

PUBLIC PROCUREMENT AUTHORITY
STATION ALERTING Solicitation Synopsis
Solicitation No. 1425

Intent

The Public Procurement Authority (PPA) served as Lead Agency to solicit proposals for STATION ALERTING. PPA works in cooperation with National Purchasing Partners “NPP” and its Government Division dba NPPGov, dba FireRescue GPO, dba Law Enforcement GPO and dba Public Safety GPO (collectively hereinafter “NPPGov”), to service the PPA and NPPGov membership. The published Request for Proposal (RFP) contained provisions that permitted all members of PPA and NPPGov throughout the nation to “piggy-back” off the resulting Master Price Agreement.

Determination for issuing RFP vs. Sealed Bid

PPA has determined that it is advantageous for PPA to procure STATION ALERTING using the competitive RFP process rather than sealed bidding. Sealed bidding limits evaluation of offers solely to compliance with the requirements, provides no opportunity to compare the product and service offerings among the vendors, prohibits revision of the offers, and uses price as the predominate deciding factor. Such limitations prevent PPA from awarding the most advantageous contract(s) for PPA and its members.

Procedure

PPA issued an RFP (1425) on October 22, 2014.

The RFP was published in USA Today on October 27, 2014.

The RFP was published in the Daily Journal of Commerce on January 12, 2015.

The original RFP close date was December 10, 2014 but was extended to February 12, 2015 due to publication requirements.

The RFP was awarded on March 17, 2015.

The RFP was posted to the following web sites: www.nppgov.com, www.procurementauthority.org, and www.findrfp.com

The text of the published notice of solicitation is as follows:
