City of West Allis, Wisconsin
West Allis, Wisconsin

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of City of West Allis, Wisconsin (the City) as of and for the year ended December 31, 2024, and have issued our report thereon dated July 29, 2025. We have previously communicated to you information about our responsibilities under auditing standards generally accepted in the United States of America, *Government Auditing Standards*, and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the Wisconsin *State Single Audit Guidelines*, as well as certain information related to the planned scope and timing of our audit in our statement of work dated January 9, 2025. Professional standards also require that we communicate to you the following information related to our audit.

Significant audit findings or issues

Qualitative aspects of accounting practices

Accounting policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by City of West Allis, Wisconsin are described in Note 1 to the financial statements.

As described in Note 1, the City changed accounting policies related to accounting for compensated absences by adopting Statement of Governmental Accounting Standards Board (GASB Statement) No. 101, *Compensated Absences*, in 2024. Accordingly, the cumulative effect of the accounting change as of the beginning of the year is reported in the statement of activities – governmental activities and the statement of revenues, expenditures and changes in fund balance – governmental funds.

We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- The net retiree health OPEB liability, deferred outflows of resources, and deferred inflows of resources reported for the OPEB benefits are calculated by an actuary based on census data and the plans' assumptions for discount rate, inflation rate, mortality, retirement, and other data. We evaluated the key factors and assumptions used to develop the net OPEB liabilities, deferred outflows of resources, and deferred inflows of resources for OPEB benefits in determining that it is reasonable in relation to the financial statements as a whole.

- Management's estimate of the allowance for doubtful accounts is based on historical billings, historical loss levels, and an analysis of the collectability of individual accounts. We evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole.
- Management's estimate of the health claims payable and workers compensation is based on actuarial estimates. We evaluated the key factors and assumptions used to develop the City's benefit obligations in determining that it is reasonable in relation to the financial statements taken as a whole.

Financial statement disclosures

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. There were no particularly sensitive financial statement disclosures.

The financial statement disclosures are neutral, consistent, and clear.

Significant unusual transactions

We identified no significant unusual transactions.

Difficulties encountered in performing the audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management did not identify and we did not notify them of any uncorrected financial statement misstatements.

Corrected misstatements

Management did not identify and we did not notify them of any financial statement misstatements detected as a result of audit procedures.

Disagreements with management

For purposes of this communication, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. No such disagreements arose during our audit.

Management representations

We have requested certain representations from management that are included in the attached management representation letter dated July 29, 2025.

Management consultations with other independent accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the City’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Significant issues discussed with management prior to engagement

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to engagement as the City’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our engagement.

Other audit findings or issues

We have provided a separate communication to you dated December 31, 2024, communicating internal control related matters identified during the audit.

Audits of group financial statements

We noted no matters related to the group audit that we consider to be significant to the responsibilities of those charged with governance of the group.

Quality of component auditor’s work

There were no instances in which our evaluation of the work of a component auditor gave rise to a concern about the quality of that auditor’s work.

Limitations on the group audit

There were no restrictions on our access to information of components or other limitations on the group audit.

Required supplementary information

With respect to the required supplementary information (RSI) accompanying the financial statements, we made certain inquiries of management about the methods of preparing the RSI, including whether the RSI has been measured and presented in accordance with prescribed guidelines, whether the methods of measurement and preparation have been changed from the prior period and the reasons for any such changes, and whether there were any significant assumptions or interpretations underlying the measurement or presentation of the RSI. We compared the RSI for consistency with management’s responses to the foregoing inquiries, the basic financial statements, and other knowledge obtained during the audit of the basic financial statements. Because these limited procedures do not provide sufficient evidence, we did not express an opinion or provide any assurance on the RSI.

Supplementary information in relation to the financial statements as a whole

With respect to the schedule of expenditures of federal and state awards (SEFA and SESA) accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the SEFA and SESA to determine that the SEFA and SESA complies with the requirements of the Uniform Guidance and the Wisconsin *State Single Audit Guidelines*, the method of preparing it has not changed from the prior period or the reasons for such changes, and the SEFA and SESA is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the SEFA and SESA to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated July 29, 2025.

With respect to the supplementary information accompanying the financial statements, on which we were engaged to report in relation to the financial statements as a whole, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period or the reasons for such changes, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves. We have issued our report thereon dated July 29, 2025.
