Subject: Establishment of a City of West Allis Citizen Advisory Communications Committee

Dear Common Council Members:

This letter is to inform you that I am formally establishing a City of West Allis Citizen Advisory Communications Committee. The Committee is being created at the suggestion of Jim Jandovitz, IT/Communications Director as a result of input from community individuals who participated in the Citizens Strategic Planning Committee. Three preliminary, organizational meetings have been held since August to start the discussions.

The purpose of this Committee is to seek citizen input on current City communications and how effective that effort is. Basically, how well does the City communicate with its residents/businesses and how can it improve. We envision the work of this group to take place over a short period of time.

Included with this letter is the start of a membership list for the Advisory Committee. It is a work in progress and includes a variety of individuals and age ranges. We felt it was critical to get "citizen" input and not City employees or elected officials. That input will come with the Council's strategic planning process, set to begin in 2015.

Thank you for your attention to this matter. Your confirmation of this Committee and its purpose will be appreciated.

Sincerely,

A handwritten signature in cursive script that reads "Dan Devine".

Dan Devine,
Mayor
