

HR Mission Statement

The HR Department strategically aligns with City departments to hire, compensate, develop, and support an equitable and diverse workforce. We are committed to being accountable, professional, progressive and responsive to our clients in an efficient and productive manner.

The HR Department supports the City’s Mission, Vision and Strategic Plan by:

- Fostering collaborative relationships with City leaders and stakeholders;
- Developing solutions to overcome potential obstacles thereby leading to successful implementation of initiatives;
- Demonstrating agility and expertise in leading organizational initiatives as well as supporting the initiatives of others where applicable;
- Utilizing the most effective and efficient ways to accomplish tasks within the parameters of the tools/resources provided by the City and the organizational hierarchy, processes, systems, and policies;
- Exhibiting behaviors consistent with the City’s organizational culture and acting with personal, professional, and behavioral integrity;
- Communicating proactively, providing clear, concise information to others in verbal, written, electronic, and other communication formats for internal and external consumption; and,
- Soliciting feedback to evaluate for changes and improvements.

EMPLOYEE DEVELOPMENT

Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training?

Yes No **TBD based on filling HR Director vacancy**

If no, describe plans to accomplish this in the next 3 years.

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development
1. Employee Practices Liability training
2. Leadership training
3. Professional organization participation
4. CVMIC training opportunities
5. LEAN

2019 Employee Development
1. Employee Practices Liability training
2. Professional organization participation
3. In-house employee enrichment series
4. Electronic solution skills enhancement
5. CVMIC training opportunities

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks?
 Yes No (needs to be updated due to evolving processes)

Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? Yes No

If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need.

Cross Training – information is continually shared; evidenced by leaves of absence of staff wherein HR’s service delivery was uninterrupted.

If no to one or both questions, describe steps which will be taken in 2019 to ensure documentation and cross training are completed.

Documented Procedures – continue to update processes and procedures as they are refined.

STRATEGIC PLAN

2018 Activities towards completion of Strategic Actions in Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
<i>Create a culture of innovation and continuous improvement (SA 5-1)</i>	<i>Number of Lean Projects completed outside of the lean training</i>	
1. Ongoing partnership with Communications Department on various initiatives, such as Talent Acquisition video/montage for website/YouTube/etc., recruitment and worker’s compensation promotional flyers, recruitment postings through City’s Social Media avenues, benefit summary, “Why Work for West Allis” document.	Number of projects completed in collaboration with Communications	SA 3-2 “Develop Strategic Communications plan and Cohesive City Brand for Citizen Communication” SA 3-5 “Expand access to City information through citizen focused city-wide communications and social media activities” SA 3-6 “Create Virtual City Hall where citizens can access city-wide e-services, City publications, public reports, plans and meeting information, observe steps of City legislative/review processes (Legistar

		<p>expansion and consistency) and make online payments”</p> <p>SA 5-6 “Revise and streamline hiring, retention, performance recognition and rewards programs/processes to focus on abilities and adherence to core values and competencies (pay for performance).”</p>
2. Worker’s compensation cost containment efforts (ongoing initiatives/partnership with self-insured worker’s compensation carrier CVMIC).	Worker’s Compensation Severity Rate (i.e., number of days away from work per 100 full-time workers)	SA 4-1 “Update City’s long-term financial plans and debt policy; promote data-driven decision-making processes; reduce reliance on alternative funding sources for essential services”
3. Implemented operation innovations such as electronic solutions for fillable forms (ongoing), recruitment (Fall 2017), benefit enrollment (Winter 2017-18), performance management (Spring 2018), and Onboard (Fall 2018).	Number of staff hours invested in each process cycle	<p>SA 4-2 “Engage city-wide departmental priority based budgeting, including shared City services review/implementation and related organizational operation innovations to determine how the City can provide the same level of service differently to maintain or reduce costs”</p> <p>SA 4-5 “Continue to develop City-wide technology opportunities and utilization of software to ensure efficient and effective use of government resources”</p> <p>SA 5-6 “Revise and streamline hiring, retention, performance recognition and rewards programs/processes to focus on abilities and adherence to core values and competencies (pay for performance).”</p>
4. Ongoing guidance/assistance provided to management staff; training opportunities (such as through CVMIC).	<ul style="list-style-type: none"> - Employee Development and Legally Required Training Topics Offered - Annual total number of participants 	SA 4-3 “Develop city-wide human resource succession plans and documentation of processes and procedures to provide efficient and effective continuity of City services during times of transition and vacancies”
5. All HR staff provided LEAN training (completed by Spring 2018); HR active member of Service Delivery Team; supported City Administrator in the establishment and implementation of an updated performance management system.	Number of HR Staff members participation	<p>SA 5-1 “Create a culture of innovation and continuous improvement among City departments by establishing city-wide employee performance standards, core values and competencies for employees; including LEAN training and technological competencies”</p> <p>SA 5-6 “Revise and streamline hiring, retention, performance recognition and rewards programs/processes to focus on abilities and adherence to core values and competencies (pay for performance).”</p>
6. Ongoing operational excellence such as recruitment (e.g., career fairs [2017], outside resources [Big Step, technical colleges, etc., 2018]), onboarding (e.g., Onboarding LEAN project, 2018), AskAllis postings, in-house training, Wellness Program.	First Year Resignation Rate (i.e., the percentage of employees who resigned within the first year of employment) of the overall organization as well as broken down by Department	SA 5-2 “Increase city-wide department and agency employee knowledge of organizational operations, processes, goals and plans where employees demonstrate active and successful implementation of policies and programs adopted by the Mayor and Common Council.”

		<p>SA 5-5 “Develop and Implement ongoing Operational Analysis/Audit/Alternative Service Delivery Options/Organizational Structure Analysis; Review each process and related ordinance/procedure/practice to ensure they comport with actual activities and current best practices; eliminate or provide discretion to allow for continuous improvement activities”</p> <p>SA 5-6 “Revise and streamline hiring, retention, performance recognition and rewards programs/processes to focus on abilities and adherence to core values and competencies (pay for performance).”</p>
7. Ongoing operational excellence in seeking out information/answers for customers instead of passing on to other Departments	Number of customers who leave HR with the requested information	SA 5-3 “Create a streamlined citizen and business service environment city-wide, eliminating the need for citizens and stakeholders to go to multiple departments for City permitting, licenses, or other requirements and services”
8. Ongoing operational excellence in providing internal support for all Departments (such as recruitment, worker’s compensation program) and agency plans (such as collaborative effort with City Administrator and Finance Department on Benefit Consultant RFP [2017], Total Benefit undertaking via Employee Benefit Committee [2017-18], classification/compensation undertaking [2016-17], employee engagement undertaking [2017 and ongoing], Wellness program outcomes based program [ongoing efforts since 2017]).	Customer satisfaction	SA 5-4 “Align common/connected strategic goals, outcomes and results across all City mandated, department and agency plans (City strategic plan, Department Plans, Comprehensive Plan, Parks Plan, Facilities Plan, Capital Improvement Plan, commercial corridor plans)”
9. Conversion of Civil Service System (2017), implementation of electronic recruitment solution (NeoGov Insight, Fall 2017).	Average Time to Fill Position for HR responsibilities (in days)	SA 5-6 “Revise and streamline hiring, retention, performance recognition and rewards programs/processes to focus on abilities and adherence to core values and competencies (pay for performance).”

2019 BUDGET NOTES:

Salary savings reflects position restructuring in the Finance Department of Accounting Specialists and Accountants.

Professional Services increase includes costs of 3 initiatives related to Accounting/Financial Management software used by the department:

- 1) H.T.E. Software upgrade, 2) H.T.E. Report Writer upgrade to Business Analytics, and 3) Novatime hosting fees for transition to cloud-hosted software.

SERVICE DELIVERY

Example: Implemented Performance Management Program.

2018 Accomplishments related to Service Delivery (Process Improvements, Streamlining, etc.)

1. Medicare Advantage Plan - Researched, presented, and assisted Council in converting to a Medicare Advantage Plan for ~400 post 65 retirees, leaving the City's self-insured plan. More appropriate plan for retirees and substantial cost savings to retirees (~\$617,000) and City (~\$1,469,000).
2. Total Benefit Plan – Key participants in the creation of the newly proposed total benefit plan for new and existing employees. Improves accountability and simplified administration.
3. Payroll and Related Improvements – Making changes in the payroll system to provide improved accuracy in payroll and payroll budgeting; reporting with regard to positions/service dates/hours codes; and making changes in Novatime to address departmental needs from failing system.
4. Audit/Fund Accounting Improvements – Corrected 17 special revenue funds that were previously misidentified as deposit accounts and reviewed and updated numerous operational functions.
5. (In Progress) Changing the Refund Process for Tax Overpayments.
6. Expanded P-Card Use and City wide training for independent small purchases.
7. Changed the public hearing notice to comply with state regulations and save the City ~\$600 annually.
8. Implementation of Loan Software for community development related loans.
9. Implementing new Special Assessment System due to failure of old system.
10. FIRE cash flow analysis and funds availability.
11. Q4 – Implement electronic payment advices.

2019 Plans for Service Delivery Improvements (*Min. 5 per division*)

1. Revamp credit card and ATM use for City services – reduce providers, expand to additional services and departments.
2. Consult, assist, and be a resource in the Asset Works (work order management) implementation to improve recording and reporting, and create a tie-in to performance based budgeting.
3. Transition to Novatime Cloud Version (will begin in 2018 Q3) – widespread implementation and improvements in 2019.
4. Finance Training for non-finance staff (began in 2018, will continue in 2019).
5. Update debt policy and funding capacity/feasibility analysis – beginning of financial plan process and critical to CIP, and long-term financial planning.

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks? Yes No

Work began at the beginning of 2018 to review all existing procedures, including creating standard 'work instructions templates' for all critical duties/tasks. And, though we do not have these complete for every critical function, we do have the original procedures that we can use if needed while the new ones are begin created. Part of the new process includes testing of the written instructions by staff other than the people directly involved in the duty/task. And, with our recent staff turnover/process changes/software updates, this is more important than ever.

Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? Yes No (Same as above)

If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need.

Cross-training is in progress; with recent turnover, it has been a good opportunity to test. The goal for 2019 will be to test critical procedures at least two times per year.

If no to one or both questions, describe steps which will be taken in 2019 ensure documentation and cross training are completed.

SERVICE DELIVERY

Example: Implemented Performance Management Program.
2018 Accomplishments related to Service Delivery (Process Improvements, Streamlining, etc.)
1. Revised several election processes, including internal for staff and at the polls for the poll workers
2. Identified several needed changes to the alcohol section of Chapter 9 of the RMC and formulated them into a proposal for adoption by L&H Committee/Council
3. Implemented BP Logix inspection tracking sheets
4. Adjusted a few office procedures including ending my signatures on public notices so only one notice needs to be created and other departments no longer need to send me a notice to be signed and sent back to them
5.
2019 Plans for Service Delivery Improvements (Min. 5 per division)
1. Review and gather data for probable polling place relocations and consolidations
2. Assist with the administration and implementation of a special event permit process (assuming the Council adopts it)
3. Coordinate trainings for Council and other Board, Committees, and Commissions regarding such things as Open Meetings Law, Ethics, Public Official Liability, meeting conduct, parliamentary procedures, and other orientation-type topics
4. Create an Elected and Appointed Officials Handbook to be used to guidance and orientation
5. Implement license management improvements with several hopeful ordinance changes and other process improvement ideas

EMPLOYEE DEVELOPMENT

Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training? Yes No

If no, describe plans to accomplish this in the next 3 years.

Continue to take the CVMIC Management training courses with the Executive Leadership team as well as any other CVMIC trainings that are offered. Office staff will also take trainings when available to improve their skills as potential future managers.

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development
1. CVMIC Leadership Trainings
2. CVMIC Employee Enrichment Series
3. A variety of election trainings
4. Adobe training
5. Legistar training

2019 Employee Development
1. CVMIC Leadership Trainings
2. CVMIC Employee Enrichment Series
3. Clerks and Treasurer Institute
4. CPR Training (for staff and Chief Election Inspectors)
5. Office programs video series

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks? Yes No

Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? Yes No

If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need.

Procedures are constantly reviewed, usually when the tasks are being completed.

If no to one or both questions, describe steps which will be taken in 2019 ensure documentation and cross training are completed.

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.
1. The e-poll books have already been included in the CIP budget. I would like to start a replacement schedule for the handicapped accessible voting machines. The newer version of this machine, called Express Vote, is lighter, easier to use, easier to test, it uses thermal paper ballots so it does not rely on expensive ink cartridges, and is an excellent backup in the event we ever run out of ballots. The thermal paper ballots are blank and can be re-used at any election, eventually reducing the amount of regular ballots that would be needed which would lead to a reduction in costs. Voters cannot make errors on these machines, significantly reducing remade ballots, so there would be a push for voters to use this machine. \$16k has been included in the capital outlay budget. These will replace the 4 (four) Automarks at the 4 (four) multi-ward polling sites. *Note: With the potential for a reduction of polling sites in the next few years, a total replacement is not warranted until the number of polling sites have been determined.
2. No other extra funds needed.

REVENUES

Are there any changes for 2019 which may impact your revenues for 2019? Yes No

If yes, please note the details here:

Possible reduction in operator license fee. Possible increase in other license-related fees. Opening up provisional operator licenses will bring in more revenue. Creation of a special event permit will bring in more revenue. At this point, it may balance out or be an increase in revenue. Also dependent on Council approval of any fee changes.

SALARY ACCOUNT ADJUSTMENTS

Are there any vacancies or adjustments to positions which can be used to fund new initiatives or requests for additional resources listed above or in other areas of the city? Yes No

If yes, please note the details here:

2019 BUDGET NOTES:

The General Fringe Benefits section includes costs for non departmental benefit programs such as Workers Comp, Unemployment, and Pay for Performance, and a contingency allowance for pension funding (WRS increases) and insurance increases or plan changes (health, dental, life). The 2019 budget reduced some of these contingency allowances so that capacity could be used in other areas.

2019 BUDGET NOTES:

The 2019 salary expense includes a new CART officer added in January 2018 (with Council approval), which had not been included in the 2018 budget.

An update to the Police Union contract is underway and expected for 2019.

The Police Department budget request also reflects the implementation of a Community Services Officer (CSO) initiative and completion of the civilianization of the Dispatch Center.

Overtime was increased for 2019 to reflect recent historical actual experience.

4.	
5.	

EMPLOYEE DEVELOPMENT
Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If no, describe plans to accomplish this in the next 3 years. Newly hired Dispatch Supervisors will begin to attend CVMIC and/or other supervisory training in 2019 and beyond.

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development
1. Peer support training
2. Leadership in Police Organization training for new Sergeants
3. Wisconsin Command College leadership training
4. First line supervisor instruction
5. FBI Law Enforcement Executive Development Association leadership courses

2019 Employee Development
1. Wisconsin Command College
2. Northwestern University School of Police Staff and Command
3. FBI Law Enforcement Executive Development Association
4. First Line Supervisors course

5. Wisconsin Death Investigation School

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks? Yes No

Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? Yes No

If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need.

Items are reviewed on an on-going basis and staff is continually cross trained.

If no to one or both questions, describe steps which will be taken in 2019 ensure documentation and cross training are completed.

STRATEGIC PLAN

2018 Activities towards completion of Strategic Actions in Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
<i>Create a culture of innovation and continuous improvement (SA 5-1)</i>	<i>Number of Lean Projects completed outside of the lean training</i>	
1.Focus on healthy lifestyles and mental health issues	Trained department members in peer support in attempt to stand up employee support team. Creation of CART team to respond to calls involving mental health	Goal 2 – Quality of Life (2-2)
2.Impactful crime prevention strategies	The department identified chronic victims and offenders to develop specific interventions.	Goal 2 – Quality of Life (2-3)
3.Develop city-wide strategies to improve city-wide safety and security	Reductions in UCR Part 1 Crimes	Goal 2 – Quality of Life (2-7)
4.Create a culture of innovation	Number of lean projects resulting in improved efficiency. Civilianization of Dispatch Center.	Goal 5 – Excellence in Government (5-1)
5.		

2019 Planned Activities towards completion of Strategic Actions in the Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
1.Improve city-wide parks	Reductions in calls for service in city-wide parks	Goal 2 – Quality of Life (2-5)
2.Develop city-wide strategies to improve city-wide safety and security	Reductions in UCR Part 1 Crimes	Goal 2 – Quality of Life (2-7)
3.Focus on healthy lifestyles and mental health issues	Fully implement Peer Support Team	Goal 2 – Quality of Life (2-2)

5. Impactful crime prevention strategies	Number of nuisance properties identified and mitigated	Goal 2 – Quality of Life (2-3)

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.

1.Maintenance agreements for various software. Increase of \$5,148 annually. Necessary to ensure that department technology operates efficiently. Goal 5 – Excellence in Government

2.Crossing Guard contract annual increases of \$8,168. The vendor increased the cost of the annual service which they provide to the city.

3. Creation of Lieutenant of Detectives assigned to the Criminal Investigation Unit – second shift. This will not result in an additional position within the Police Department. A current Corporal position will be converted to Lieutenant. Annual cost will be approximately \$10,000. The second shift has not had a supervisor in years which has resulted in operational inefficiencies.

2019 Continuous Improvement/Lean Projects

Description	Staff Involved	Service Delivery Impact	Measurement/KPI
1. Complete digitalization of fire prevention records, streamlining records requests. Work with IT to automate common requests.	Fire Prevention, Bridget, IT.	Increased customer service and improved experience	Decreased time spent on records requests
2. We are working towards getting the dispatch center accredited. If we can accomplish this, we can stop sending EMS resources on certain low acuity EMS calls.	Fire, Police, IT, Dispatch	Decreased demands on Fire based EMS	National Q service provides QA of dispatch performance
3. Work with IT and Assessor to streamline fire inspection fee process	Fire, IT, Assessor	Decrease workload for Assessor staff	Decreased time spent on billing
4.			
5.			

Identify at least one process/duty/task that your department would like reviewed pursuant to Strategic Action 5-5 and listed the department contact/subject matter expert (SME).	
Item	Department SME
<i>Example: Analysis of X permit process</i>	<i>Employee Name</i>
1. Online permit payments	Mark Dombrowski / IT/ Finance
2. EMS billing contract should be reviewed for possible increase in revenue	Kurt Zellmann / Finance
3. Fire prevention permit fees can possibly be increased	Mark Dombrowski / Finance/ City Attorney
4.	
5.	

EMPLOYEE DEVELOPMENT

Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training? Yes No

If no, describe plans to accomplish this in the next 3 years.

The Fire Chief will identify those who have not completed the training and assign classes as appropriate.

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development

1. Kurt Zellmann attended EMS management class at National Fire Academy
2. Mike Wright achieved Certified Fire Officer (FO) designation by CPSE
3. Mike Wright accepted in to Managing Fire Officer (MO) program at National Fire Academy
4. Two members of command staff continued work on college degrees
5. Mason Pooler completed fourth year of Executive Fire Officer program (EFO) at National Fire Academy

2019 Employee Development

1. Continued progress towards college degrees for those without
2. Mike Wright will continue MO program at National Fire Academy
3. Department will send 2-4 members to Community Paramedic education at UWM
- 4.
- 5.

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks? Yes No

Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? Yes No

If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need.

If no to one or both questions, describe steps which will be taken in 2019 ensure documentation and cross training are completed.

6. Partner with tech schools to create intern program	Increase pool of qualified job applicants	3-3

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.

1. See attached
- 2.
- 3.
- 4.
- 5.

REVENUES

Are there any changes for 2019 which may impact your revenues for 2019? Yes No

If yes, please note the details here:

We are working with our EMS billing company and believe we have found a way to increase our EMS billing by approx. \$200,000.

SALARY ACCOUNT ADJUSTMENTS

Are there any vacancies or adjustments to positions which can be used to fund new initiatives or requests for additional resources listed above or in other areas of the city? Yes No

If yes, please note the details here: We plan on running short six firefighter positions from January thru May of 2019. These personnel savings can be used to offset other costs.

2019 BUDGET NOTES:

Department initiative continues to transition single discipline inspectors to multi-discipline inspectors.
Provisional/Part-time salaries increased in the 2019 budget request.
The increase in Professional Services expenses reflects the increased focus on property maintenance.

SERVICE DELIVERY
Example: Implemented Performance Management Program.
2018 Accomplishments related to Service Delivery (Process Improvements, Streamlining, etc.)
1.Created and expanded use of Let Us Help system for online complaints
2.Created online permit application and issuance program for HVAC replacement permits
3.Created and expanded use of online property owner registration program
4.Created online program for property file requests
5.Streamlined building permit application (paper form)
2019 Plans for Service Delivery Improvements (<i>Min. 5 per division</i>)

1.Ins- Continue to explore and implement ways to provide online services including permits, payment, inspection requests, etc.
2.Ins- Improve image of department through improving customer service skills.
3.Ins- Provide more 1 or 2 hour time windows for inspections when possible.
4.Ins- Improve inspection skills in other specialties to provide more “one inspector” situations instead of sending in 3 inspectors for minor projects
5.Ins- Provide more pre-construction meetings on larger projects.
6. Ins- Improve applications to reduce submittal errors to speed up plan review and processing time.
7.NS- Ensure each complaint get an initial inspection within 24 hours.
8.NS- Revise code to allow for faster compliance with simple issues (parking on lawn, picking up garbage, etc.) or City will clean up.
9.NS- Revise code to speed up compliance at abandoned buildings for snow removal and grass cutting.
10.NS- Find contractor who can clean up snow and ice faster
11.NS- Improve BP Logix/Let Us Help system to reduce submittal errors.
12.Adm- Provide means of picking up/dropping off permits that is faster for applicants.
13.Adm- Work to develop more online services and features
14.Adm- Improve the website to provide better clarity and faster access to information for the public.
15.Adm- Reduce number of phone calls and visits to office each day
16.Adm- Reduce amount of time it takes to upload property file information so field staff has up to the minute information.

CONTINUOUS IMPROVEMENT/LEAN PROJECTS

2018 Continuous Improvement/Lean Projects Completed		
Description (include staff involved and how this impacted service delivery)	Lean Training Req.	Outside of Lean Training
<i>Example: New Hire Orientation – HR and IT; streamline orientation process</i>	X	
1. Improved building permit application (BINS, reduced delays in getting permits issued)	X	
2. Created online portal for applying, paying for and issuing residential HVAC permits (BINS and IT, reduced time to issue HVAC permits for residential properties and reduced staff time to input data from permits)		X
3. Created online property information request system (BINS and IT, reduced time to get information about a property out to an interested party, reduced staff time)		X
4. Expanded Let Us Help system for online complaints (BINS, IT, Health, DPW; reduced time to get complaints to proper inspector for their investigation)		X
5. Streamlined tall grass cutting system (BINS, rewrote ordinance to allow for shorter time frame for contractor to cut tall grass on private property, streamlined inspection process for initial and follow up complaints about tall grass)		X

2019 Continuous Improvement/Lean Projects			
Description	Staff Involved	Service Delivery Impact	Measurement/KPI
1.Online permits	BINS, IT	This is the single most service	Reduction of time to issue permits,

		delivery based impactful thing we can do in the department in 2019.	Reduction of time for staff to input permit data, Increased customer satisfaction, Reduction of errors in permit applications, Reduction of errors in permit fees,
2. Improving permit applications	BINS	This will reduce errors in applications which will speed up the time it takes to get a permit.	Reduction of time to get a permit, Reduction of staff time to call and get missing information, Improved customer service with easy to follow directions and guidelines on the permit application, more visually appealing and easier to follow applications.
3. Improving snow and ice removal process	BINS, Attorney, Finance	This will get snow and ice removed from public sidewalks quicker	Reduced time for compliance, Reduce time to have safe walkable sidewalks, Improved automatic billing to homeowners, Improved communication with contractor
4.Improving process for abandoned vehicles	BINS, Attorney, Police	This will get abandoned vehicles removed and towed away quicker	Reduced time for a vehicle to be removed after it is declared abandoned, Improved communication with Police and Attorneys, Improved neighborhoods, Improved property maintenance
5.Improve sign permit process	BINS, Development	The process is currently slow and confusing and sign	Reduce time to get sign permits, Automate the

		applications often get lost or misplaced	process better, reduce errors in the application or fees, provide more accurate inspections of signs, increase compliance with current sign code.

Identify at least one process/duty/task that your department would like reviewed pursuant to Strategic Action 5-5 and listed the department contact/subject matter expert (SME).	
Item	Department SME
Example: Analysis of X permit process	Employee Name
1. Analysis of the license inspection process. Do we need to do a zoning inspection annually as a part of the license renewal? Is there a way to modify the process to allow for that inspection to occur in the summer when landscaping is installed as opposed to the spring when things are not fully grown yet? EMPLOYEE DEVELOPMENT

Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If no, describe plans to accomplish this in the next 3 years. All have completed Supervision and some are working on Management

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development
1. Trained 3 new property maintenance inspectors in their jobs
2. We were able to get 3 inspectors cross certified in electrical inspection and 3 others cross certified in plumbing inspection
3. We were able to send inspectors on 10 different intensive national code training sessions in addition to the many local code training sessions
4. Several are learning to use Surface Pros and improving computer skills with the new hardware
5. Sent my full staff to many CVMIC trainings, inspector training and refreshers with the Attorney's Office and many other non-mandatory trainings.

2019 Employee Development
• Several more inspectors will get cross certified in plumbing and electrical inspections
• I, and the other two supervisors, will continue our management training at CVMIC
• I would like to get at least 2 more people through the CVMIC pre-supervision classes
• I plan to send 3 inspectors to national training intensives
• Continue cross training and improving skills through local inspector organizations

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need. It is currently reviewed periodically, but I will develop an internal policy on reviewing this at least bi-annually before the end of 2018.
If no to one or both questions, describe steps which will be taken in 2019 ensure documentation and cross training are completed.

STRATEGIC PLAN		
2018 Activities towards completion of Strategic Actions in Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
<i>Create a culture of innovation and continuous improvement (SA 5-1)</i>	<i>Number of Lean Projects completed outside of the lean training</i>	
1. "Let Us Help" system has been developed to assist residents to file complaints quicker and easier and to get complaints routed to proper person immediately.	Time reduction to do an initial inspection of a complaint; reduction of data entry time	2-1, 3-5, 3-6, 3-7, 4-5, 5-1, 5-3, 5-5
2. BP Logix system has been created to speed up compliance with property maintenance complaints. Inspectors are held to due dates instead of relying on paper based system which did not notify inspectors when due dates came up.	Reduces time spend bouncing complaints around, Reduces time to get to code compliance	2-1, 3-5, 3-6, 3-7, 4-5, 5-1, 5-3, 5-5
3. Many complaints have been brought over from DPW to BINS to create a "one-stop-shop" for most property maintenance complaints in the city. This is great for coordination and eliminates confusion from residents.	Reduces time spend bouncing complaints around, Reduces time to get to code compliance	2-1, 3-5, 3-6, 3-7, 5-1, 5-2, 5-3, 5-5
4. In the past year, several talks and listening session have been done. BINS had a booth at the Homeowner Resource Fair, I did a talk at the Police Department's Quarterly Neighborhood Partnership Meeting, BINS staff did talks at two Neighborhood Association meetings, and I did	Number of public events, number of citizens reached at events	1-2, 1-3, 1-4, 2-2, 3-1, 3-3, 3-4, 3-5, 3-7, 4-4, 5-2, 5-3, 5-4

three talks at schools about BINS and what we do.		
5. A new code to apply to all homes built prior to June 1, 1980, has been written and is in the Attorney's Office waiting review. The code is based on the Uniform Building Code, which is a code developed by the Building Inspectors Association of Southeast Wisconsin. That code is used wholly or in part by almost every municipality in southeastern Wisconsin, so it keeps us consistent with other area municipalities.	Number of code violations, Improved customer service surveys	2-1

2019 Planned Activities towards completion of Strategic Actions in the Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
1. Fully expand the Surface Pro computers to all field staff and train on their use.	Reduction of wasted time, speed of data delivery to inspectors, improved response time for issues.	4-5, 5-1
2. Continue to explore online permit formats either through BP Logix or through other software solutions.	Number of permits applied for online, Reduction of wasted time, speed of data delivery to inspectors, improved response time for issues.	2-1, 3-1, 3-5, 3-6, 4-4, 4-5, 5-1, 5-3, 5-5
3. Develop new and more useful customer feedback surveys.	Improved customer satisfaction, increased participation in surveys	1-3, 3-7, 4-4, 5-1
4. Continue giving talks and getting feedback from users as much as possible.	Number of public events, number of citizens reached at events	1-3, 3-1, 3-5, 3-7, 4-4, 5-15-3,
5. New code language is currently being worked on for: <ul style="list-style-type: none"> • Vehicle repairs in residential garages • Paving of commercial parking lots • Updating Home Occupancy requirements • Updating fee schedules • Speeding up compliance time for garbage removal • Revised Sign Code • And a total reconfiguration and reformatting of Chapter 13 (Building Code) to match other BINS code chapters. 	Number of ordinances passed, Overall improvement of the city through better codes	2-1, 5-1

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019; include description, need for the

initiative, how it relates to the strategic plan, and what additional costs it may include.
1. New computer software is needed to manage building permits. This software should be able to do multiple types of permits and licenses and be used by multiple departments. West Allis is very much behind the other municipalities in the area in terms of having online permit options. This will benefit all of the 5 Strategic Goals and will help to create a virtual City Hall. The cost estimate for this project would be \$350,000. This is not currently included in my budget for 2019. – <i>Request is being considered for funding in the capital improvement program</i>
2. The Neighborhood Services Liaison position is requested to become a full time position. This position is integral in keeping the snow and ice removed from sidewalks in the winter and tall grass and weeds removed in the summer, as well as providing a backup and assistance for the code inspection staff. If this position remains a 0.5 FTE position, it will put additional stress on the property maintenance staff, which means that their other work will not be done. This position is critical for Quality of Life and the Image of the City, as well as Excellence in Government. The cost estimate for this position would be approximately \$50,000 per year. It is also possible to use CDBG funds to pay for the increase in this position, because it is mostly dealing with low to moderate income areas of the City. This is not currently included in my budget for 2019. – <i>Not included in Mayor's Recommended Budget.</i>
3. I would like to create a limited term, part time residential inspector position, or combine the Zoning Inspector position with a Residential Inspector position to create a split position. This position will take a lot of the stress off of the current inspection staff and help out to send one inspector into homes instead of two or three. This inspector would focus on replacements of water heaters, furnaces, air conditioners, plumbing fixtures, and similar type permits. This position could also be responsible for minor bathroom or kitchen remodeling projects which typically involve three inspectors. Currently, those permits take up a lot of my inspector's time, and my inspectors are currently being faced with historically high amounts of development and permits. This position will help to take these permits away from my regular staff so they can focus on providing the best possible service to these large projects. The position would be limited term for 2-3 years, until these larger projects are past us. In addition to this, the purpose for this position is for succession planning. I have two inspectors who could retire in the next 2-3 years and another two who could retire in the next 5-7 years. This position will help to get somebody in to the city to learn from staff before they are gone and to help to bridge the knowledge gap to the next generation. This will fit in with Excellence in Government and Quality of Life. The cost estimate for this position is \$70,000 per year for a LTE or another \$5K per year for combining the position with the Zoning Inspector. This is not currently included in my budget for 2019. – <i>Not included in the Mayor's Recommended budget.</i>
4. I would like to request additional funds to remodel the vault area of BINS with new lighting, ceiling, flooring, shelving, a counter with sink, a second means of egress into the Attorney's Office (also needed from the Attorney's Office side), and tables and chairs. This is needed because that area of the office is underutilized and very old and run down. The second exit is needed from both our office and the Attorney's Office in case of an active shooter or aggressive situation. This does not really play into the Strategic Goals for the city, but it will make a more pleasant work environment for the employees and a safer City Hall. I would estimate this work to be \$10,000 or less depending on the amount of labor that can be done by DPW staff. This is currently not included in my budget for 2019. – <i>Not included in the Mayor's Recommended budget, a plan for City Hall remodeling will be part of the Capital Improvement Subcommittee for Facility Planning.</i>
5. Implement Vacant Property Registration Program based on the program in use in the City of Janesville. – <i>Use of existing resources to implement this program.</i>
6. Pilot Neighbors Helping Neighbors Program focused on building neighborhoods and compliance. \$500 will be needed to implement this program.
7. Explore Rental Inspection pilot program. – <i>Resources not needed unless implemented.</i>

REVENUES
Are there any changes for 2019 which may impact your revenues for 2019? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If yes, please note the details here: There is \$100M in development that is planned for the near future. This will assist us to recoup more of our

administrative costs for the department and help to maintain our current level of services.

SALARY ACCOUNT ADJUSTMENTS

Are there any vacancies or adjustments to positions which can be used to fund new initiatives or requests for additional resources listed above or in other areas of the city? Yes No

If yes, please note the details here:

The Zoning Inspector position will be refilled. I would assume this will be done at a lower pay rate than the previous Zoning Inspector was making. The Zoning Inspector was making about 115% of the salary range, and the new inspector could start as low as 87.5%.

SERVICE DELIVERY

Example: Implemented Performance Management Program.

2018 Accomplishments related to Service Delivery (Process Improvements, Streamlining, etc.)

1. Department – leverage of light duty policy to accomplish simple tasks within non-work related injuries/illness restrictions
2. Department – increased use of social media to update public of DPW's activities and emergency operations
3. Department – improved orientation and exit procedures for Department
4. Administrative Office – computer lab to increase overall computer availability and competency for employees
5. Electrical – conversion of 750 alley lights to LED throughout City
6. Fleet and Water – through increased preventative maintenance and operational readiness enabled ISO class 1 rating
7. Forestry – boulevard consolidation (constructed 4 new large beds, eliminated 8 shrub and 16 annual

flower beds, to increase maintenance efficiency and visual impact of larger landscape beds)
8. Inventory – increased use of pcards reduced staff time in Finance and amount of stock being stored
9. Inventory – developed parts pick lists for 35% of 220 rolling stock vehicles
10. Sanitation and Street – installation of hydraulic joystick for snow plow controls to increase efficiency of plowing
11. Sanitation and Street – provide internal support staff to construct specialized facilities/projects for other departments (fire training tower, police training center, police walkway)
12. Sanitation and Street – resident drop-off of recycling material consolidated to single sort container in lieu of multiple stations
13. Sanitation and Street – elimination of sand barrels being placed throughout City (during winter months)
14. Water – refurbished hydrant truck to decrease time spent on hydrant replacements
15. Water – developed job trailer to improve main break response time
16. Water – purchased large meter test equipment, 90% of large meters can now be tested in-house
17. Fleet – refurbished 3-200 series trucks at \$23,000 per truck savings vs. purchasing new vehicles
2019 Plans for Service Delivery Improvements (Min. 5 per division)
1. Department – each division will create 5 business processes to increase efficiency (all divisions)
2. Department – each division will continue to implement and migrate to AssetWorks work order software system as requested (all divisions)
3. Department – all divisions will no longer supply materials for CIP contracts therefore reducing inventory and handling of materials by City personnel (Electrical, Inventory, Water)
4. Department – use of technology for credit card payment (brush collection, refuse or recycling carts, etc.) to increase payment and efficiency (Forestry, Sanitation & Street, Water)
5. Department – provide internal support staff to construct specialized training tower at Police Department grounds in lieu of contractor delayed services and not being within required budget parameters (Sanitation and Street, Building & Sign, Inventory, Electrical)
6. Building & Sign/Inventory – continue to evaluate and discontinue multiple deliveries to City facilities and require consolidation by requesting department
7. Building & Sign/Inventory – use of Maintenance Repairer personnel to accomplish routine and/or emergency repairs and maintenance within City/facilities (addressing plumbing, carpentry, etc.)
8. Electrical – contingent on budget approval of boring machine and staffing, implement program to convert high voltage street lighting to <u>future</u> parallel lighting infrastructure - infrastructure is currently becoming outdated
9. Fleet – maintain 90-95% fleet availability
10. Fleet and Inventory – parts pick lists for preventative maintenance of equipment
11. Forestry - pre-emptive ash removal complete by 2021
12. Forestry – Improve new tree survival
13. Forestry – continue to educate residents about Emerald Ash Borer & urban wood uses through various media and the Wood & Wings, a la Carte, Homeowner Resource Fair events
14. Forestry – utilize volunteers, contingent upon new volunteer policy
15. Inventory – purchasing of bar code system contingent on AssetWorks installation
16. Inventory – replace fuel islands
17. Sanitation & Street – sanitation crews communicating property issues to BINS
18. Sanitation & Street – use of sand on hot tar to increase efficiency and opening of street faster requiring less drying time, reduced claims.
19. Water – inter-departmental checklist for work within the right of way for private utility service
20. Water – move large meter customers to cellular on-line account management
21. Water – reduce number of mailed letters and billing by promoting on-line and electronic communications
22. Water – reduce the number of manual read meters in the system decreasing staff hours reading meters

CONTINUOUS IMPROVEMENT/LEAN PROJECTS

2018 Continuous Improvement/Lean Projects Completed		
Description (include staff involved and how this impacted service delivery)	Lean Training Req.	Outside of Lean Training
Example: New Hire Orientation – HR and IT; streamline orientation process	X	
1. Department – uniform onboarding/orientation and exit checklist by all divisions		X
2. Department – increased number of computers available to staff by creation of computer lab, kiosks		X
3. Department – increased communications via email in anticipation of upcoming technology upgrades and City communications		X
4. Forestry and Sanitation & Street – brush collection crew is issuing check for charge to Forestry staff time issuing check for charge by Andi Hetzer	X	
5. Water – analyze main break repair hours by Karyn Rittenhouse and Tony Longoria (developed job site trailer to eliminate multiple trips and coordinated access of as-builts in the field through mobile technology)	X	

2019 Continuous Improvement/Lean Projects			
Description	Staff Involved	Service Delivery Impact	Measurement/KPI
1. Elimination of multiple styles of light poles as specified by Development and Engineering	Development, Engineering, DPW	Reduction of, inventory of, availability of and expense to purchase various electrical poles	Number of styles reduced from 19 to 5
2. Elimination of multiple luminaires as specified by Development and Engineering	Development, Engineering, DPW	Reduction of, inventory of, availability of and expense to purchase various luminaires	Number of styles reduced from 35 to 5
3. Uni-directional flushing program	Water	Water quality	Reduced number of complaints
4. Eliminate printing of hotlines	Electrical, Water, Police Department	Reduce amount of paper	Amount of money saved on paper and printer toner and maintenance
5. Eliminate paper timecards	DPW, Finance Department, Creative Services (print shop)	Reduction of employee time	Reduction of paper use
6. Inter-departmental job shadowing	All City departments that interact with DPW	Enhance sharing information	Staffing flexibility
7. Re-routing water meter routes	Water	Increased efficiency on meter routes	Time spent reading meters

Identify at least one process/duty/task that your department would like reviewed pursuant to Strategic Action 5-5 and listed the department contact/subject matter expert (SME).	
Item	Department SME
Example: Analysis of X permit process	Employee Name
1. Implement use of on-line and in-person credit card payment for DPW services	Karyn Rittenhouse
2. Work at Beloit Housing	Cindy Rausch and Andi Hetzer

3. Each division's needs for supplies requiring Inventory Services to supply and deliver	Cindy Rausch
4. Elimination of spring yard waste collection	Tim Last and Brenda Schmid
5. Evaluation of in-house boring machine for conduit, water services, irrigation, fiber	Dave Young

EMPLOYEE DEVELOPMENT

Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training? Yes No

- Dave Wepking – APWA Public Works Supervisor Academy, CVMIC Management training in progress
- Cindy Rausch - CVMIC Supervision training completed
- Dave Young - none
- Jim Leu - CVMIC Supervision training completed
- Mike Rushmer - APWA Public Works Supervisor Academy completed
- Tim Last - CVMIC Supervision training completed, CVMIC Management training in progress
- Sara Diebitz - CVMIC Supervision training completed
- Tim Schneider - CVMIC Supervision and Management training completed
- Mike Brofka - CMVIC Supervision training will be completed in spring, plans to enroll in CVMIC Management training after Supervision training completed, UWM certificate in Public Administration
- Karyn Rittenhouse - CVMIC Supervision training completed, CVMIC Management training in progress

If no, describe plans to accomplish this in the next 3 years.
see above

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development
1. Employee enrichment
2. NIMS certification
3. Safety training (confined space, barricades, CPR)
4. Division specific (Badger Meter, APWA snow plow roadeo, TAPCO traffic control training, ASE seminars, continuing education for Master Electrician)
5. Lean training
6. CVMIC seminars/courses
7. Certified Arborists sent to Wisconsin Arborist Association seminar - earn CEUs, learn latest techniques and tree insect and disease issues

2019 Employee Development
1. Skills assessment/computer competency
2. Division specific (Badger Meter, APWA snow plow roadeo, TAPCO traffic control training, ASE seminars, continuing education for Master Electrician)
3. Succession training (watch duty, supervisor fill in)
4. Equipment and new product training
5. CDL training
6. AssetWorks training
7. NeoGov training
8. Budget training "101" for supervisory and management staff (HTE, utilities, reports, general administration account vs. sub accounts)
9. Lean training
10. CVMIC - supervision training and succession planning

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks? Yes No (SOP manual needs to be updated due to staffing changes, current evaluation of departmental business processes is ongoing)

Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? Yes No (at this time developing interim staff)

If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need.

If no to one or both questions, describe steps which will be taken in 2019 ensure documentation and cross training are completed.

- Current policies and procedures will be revised by applicable divisions. Completion of designated business processes as described previously.
- Updating current DPW SOP with current staff changes.

STRATEGIC PLAN

2018 Activities towards completion of Strategic Actions in Strategic Plan

<i>Create a culture of innovation and continuous improvement</i>	<i>Number of Lean Projects completed outside of the lean training</i>	SA 5-1
1. Boulevard/landscape bed consolidation	Reduction of number of boulevard/landscape beds	SA 1-6
2. Creation of Wood and Wings with BID	Number of attendees	SA 1-2 SA 3-4
3. Provide street maintenance repair	Tonnage of concrete and/or asphalt	SA 2-4
4. Maintenance, camera installation and landscaping of City parks	Completed requests, preventative maintenance and daily maintenance	SA 2-5 SA 2-7
5. A la Carte, Homeowner Resource Fair and Career Fair	Number of attendees	SA 3-4 SA 3-5
6. Code compliance with refuse and recycling ordinances	Reduction of violations and citations	SA 2-1
7. Administer and conduct activities of Beautification Committee	Schedule activities as required to increase homeowner participation	SA 2-1
8. Continuous NIMS and emergency training for employees and new personnel	Required within 6 months of hire	SA 2-9
9. Leverage of social media to keep public informed	Communication to public of Public Works events	SA 3-5
10. Selection and purchase of work order system	Product selection	SA 4-5
11. Submitted 2 employees for green belt lean training, various for leadership training and white	Certification	SA 5-1

belt attendees		
12. Maintain and improve mural by 84/National	Removal of graffiti and complete re-sealing	SA 2-5
13. Remove landscaping at pumping station as recommended by WDNR	Increase security and visibility	SA 2-5
14. Convert 750 alley lights to LED to increase efficiency per CIP	Increase security, visibility and cost savings from energy efficiency	SA 2-5 SA 5-5
15. Paperless process for valve and hydrant preventative maintenance programs	Reduce paper waste and reduce time spent performing these operations in the field, also eliminates the need to post-process the information in the office	SA 5-1
16. Flushing program	Reduced water quality complaints	SA 4-5
17. Social media use, including online videos and educational outreach	Resident increased knowledge and satisfaction	SA 3-5

2019 Planned Activities towards completion of Strategic Actions in the Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
1. Implementation of AssetWorks	Implementation	SA 4-5
2. CIP contractors supply their own materials and signs	Reduction in inventory and staff time	SA 5-5
3. Barcode scanning	Reduction in paperwork, streamline business processes and increase Inventory's documentation accuracy	SA 5-5
4. Evaluate bare root gravel bed, contingent upon approval of funding and Engineering review	Increase new tree planting survival	SA 5-5
5. Explore expansion of soil recycling	Reduce purchase of top soil and tipping fees of soil from drop-off sites	SA 5-5
6. Safety and quality audits	20 percent check of all jobs completed within the Water Division	SA 5-5
7. Implement business processes	Increased efficiency with business processes	SA 4-5
8. New meter reading software	Increased efficiency for meter routes	SA 4-5
9. Streamline private utility permitting process within city departments	Increased customer satisfaction and increased oversight of all utility permits	SA 5-4

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019	
Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.	
1. Creation of Business Process Analyst position to assist with the implementation of AssetWorks and business goals of the Department's business plan. Position will assist in reviewing/evaluating various	

business processes to increase efficiency. – SA 51, SA 5-5
2. Boring machine (\$205,000) to convert series to parallel circuits. Phillips manufacturer of low pressure sodium lamps are discontinuing in July 2019. 3200 light fixtures will be affected/obsolete. – SA 2-3, SA 2-4, SA 2-5, SA 5-5
3. Reduce 2 Electrical Mechanic positions to 2 Maintenance Repairer positions (savings is difference of Electrical Mechanic pay vs. Maintenance Repairer pay) to operate and maintain potential boring machine in lieu of 2 Electricians to assist with addressing lighting infrastructure contingent upon budget approval. – SA 5-5
4. Retroreflectometer (\$20,000.00) for MUTCD compliance of all City signage and barricades. – SA 2-7
5. Designate additional employee to respond to Digger’s Hotline requests, including water and electrical locates, propose to designate City electrician position to new position of utility locate technician. Currently 2 highly skilled employees respond to the same location to mark separate utilities. This could be accomplished by one lower classified employee (savings is difference of Electrical Mechanic pay vs proposed pay of Maintenance Repairer pay range for utility locate technician). – SA 5-5
6. Hydrant painting (year 1 of 5), hydrants have typically been painted by seasonal employees with a low level of quality and quantity. Hydrants are in need of painting due to the harsh weather and the road salt being used during plowing operations. The hydrants have faded and have shown signs of corrosion. The painting process will help extend the life of the hydrant along with improving aesthetics of the hydrant. The initiative would bid out the process to a qualified contractor. The process would include sandblasting, priming, and top-coating the hydrant. Other municipalities have moved towards this process with great results. Anticipated cost would be around \$50,000 a year for the next 5 years. – SA 2-1
7. Reclassify position of Plumber with the Building and Inventory/Electrical Division to Commercial Plumber with the Water Division. This would allow cross connection inspections to be conducted by City staff and ensure DNR compliance for commercial properties in the City. This position could also be used for plumbing concerns at City owned properties and/or construction projects in the City as warranted. – SA 5-2, SA 5-5

REVENUES

Are there any changes for 2019 which may impact your revenues for 2019? Yes No

If yes, please note the details here:

- Increased rates for collection of bulk, brush
- Use of online sales for equipment in lieu of County auction – in excess 50% increase in returns, flexibility to sell all year (not limited to County auction only twice a year)

SALARY ACCOUNT ADJUSTMENTS

Are there any vacancies or adjustments to positions which can be used to fund new initiatives or requests for additional resources listed above or in other areas of the city? Yes No

If yes, please note the details here:

Reduce 2 Electrical Mechanic positions to 2 Maintenance Repairer positions to operate and maintain potential boring machine in lieu of 2 Electricians. Designate additional employee to respond to Digger’s Hotline requests, including water and electrical locates. Propose to designate City electrician position to new position of utility locate technician. Currently 2 highly skilled employees respond to the same location to mark separate utilities. This could be accomplished by one lower classified employee.

One Arborist position reduced to a Laborer position within Forestry Division. Approximate \$17,000 less wages (not including benefits) supplemented into the tree planting account to replace ash trees killed by EAB.

25 positions are currently open. Salary not used during this time could be used for the following:

- a. Retroreflectometer (\$20,000)
- b. Fault locator – 2 locators (total of \$55,000)
- c. Purchase of boring machine (\$205,000)

ENGINEERING

CITY FUNDED FTEs: 18.00

Department	Director	Fund and Dept. Group
Engineering	Peter Daniels	Engineering

Mission/Overview

The Engineering Department is dedicated to providing professional, well-organized, and cost effective municipal engineering services to the citizens and businesses of West Allis, as well as other Departments of the City. Our efforts are focused on providing a high level of expertise in the designing, planning, advising, administering, and overseeing of all public works improvements to facilitate upgrades of an aging City infrastructure. Our goal is to provide these services within the project budget and timeframe required while striving to improve the health, safety and overall quality of life for the citizens of our City.

Performance Measures (List 5-7 per Division)

Responsibilities/Services	Division	Measurement/Key Performance Indicator (KPI)	Current State	Goal
<i>Example: Media Relations/Tourism and Marketing/Community Relations</i>		<i>Number of Successful Tourism Related Events Held</i>	0	4-5
1. Pavement Replacement		Miles of pavement repaired	0	3.35 miles
2. Sanitary Sewer Relay		Miles of sanitary sewer repaired	0	2.73 miles
3. Storm Sewer Relay		Miles of storm sewer repaired	0	3.88 miles
4. Water Main Relay		Miles of water main replaced	0	1.70 miles
5. Street Lighting Circuit Replacement		Miles of street lighting circuit replaced	0	3.35 miles
6. Private Lead Service Removal		Number of lead services removed	0	305 lead services
7. Total Suspended Solids Removal in stormwater discharges as required by EPA/DNR/MMSD		Percent of Total Suspended Solids (TSS) Removed	23%	60 - 70% required over long term by Milwaukee River Basin Total Maximum Daily Load (TMDL) plan.

4. Infrastructure Condition Evaluation		General, Water, Storm and Sanitary Funds	Daily	Public Works	Contractor evaluation of sewers, Consultant evaluation of buildings, Consultant evaluation of bridges	Federal, State and Local
5. Facilities Maintenance		General	Daily	Public Works	Construction contracts, Consultant contracts	Federal, State and Local

SERVICE DELIVERY

Example: Implemented Performance Management Program.

2018 Accomplishments related to Service Delivery (Process Improvements, Streamlining, etc.)

1. Online bidding with Quest website to create paperless, automated bidding process
2. Creation of computerized facilities condition assessment database to track maintenance needs
3. Outsourced street lighting design to consultants and outsourced installation to contractors to reduce City staff costs
4. Accelerated upgrade of street lighting circuits to LED lights to reduce electricity use
5. Creation of hydraulic water model with WaterGEMS software to find areas for cost savings and efficiencies in pumping and reservoir system and water main layout

2019 Plans for Service Delivery Improvements (<i>Min. 5 per division</i>)
1. Continue scanning of plans and records
2. Preparation of long range facilities maintenance plan to avoid costly emergency repairs to buildings
3. Continue creation of hydraulic water model with WaterGEMS software to find areas for cost savings and efficiencies in pumping and reservoir system and water main layout
4. Use of computer tablets in the field for paperless annotation of plans and preparation of daily reports
5. Replace underperforming online application for loading zones, special parking zones, disability zones
6. Replace underperforming special assessment online balance owed status and bill pay

CONTINUOUS IMPROVEMENT/LEAN PROJECTS

2018 Continuous Improvement/Lean Projects Completed		
Description (include staff involved and how this impacted service delivery)	Lean Training Req.	Outside of Lean Training
<i>Example: New Hire Orientation – HR and IT; streamline orientation process</i>	X	
1.Special Assessment software migration to new host for continued automated special assessment generation for Nancy Stengel	X	
2.Oversize load permit fee cost calculations to recoup actual costs	X	
3.Online bidding with Quest website to create paperless, automated bidding process		X
4.Create hydraulic water model with WaterGEMS software to eliminate the need for water main pressure testing in the field and to more precisely model the entire system in order to find areas for cost savings and efficiencies in pumping and reservoir system		X
5.Scanning of plans and records to allow access to all plans at everyone's desktop instead of from the vault		X

2019 Continuous Improvement/Lean Projects			
Description	Staff Involved	Service Delivery Impact	Measurement/KPI
1.Restore special assessment online balance owed status and bill pay	Special Assessment Specialist, Finance, Treasurer's Office	24 hour access for public to online bills and balances	Reduced phone calls for balance owed status
2.Tablets used in field for plans and reports	Engineering Technicians in field	Paperless annotation of plans and preparation of daily reports	Reduced use of paper

3. Continue creation of hydraulic water model with WaterGEMS software	Engineers involved in water main design, DPW water utility staff at reservoir, Fire Dept. staff involved in pressure testing	Eliminate the need for water main pressure testing in the field and to more precisely model the entire system in order to find areas for cost savings and efficiencies in pumping and reservoir system	Reduced electricity use at Reservoir, Reduced maintenance costs at Reservoir
4. Continue scanning of plans and records	Engineers and Engineering Technicians	Allow access to all plans at everyone's desktop instead of from the vault	Reduced time needed to prepare plans
5. Restore online application for loading zones, special parking zones, disability zones	Greg Bartelme	Allow applications to be submitted from home 24 hours a day	Reduced time and paperwork

Identify at least one process/duty/task that your department would like reviewed pursuant to Strategic Action 5-5 and listed the department contact/subject matter expert (SME).	
Item	Department SME
<i>Example: Analysis of X permit process</i>	<i>Employee Name</i>
1. Special assessment online bill pay has been malfunctioning and was discontinued	Nancy Stengel
2. Online loading zone application using BP Logix has been malfunctioning and was discontinued	Greg Bartelme
3. Online disability parking zone application using BP Logix has been malfunctioning and was discontinued	Greg Bartelme
4. Online special parking zone application using BP Logix has been malfunctioning and was discontinued	Greg Bartelme

EMPLOYEE DEVELOPMENT
Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If no, describe plans to accomplish this in the next 3 years. <ul style="list-style-type: none"> - Peter Daniels will continue attending CVMIC Management training - Heath Brozovich will begin attending CVMIC Supervisor training - Robert Hutter has completed a Fundamentals of Management Certificate through the University of Wisconsin but will also be taking CVMIC Supervisor training

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development
1. Rebecca Fleming took Green Belt Training and Quest Training
2. Nancy Stengel took White Belt Training
3. Darcy Menzia took White Belt Training and Quest Training
4. Robert Strysick took Green Belt Training
5. Robert Hutter took Champion Training
6. Peter Daniels took Champion Training
7. Leo plans to take Yellow Belt Training

2019 Employee Development
1. Sara Breitzman will take Engineering Design training in the areas of street and sewer design
2. Frank Leung will take Construction Inspection training
3. Michael Lee will take Construction Inspection training
4. Matthew Zinnecker will take Engineering Design training in the areas of street and sewer design
5. Eric Jeske will take Construction Inspection training

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING
Does your department have documented procedures for completion of all of its critical tasks? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need. Annually
If no to one or both questions, describe steps which will be taken in 2019 ensure documentation and cross training are completed.

STRATEGIC PLAN		
2018 Activities towards completion of Strategic Actions in Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
<i>Create a culture of innovation and continuous improvement (SA 5-1)</i>	<i>Number of Lean Projects completed outside of the lean training</i>	
1. Expand existing efforts to achieve city-wide Complete Streets program that provides safe and healthy transportation choices for multiple users of all ages, including driving, biking, walking or taking transit. (SA 2-4)	National Avenue will have bike lanes, green bike boxes and enhanced sidewalk areas.	SA 2-4

2. Improve city-wide parks, open space and art: utilization, maintenance and security. (SA 2-5)	The Engineering Department has implemented the Parks Plan by constructing Klentz and Roosevelt Parks in 2018. 5 parks have been completed from the Parks Plan.	SA 2-5
3. Develop a sustainable Capital Improvement Plan which includes equipment and facilities replacement cycles, and maintenance and repair plans (SA 4-7)	The Engineering Department has been advocating for a sustainable CIP program and overseeing the Facilities Assessment initiative and DPW Yards Action Plan.	SA 4-7
4. Continue to develop city-wide technology opportunities and utilization of software to ensure efficient and effective use of government resources (SA 4-5)	Engineering Department has initiated online bidding	SA 4-5
5. Develop a sustainable Capital Improvement Plan which includes equipment and facilities replacement cycles, and maintenance and repair plans (SA 4-7) and Focus on Health Lifestyles (SA 2-2)	The Engineering Department has been replacing private lead services throughout the City. We have replaced about 460 of the 9,300 private lead services in the City.	SA 4-7 SA 2-2
6. Increase City-wide department and agency employee knowledge of organizational operations, processes, goals and plans (SA 5-2)	The Engineering Department has implemented weekly staff meetings with supervisors and quarterly meetings with all staff.	SA 5-2
7. Expand access to City information through citizen focused city-wide communications and social media activities (SA 3-5)	The Engineering Department collaborated with Communications Department to get the word out about Greenfield Ave emergency repairs and National Avenue reconstruction and private lead service concerns.	SA 3-5
8. Continue to develop city-wide technology opportunities and utilization of software to ensure efficient and effective use of government resources (SA 4-5)	Creation of hydraulic water model with WaterGEMS software to eliminate the need for water main pressure testing in the field and to more precisely model the entire system in order to find areas for cost savings and efficiencies in water main system	SA 4-5

2019 Planned Activities towards completion of Strategic Actions in the Strategic Plan		
Activity	Measurement/KPI	Strategic Action #
1. Improve city-wide parks, open space and art: utilization, maintenance and security. (SA 2-5)	The Engineering Department will help implement plans for a Dog Park	SA 2-5
2. Continue to develop city-wide technology opportunities and utilization of software to ensure efficient and effective use of government resources (SA 4-5)	The Engineering Department will help redevelop the underperforming online systems to process loading zones, special parking areas and disabled parking zones	SA 4-5
3. Continue to develop city-wide technology opportunities and utilization of software to ensure efficient and effective use of government resources (SA 4-5)	The Engineering Department will help redevelop the underperforming online systems for paying special assessments online	SA 4-5
4. Expand existing efforts to achieve city-wide Complete Streets program that provides safe and healthy transportation choices for multiple users of all ages, including driving, biking, walking or taking transit. (SA 2-4)	National Avenue and 116 th Street will have bike lanes and/or enhanced sidewalk areas.	SA 2-4
5. Develop a sustainable Capital Improvement Plan which includes equipment and facilities replacement cycles, and maintenance and repair plans (SA 4-7)	The Engineering Department will help oversee the Facilities Assessment initiative and Action Plan for DPW Yards Facility and Transfer Station and will participate in the Water Utility Facilities Assessment. 3.5 miles of new pavement per year would also be a sustainable goal.	SA 4-7
7. Expand access to City information through citizen focused city-wide communications and social media activities (SA 3-5)	The Engineering Department will continue collaboration with Communications Department to get the word out about National Avenue reconstruction and private lead service concerns.	SA 3-5
8. Continue to develop city-wide technology opportunities and utilization of software to ensure efficient and effective use of government resources (SA 4-5)	Continue creation of hydraulic water model with WaterGEMS software to eliminate the need for water main pressure testing in the field and to more precisely model the entire system in	SA 4-5

	order to find areas for cost savings and efficiencies in water main system	

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.

1. The Engineering Dept. and Water Utility need to explore the possibility of instituting a mandatory private lead service line replacement program to replace the remaining 9,000 private lead services in the City. Residents must pay at least ½ by state law leaving the Water Utility to pay the other ½ (~\$500,000). This initiative supports SA 2-2: Focus on Health Lifestyles and SA 4-7: Develop a sustainable Capital Improvement Plan.

REVENUES

Are there any changes for 2019 which may impact your revenues for 2019? Yes No

If yes, please note the details here:
 The oversize load fees will be increased based on our Green Belt project results

SALARY ACCOUNT ADJUSTMENTS

Are there any vacancies or adjustments to positions which can be used to fund new initiatives or requests for additional resources listed above or in other areas of the city? Yes No

If yes, please note the details here:

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.
1. Dual Protection Program – Sexually Transmitted Infection (STI) testing and treatment, pregnancy testing, health insurance eligibility screening and enrollment, dual protection education and supplies, and initial/primary method, and referral and follow-up. STI rates are continuing to increase and access to care and services has been reduced in the area. Many of these will be billable services. Will have some initial startup costs for supplies and medications. Ongoing staffing and supply costs should be covered by program fees and/or insurance reimbursements.
2. Promote Environmental Technician (Non-Exempt D) to Environmental (Exempt I) during 2019 – Adding Greendale environmental health, back up to Greenfield Health Department and the increasing number of community events during evenings and weekends, involving food, has significantly increased the workload for the Environmentalists. Salary increase would be covered by emergency preparedness grant (currently an unfilled 0.5 FTE). Estimated cost of increased salary and benefits is ~\$20,000.

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.

1. Research and secure a software package to electronically track membership and participant's involvement in all programs and activities. This will replace current method of manually tracking on paper and increase efficiency. The cost could possibly be covered by carryover of unspent salary dollars.

SERVICE DELIVERY

Example: Implemented Performance Management Program.

2018 Accomplishments related to Service Delivery (Process Improvements, Streamlining, etc.)

- 1.Improved and Additional Outreach into Community at public events
- 2.Partnerships with the Health Department to provide programming directed specifically at Fathers in the Community
- 3.Improved and increased partnerships with WA-WM School District with librarians in attendance at high interest events and summer food program (highly successful)
- 4."Book a Librarian" program for citizens where personalized information is available on an appointment basis
- 5.Staff "Coffee & A Book" club aimed at underserved age 21-30 demographic

2019 Plans for Service Delivery Improvements (*Min. 5 per division*)

1. Identify additional outreach opportunities for 2019 and emphasize marketing campaign for Library Services. Designate an "Outreach Librarian" to coordinate specific services
2. Take "Coffee & a Book" Club out into public space on Saturday mornings to help reach the 21-30 age group
3. New and improved web presence
4. Outreach focus to include additional presence on East end of the City
5. Re-develop computer/job skill classes for the public.
6. Expand "Roaming Reference" opportunities daily where Library staff casually connect with patrons inside the building; ensuring that they are finding the resources they came to the Library for.

CONTINUOUS IMPROVEMENT/LEAN PROJECTS

2018 Continuous Improvement/Lean Projects Completed

Description (include staff involved and how this impacted service delivery)	Lean Training Req.	Outside of Lean Training
Example: New Hire Orientation – HR and IT; streamline orientation process	X	
1.Worked with Clerk's office to run several batches per month for self-payment accounting rather than daily computations (staff involved Ashley Wagner Administrative Assistant)		x
2.Crafted an entirely new process for cleaning the building incorporating microfiber technology (CPI) and purchasing a mini-washer to make greater use of Custodians time and provide a noticeably cleaner environment . This is a great system that has drastically improved efficiencies and the cleanliness of the building. (Suggested by Mark Kasten Municipal Janitor).		x
3.Implementing a new inventory control system where the Administrative Assistant uses an Excel Spreadsheet to track the use of the many and varied supplies used in the building. An internal, central control that will result in more accurate and efficient tracking. (Ashley Wagner Administrative Assistant)		x
4. A color-coded dusting mapping system suggested by Municipal Janitor Mark Kasten was implemented and ensures that dusting is completed consistently and redundancies in coverage avoided.		x
5. A time study completed by Municipal Janitor Mark Kasten which resulted in a better, and more efficient use of weekend, part-time custodial staff's time.		x

2019 Continuous Improvement/Lean Projects

EMPLOYEE DEVELOPMENT
Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
If no, describe plans to accomplish this in the next 3 years.

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development
1.FEMA training
2.Provoding library services to homeless customers and visitors suffering from mental illness online workshop
3.Anonymous staff suggestion box was implemented providing for improved employee input & engagement
4.Various MCFLS Continuing Education opportunities presented annually
5.CVMIC and EPL Training sessions

2019 Employee Development
1.Customer Service Training and a customer service policy that will provide clear service expectations for current and new hires alike.
2.Regular department meetings where staff can honestly discuss issues with colleagues and their supervisor, and solutions to challenges can be worked out
3.
4.
5.

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks? Yes No

Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? Yes No

If yes to both, describe how often this information is reviewed for accuracy and staff are trained to ensure continued knowledge awareness need. At least annually and often more as library staff share tasks and easily transition when colleagues are out for any significant time.

If no to one or both questions, describe steps which will be taken in 2019 ensure documentation and cross training are completed.

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019

Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.

- 1.
- 2.
- 3.
- 4.
- 5.

REVENUES

Are there any changes for 2019 which may impact your revenues for 2019? Yes No

If yes, please note the details here: The Milwaukee County Federated Library System (MCFLS) overpaid the Library \$7,300.00 in 2018 for reciprocal borrowing charges. MCFLS will deduct that amount from the Library's 2019 payment.

SALARY ACCOUNT ADJUSTMENTS

Are there any vacancies or adjustments to positions which can be used to fund new initiatives or requests for additional resources listed above or in other areas of the city? Yes No

If yes, please note the details here:

1. Two open positions: 1.0 Clerical Assistant and 0.5 Librarian will be combined to form a single 1.0 Librarian position.
2. A 1.0 Library Technician position is underutilized due to the scarcity of work related to the position. It can be analyzed in the future for either potential downgrade or elimination.

2019 Budget & Action Plan

Special Revenue Funds Revenues and Expenditures

Department	Director	Fund and Dept. Group
Special Revenue Funds	Various Departments	240-79XX, 250-80xx, 255-8101, 214, 215, 201, 261, 265, 395, 396, 397

Mission/Overview

Special Revenue Funds are used to account for money collected from specific revenue sources that is restricted to be spent for specified purposes. Most of the City's Special Revenue Funds account for grant revenues awarded from a federal or state agency to be spent on a specific initiative. These funds are managed by the city department that requested the grant funding. Other City Special Revenue Funds account for funds the City receives that are restricted or committed to specific city initiatives.

Service Provided

Communication Fund: See attached Business Plan provided by Communications Department

Tourism Fund: This fund accounts for tourism expenditures funded by Hotel Room Tax collections.

Community Development Block Grant Fund: This fund accounts for expenditures of federal funds awarded to the City from the US Department of Housing and Urban Development Community Development Block Grant program. The Planning/Community Development Department administers this program. Refer to their Business Plan for details.

Housing Assistance Program: This fund accounts for expenditures of federal funds awarded to the City from the US Department of Housing and Urban Development Section 8 Housing Choice Voucher Program and HOME program. The Community Development Department's Housing Division administers these programs. Refer to their department Business Plan for details

Health Grants: The Health Department administers approximately \$800,000 of funding annually for the Supplemental Food Program for Women, Infants, and Children (WIC) from the US Department of Agriculture. They also receive grant funding for Maternal Child Health Services (MCH), Immunization, and Emergency Preparedness, as well as several smaller miscellaneous health grants.

Police Grants: The Police Department receives funding from Wisconsin Department of Justice to support additional police personnel for community work ("beat patrols"). The US Department of Transportation also provides funding for highway safety programs (Speed Enforcement, Seatbelt Task Force, Alcohol Enforcement). The City also acts as the fiscal agent for the federal government's Milwaukee area High Intensity Drug Trafficking Area (HIDTA) program.

Police K9 Fund: The Police Department administers a K9 fund which collects contributions to offset the costs of training, veterinary services, and other related costs of the department's K9 dogs.

Police Asset Forfeiture Fund: The Police Department administers an Asset Forfeiture fund through its participation in a US Department of Justice program which allows police departments to receive revenues collected through the seizure and forfeiture of assets used to commit or facilitate federal crimes. The revenues are used to fund police equipment and other department needs.

Fire Grants: The Fire Department receives an annual grant from the Wisconsin Department of Health Services EMS Funding Assistance Program. They may also receive small miscellaneous grants for Fire Prevention and Safety.

Information Technology Joint Ventures Fund: The City collects revenues from several municipalities for hosting their police software, as well as providing IT Services to the Village of West Milwaukee. The revenues are used to fund technology infrastructure (servers, networking, etc)

Artscape/Public Art Fund: This fund accounts for the expenditure of donations received by the City for public art projects.

TID Area Rehab and Assistance Funds: Recent Tax Increment Districts (TIDs) have included funding to create loan programs that can assist homeowners and potential business owners with property upgrades or economic assistance to start or improve their business. The Community Development department administers these loans.

First-Ring Industrial Redevelopment Enterprise, LLC (FIRE): The City owns and operates this LLC which has applied for and received multiple allocations of New Markets Tax Credits from the federal government to incentivize private investment in distressed communities. This fund accounts for the economic development expenses funded through the revenues related to the sale of the tax credits and the related fees collected.

EMPLOYEE DEVELOPMENT

Have all of the department managers and supervisors completed CVMIC Management and/or Supervision training? Yes No

If no, describe plans to accomplish this in the next 3 years.

- Jenny Kosek will enroll in CVMIC's Supervisor Certificate Program beginning in the fall of 2018.

In the tables below, list five employee development activities that have been completed or will be completed in 2018 and plans for 2019.

2018 Employee Development

1. Implement weekly stand up meetings
2. Improve project management with whiteboard project management
3. Participation in Executive Leadership Training
4. Participation in Employee Enrichment Series
5. Participation in Giving and Receiving Feedback Training
6. Participation in EPL Team Building and Coaching Training
7. Reclassified Communications Specialist to Communications Strategist
8. Recognize Accomplishments
9. Have Regular Reviews – Give Constructive Feedback
10. Attend relevant conferences and seminars

2019 Employee Development

1. Create Individual Development Plans
1. Implement Cross Departmental Training
2. Encourage Outside Class Attendance
3. Encourage Networking
4. Encourage Growth Within the Organization
5. Stretch Assignments and Projects (serve on cross-functional teams)

CRITICAL TASK DOCUMENTATION/SUCCESSION PLANNING/CROSS TRAINING

Does your department have documented procedures for completion of all of its critical tasks? Yes No

Is staff cross-trained on critical tasks and items affecting service delivery to ensure effective and efficient continuity of services during absences, transitions and vacancies? Yes No

If yes to both, describe how often this information is reviewed for accuracy and how staff are trained to ensure continued knowledge awareness need.

If no to one or both questions, describe steps which will be taken in 2019 to ensure documentation and cross training are completed.

Identify and implement a succession planning template and establish times to spend on it. Emphasize continued staff cross-training on critical tasks to prevent service interruption.

NEW INITIATIVES OR REQUESTS FOR ADDITIONAL RESOURCES IN 2019
Describe any new initiatives or requests for additional resources in 2019, include description, need for the initiative, how it relates to the strategic plan, and what additional costs it may include.
1. Sponsorship Program (SA 1-2); Define and standardize how the city sponsors events and how organizations can sponsor city events
2. Volunteer Program (SA 3-3); Create Municipal Volunteer Program (MVP) to connect residents with city departments through active volunteer participation.
3. AskAllis, Employee Intranet, Design Refresh (SA 4-5); Update employee intranet with new city

branding and redesign home page layout. \$8,000
4. City Buildings Tour Program/Open Houses (SA 3-1); Learn about the rich history of West Allis in addition to learning about the workings of city government and city departments.
5. Council Chambers Technology Upgrades – Convert to Wireless Microphones (SA 4-5); Audio technology in the council chambers is over 18 years old; conversion to wireless technology will allow more flexibility for room use. \$60,000
6. City Wide Citizen Survey (SA 3-7); Measure residents' level of satisfaction with municipal services, programs and amenities. \$10,000
7. Purchasing scoring and creasing machine (SA 4-2); Create professional looking creases for print collateral during brand updating. \$10,000
8. Increase Tourism and Event Coordinator position from .875 part-time to full-time position (SA 1-2); There is demand on the position to create new city events and improve existing city events. As the point of contact for all city events, moving this position to full-time will result in service level improvements and increased efficiencies. This position works closely with the City's marketing firm and the Tourism Commission and is partially funded (50%) by tourism.
9. Increase Communications Assistant position from .90 part-time to full-time position (SA 5-6); There is an ever increasing demand on the single Communications Associate position. There will be further demand on this position with SA 1-1 and the rebranding underway. Moving the position to full-time will allow for continuation of current and expanding service levels plus allow for greater efficiencies.
10. Reposition City Newsletter from a quarterly to triannual publication – this will save over \$8000 in mailing expenses vs 4 issues; will also allow for longer issues with more information vs. 20 page/quarterly issues of 2018 (SA 3-5)
11. Pop Up City Hall (SA 3-1); Bring city services directly to people and neighborhoods that have trouble accessing in-person city services, information and programs and can't do everything on the internet.
12. Development of digital historical walking tours using GIS or app development (SA 1- 3)
13. Collaborate with local organizations to strengthen communication opportunities with vulnerable/underserved/emerging populations (SA 2-6; SA 1-4; SA 1-10; SA 2-2; SA 2-3)

WEST ALLIS TOURISM COMMISSION

2019 Tourism Budget Proposal

Background

Formed in 2016, the West Allis Tourism Commission is responsible for using the room tax revenue that it receives from the municipality for tourism promotion and tourism development in the municipality. Wisconsin law requires that certain percentages of room tax revenues, as discussed below, must be spent on tourism promotion and tourism development. For municipalities that adopted a room tax after May 13, 1994, the room tax rate may be no higher than 8%, and at least 70% of the room tax collections must be dedicated to expenditures related to tourism promotion and development. Therefore, up to 30% of room tax collections may be directed to general municipal expenditures.¹

The Tourism Commissions efforts are intended to not only utilize the room tax revenues to promote tourism in the City of West Allis, but to help the City achieve goal number 1 “Brand/Image/Destination” in the City’s 2017 – 2021 Strategic Plan, which states: The City of West Allis will become the “preferred municipality in the Milwaukee Metropolitan area, the state, and the country for visitors, residents and businesses through focused rebranding, marketing and promotion actions.” Under this goal, strategic action 1-1 states the City will “Formalize a clear image through marketing and brand development process.”

In addition, the Tourism Commission is specifically tasked with promoting the West Allis Farmers Market and West Allis Library as community destinations.

2018 Accomplishments

To support its goals, the Tourism Commission issued an RFP for a marketing agency in late 2016, and in January 2018, began working with Savage Solutions, LLC, a Milwaukee-based marketing firm, to rebrand the City. Brand concepts, including a logo, color scheme, and fonts, was proposed in June. The brand was approved by the Common Council in July, and the requested budget to launch the brand was approved by the Tourism Commission shortly thereafter.

At the time of this writing, the new brand is expected to launch in October of 2018. Savage is in the process of preparing a three year marketing plan for the City, which will include leveraging the West Allis Farmers Market as a key tourism destination and event asset.

2019 Opportunities: Leveraging the Farmers Market

The City of West Allis Five Year Strategic Plan requires a Farmers Market marketing plan that “expands the market’s role as a city wide and regional destination” (Goal 1, Strategic Action 1-5). The first phase of the three year marketing plan Savage Solutions is creating will focus on developing West Allis’ business community and commercial opportunities. Tourism will be a focus in later years of the marketing plan. That is not to say that tourism efforts will not be underway in the meantime; however, a comprehensive approach to marketing West Allis as a tourism destination will be built on the foundations of the first phase of the plan, which will first aim to build commercial opportunities in the City.

The West Allis Farmers Market was identified in Savage’s 2018 marketing research as a key point of pride for West Allis residents and a destination for visitors. In recent years, the Farmers Market has increasingly become an in-demand event venue for public events such as Curds & Kegs and the Christkindlmarkt (both hosted by Eat West Allis), and Iron Chef Milwaukee (hosted by Happy Tails Cat Rescue), among others. There is tremendous potential to not only expand attractions at the Farmers Market regular market days, but also to promote and leverage the market as a public event venue.

With the City’s new brand launching this fall and with the recent hire of a Tourism & Event Coordinator, there is strong opportunity to rebrand the market, restructure its management, and develop a firm marketing campaign that will allow the market to compete in what has become a crowded marketplace.

The West Allis Farmers Market is facing greater competition for shoppers as more neighboring communities develop their own farmers markets. New Berlin, Wauwatosa, Brookfield, Greendale, Greenfield, Oak Creek, Milwaukee Public Market, Shorewood, Riverwest, South Milwaukee, and Waukesha all boast farmers markets. Studies of farmers market shopper demographics report that shoppers travel an average of 6 – 17 miles to attend markets, meaning many choices are available for shoppers in the Milwaukee-metro area.² The City of West Allis needs to continually work to set its market apart, and promote the market heavily to continue to attract to shoppers.

It is recommended that management of the market be assigned to the Tourism and Event Coordinator. This will allow for several advantages over the current management structure:

- As the main point of contact for all City events, the T/E Coordinator will function as the first touchpoint for anyone interested in hosting events at the market, ensuring consistent customer service and clarity of process.
- As part of the Communications Department, the T/E Coordinator will be able to quickly and easily coordinate and execute promotions of Farmers Market events, while also ensuring consistent branding and messaging.
- With knowledge of the competitive market landscape, the tourism industry, and neighboring community events, the T/E Coordinator is best suited to assess current market offerings and propose/source new offerings (including vendors, amenities, etc) to keep the market fresh, engaging, and attractive to visitors.

This model has worked for Oak Creek’s successful farmers market. That city’s tourism coordinator manages the market’s events, calendar, schedules, and works with vendors and volunteers to run the weekly market days and special events. An on site market manager and volunteers are available to

assist guests. The city's health department reviews all vendors to ensure proper permitting. The market offers an array of produce and foods, as well as artisan goods, live music, seminars, and live craft demonstrations. Farmers markets, like Oak Creek's, have continued to diversify their offerings, going beyond food to create lively community gathering places. The West Allis Farmers Market has been slow to evolve with this trend, and with the new City brand and the Six Points neighborhood in redevelopment, the time is ideal for a new approach to support what has become the heart of the community.

Farmers Market 100th Anniversary

In 2019, the West Allis Farmers Market will celebrate its 100th anniversary. To support the City's Strategic Plan Goal, Savage Solutions will develop a unique Farmers Market brand that will launch around the market's 2019 opening. With this in place, promotional items, ad buys, and a 100th anniversary marketing campaign will launch to attract new visitors to the market and delight returning customers.

Promotions/activities may include:

- Farmers Market branded items including t-shirts, seed packets, kids' hats, reusable totes, etc.
- Refresh of Farmers Market Facebook page to promote vendors and activities
- Live music, crafters, and more diverse vendor offerings on market days
- Creating a kid-friendly area at the market, with coloring sheets, chalk art, nutrition information, easy crafts (possible partnership with West Allis West Milwaukee Recreation & Community Services); create Sprouts Program, providing vouchers to children to redeem for fresh vegetables at the market.
- City booth, staffed by city staff or volunteers, to connect visitors and residents with city resources, information, and to sell city-branded items
- New events, such as a farm-to-table dinner prepared by a West Allis-based chef; chef-led "market tours"; and more food tasting opportunities from vendors
- Comprehensive promotions campaign including social media, print ads, video, and radio
- Expansion of content on westallisfarmersmarket.com to include video, vendor stories, etc.

Debt Service Fund	Peggy Steeno	401

Mission/Overview

The mission of the Debt Service Fund is to:

- (1) Prudently manage the outstanding debt of the City,
- (2) Maintain a strong debt rating, to the extent possible, which enables the City to borrow funds at a favorable rate,
- (3) Maintain a record of all individual outstanding City debt issues, including recording all new debt offerings, annual debt service payments, debt retirements and debt refinancings,
- (4) Ensure that all required debt payments are made timely,
- (5) Collect resources from all applicable City funds, including the annual tax levy, to enable the debt service fund to make required payments on behalf of each fund that holds outstanding debt obligations,
- (6) Minimize the interest paid on debt, to the extent possible, through matching the timing of borrowings to needed spending, monitoring market conditions, executing refinancings when favorable, and retiring debt promptly when applicable.

Services Provided

Services provided include the following:

- (1) Active management of all existing City debt, including debt issuance and debt payment,
- (2) Completion of all regulatory required communications,
- (3) Assist all departments that are contemplating debt issuance for specific projects,
- (4) Calculate and communicate debt projections for contemplated debt,
- (5) Monitor rules and regulations with regard to debt limitations, debt issuance, spenddown timing, and debt recording,
- (6) Maintain, adhere to, and recommend changes to City policies related to debt, and
- (7) Work closely with the City's financial advisor on overall short and long term debt planning.

Mission/Overview		
Enterprise Funds are used to account for services provided by the City where the primary revenue source is a fee charged to external users.		
Services Provided		
<p>Water Utility: The Public Works Department-Water Division maintains the City's water system, meter reading and the billing of water, sewer, storm, and solid waste charges, in accordance with Wisconsin Public Service Commission requirements. The Engineering Department plans for capital replacement and repair of the water system. Primary operational costs include the purchase of water from Milwaukee Water Works and its distribution to West Allis customers; maintenance and repair of the city's water mains, hydrants, valves, services, and meters; meter reading; and billing.</p> <p>Sanitary Sewer Utility: The Public Works Department-Sanitation and Streets Division maintains the City's sanitary sewer system. The Engineering Department plans for capital replacement and repair of the sanitary sewer system. Primary operational costs include maintenance, repair, and cleaning of the city's sanitary sewer lines.</p> <p>Storm Water Utility: The Public Works Department-Sanitation and Streets Division maintains the City's storm sewer system. The Engineering Department plans for capital replacement and repair of the sanitary sewer system. Primary operational costs include maintenance, repair, and cleaning of the city's storm sewers and catch basins, as well as street sweeping, and leaf collection.</p> <p>Solid Waste Fund: The Public Works Department-Sanitation and Streets Division is responsible for the City's Solid Waste Fund. Primary operational costs include the collection of recyclables, and the dumping fees for garbage collection.</p> <p>Parking Utility: The Public Works Department-Sanitation and Streets Division and Forestry Division are responsible for the City's Parking Utility. Primary operational costs include the maintenance and snow plowing of the downtown area parking lots.</p> <p>Beloit Road Senior Housing: The City remains a minority owner of the Beloit Road housing complex, and has a contract with the ownership group to manage and operate the facility. The Community Development Division oversees the management contract and the Public Works-Building and Electrical Division provides maintenance services for the complex. Maintenance Costs are reimbursed by and the city receives a management fee for its continued efforts in operating the complex.</p>

Mission/Overview

The mission of the City's Self-Funded Health Insurance Program is to promote, maintain, and improve the health and well-being of those covered by the plan in a fiscally responsible manner.

Our goals are to carry out the Common Council's established objectives, which include consideration of the following:

- a. Fiduciary Responsibility to the Taxpayer,
- b. Cost Control,
- c. Reduction of the OPEB (Other Post-Employment Benefits) Liability,
- d. Optimal Member Health,
- e. Positive Customer Service Experience,
- f. Recruitment and Retention,
- g. Uniformity of Benefits Amongst Employee Groups, and
- h. Offerings Provided by Similar Organizations.

Specific Action Items:

- (1) Offer prudent, cost-effective health plans, including accessible services, provided in a profession and caring manner, which allow the City to be competitive, and attract and maintain high quality employees;
- (2) Utilize the City's Employee Benefit Committee, which will, in partnership with the City's Insurance Consultant, explore, review, develop and recommend, for Common Council action, best practices approaches, policies and procedures relating to employee benefits, including both short and long term planning initiatives;
- (3) Work closely with the City's insurance consultant to find plan options which meet the needs of the employees/retirees and their families, while remaining fiscally responsible to the tax payers;
- (4) Explore alternative offerings which become available in the marketplace;
- (5) Engage the employees and retirees in the health insurance discussion by providing information and soliciting feedback with the goal of making them better insurance consumers and self-advocates;
- (6) Make wellness an integral part of the overall plan, working to increase employee wellness and reduce health risks, understanding that this plays a critical role in the well-being of employees, the costs of the plan, and the outlook for the future;
- (7) Manage, monitor, report, and reconcile the Health Insurance Fund to maintain a sustainable program into the future; and
- (8) Ensure that the selected plan offerings are made in conjunction with the objectives of the City's Strategic Plan and goals of managing the City's OPEB Liability.

Services Provided

Services include the following:

- (1) Offer annual plans to employees and retirees, including an open enrollment period each year for employees to review and select appropriate plans;
- (2) Maintain all of the ancillary services which are part of the City's plan;
- (3) Create a short and long term strategic plan with regard to health and wellness;
- (4) Provide ongoing wellness opportunities which complement the plan offerings;
- (5) Assist plan members with questions, changes, concerns with regard to the plans; and
- (6) Budget, manage, reconcile, and report operations of the fund.

Wellness Program (HR)	<u>Daily Supervision:</u> HR Director <u>Overall Program Oversight:</u> Employee Benefit Committee/Employee Benefit Advisory & Wellness Committee under the direction of the City Administrator	602.5601 (Health Fund)

Mission/Overview

In order to provide fiscally responsible administration of benefits and provide opportunity for employee input, the Employee Benefit Committee and Employee Benefit Advisory and Wellness Committee were established in 2017.

Both Committees operate cooperatively and under the direction of the City Administrator to ensure benefit and wellness planning maintains congruence with overall City operational and strategic plans and effective and efficient use of City resources.

The City's Benefit/Wellness Coordinator, HR Department, administers the Wellness Program under the guidelines established for these Committees as outlined in Policy 1413 Health/Dental Insurance:

Employee Benefit Committee (EBC). The City will establish an Employee Benefit Committee which will, in partnership with the City's Insurance Consultant, explore, review, develop and recommend (for Common Council action) best practice approaches, policies and procedures relating to employee benefits. The Committee will develop, execute and update a long term strategic plan for benefit and wellness programs.

EBC Members. Membership of the Employee Benefit Committee will include: 1) Alderperson appointed by the Common Council President, 2) Member of the Administration and Finance Committee appointed by the Chair, 3) City Administrator, 4) Human Resources Director, and 5) Finance Director. The City Attorney or designee, Deputy Finance Director, and Benefits and Wellness Coordinator will serve as resource staff for the Committee.

Employee Benefit Advisory and Wellness Committee (EBAWC). The City will establish an Employee Benefit Advisory and Wellness Committee which will: 1) function in an advisory capacity for the Employee Benefit Committee; and 2) strive to increase employee wellness and reduce health risks through awareness, education, support and outcomes- based wellness activities. The Committee will convene to provide input and feedback relating to employee benefit plans, offerings, long term planning and other assistance as may be requested from the Employee Benefit Committee. The Committee will serve as a sounding board for initiatives and efforts underway and facilitate communication as requested among City employees. The Committee will develop goals and objectives consistent with the long term strategic plan for benefit and wellness programs and deliver programs which effectuate the goals and objectives. The Committee shall establish short and long term wellness plans (for Common Council action).

EBAWC Members. Membership of the Employee Benefit Advisory and Wellness Committee will include: 1) City Administrator or designee, 2) Human Resources Director, 3) Benefits and Wellness Coordinator (chairperson), 4) Finance Director or designee, 5) Communications Director or designee, 6) Safety and Training Coordinator, 7) Health Department Employee*, 8) Public Works Employee*, 9) Library Employee*, 10) Fire Department Employee*, and 11) Police Department Employee*.

**Appointed by respective Department Head and will serve two year terms.*

Criteria for EBC and EBAWC Activities. Consideration of the following will guide the Committees' activities (listed by order of importance): 1) Fiduciary responsibility to the taxpayer, 2) Cost control, 3) Reduction of OPEB liability (other postemployment benefits), 4) Optimal member health, 5) Positive customer service experience, 6) Recruitment, retention, and uniformity of benefits amongst employee groups, 7) Offerings provided by similar organizations.

EBC and EBAWC Members' Roles and Responsibilities. Committee members' roles and responsibilities shall include, but notbe limited to: 1) Actively participate in Committee activities including meetings, 2) Ensure adherence to the criteria listed

Continued

herein, 3) Respect the sensitivity and maintain confidentiality of information provided, 4) Act as a liaison between the Committee and employees, 5) Provide constructive feedback, 6) Support and implement (as applicable) Committee agreed upon recommendations and recommendations approved by the Common Council. Failure to adhere to membership roles and responsibilities will result in removal from the Committee.

SERVICE DELIVERY

Example: Implemented Performance Management Program.

2018 Accomplishments related to Service Delivery (Process Improvements, Streamlining, etc.)

1. Identified (employee/retiree) HRA participants for Finance to apply correct premium share
2. Planned/executed/promoted wellness programs:
 - Bucket List Challenge
 - SpotMe Skin cancer screenings
 - Mayor's Challenge
 - Heroin/Opioid Epidemic Education
 - Ergonomics/Proper Body Mechanics
 - Mayor's Walk
3. Executed an activity on gratitude '3 Good Things' with EBAWC; challenged Committee members to write down 3 things they are thankful for and for a minimum 21-day period and report back if they feel they've become a changed person.
4. Communicated City's benefit program offerings and related events tied to wellness (e.g. ETF's Financial Fitness Program/City's deferred compensation programs, Employee Assistance Program, flu shot clinics, blood pressure screenings, OTC smoking cessation program), and newsworthy communications (Wellness Wednesday's, Bathroom Biweekly).
5. Monthly coordination/promotion of Aurora on-site nurse visits and associated program offerings.

2019 Plans for Service Delivery Improvements (Min. 5 per division)

1. Inaugurate an outcomes based wellness program to include an electronic tracking software solution; determine qualifying

measurements/tiers for eligibility of reduced premium share.
2. Create 3-5 Year roadmap for Wellness and Benefits.
3. Increase employee engagement and satisfaction in wellness through various new training and offerings that assist in a work/life balance for employees.
4. Incorporate Healthy Lifestyles Coalition and Community Wellness Initiative (former Well City) activities in the workplace so employees realize wellness is a 'community-based' effort (Strategic Goal #2 Quality of Life, 2-2 "Support/leverage Health Dept.'s partnerships and Community Health Improvement Plan by focusing on healthy lifestyles, substance abuse and addiction, and mental health issues".)
5. Employee Enrollment Fair

CONTINUOUS IMPROVEMENT/LEAN PROJECTS

2018 Continuous Improvement/Lean Projects Completed		
Description (include staff involved and how this impacted service delivery)	Lean Training Req.	Outside of Lean Training
Example: New Hire Orientation – HR and IT; streamline orientation process	X	
1. Research/review electronic solutions for implementation of an outcomes based wellness program (ongoing) – HR, CA, Finance, Horton Group – replace City’s previous HRA process with intent to engage employees in their health; provide a cohesive place for individuals to track their wellness activities, receive wellness news/tips, coaching for improved health, etc.; enhanced reporting thereby reducing manual processes.		X
2. Electronic solution (Ask Allis) to provide a cohesive, centralized area for the promotion of program offerings, Wellness Wednesdays, on-site nurse visits, etc. – HR & Communications		X
3. Mayor’s Walk/Challenge – HR, Communications, IT, Healthy Lifestyles Coalition (CWA Health Department, BID, WAWM Rec. Dept., WAC, Donnelly Chiropractic, Aurora West Allis Hospital, etc.) brought West Allis businesses/agencies together in a concerted effort to promote the importance of wellness and how it contributes to a healthy community.
