Re: 2<sup>nd</sup> Quarter Funding for Educational Access  
Date: 6/26/08

Channel 13's new digital video server for program playback will soon be installed. It is part of a one time capital budget allotted to the West Allis - West Milwaukee School District. The server will also help provide a "cleaner" look to the Board Meetings, which are currently recorded to VHS decks.

The School District channel will be airing the final episode of "Window into Our Schools" in a few weeks. This series looked at the elementary schools in the District. Madison School is the final school to be highlighted in this series.

Multi-camera productions recorded both Hale and Central's graduations. They will be edited, and then shown throughout the summer.

It is staff's recommendation to continue the funding for the educational access channel operations.

Respectfully submitted,

A handwritten signature in cursive script that reads "Jerry Musial".

Jerry Musial
