Memorandum

TO: Board of Public Works

FROM: Michael Lewis, Director of Public Works/City Engineer

DATE: June 16, 2016

RE: **Communication from the Director of Public Works/City Engineer on the status of purchasing recycling carts.**

As directed, we are in the process of getting pricing for recycling carts and should have the numbers at the next meeting. There are a number of issues to think about in the meantime.

- 1) How to pay for the carts. The solid waste/recycling utility does have the capacity to pay for the carts. Or it could be some kind of percentage between the utility and residents.
- 2) In the future, who would pay for the replacement cost of the carts?
