Subject: FW: Online Form Submittal: Email City Clerk's Office

From: david.j.marsek@mscserviuce.com

Message: Maintenance Service Corp. is a neighbor to the north of Elite Environmental and have complained many time to the City of West Allis about the smell that originates for the building at 356 - 60 S. Curtis Road. City of West Allis never gives me a answer, just we will look into it? This is a similar problem that Advances Waste is experiencing over by Miler Brewery/ Harley Davidson Headquarters off Highland. My employees and customers always ask me " What Is That Smell"? I tell them it is coming from that waste treatment company. Please feel free contact me: David Marsek 414 - 573 - 3597
