MEMORANDUM

TO: Robert Barwick, Purchasing
FROM: Jim Leu, Fleet Superintendent
DATE: August 27, 2019
SUBJECT: Sourcewell-Cooperative Purchasing Agreement

This is a budgeted request for the purchase of four (4)-40 yard compactor containers. These containers are an important component to the operation of the City's waste and recycling yard drop-off operations. The four (4)-40 yard compactor containers are over 20 years old and have reached their physical stress limits and need to be replaced.

In coordination with the Purchasing Department we researched the City's options. It is recommended to purchase four (4)-40 yard compactors to replace the containers through a National Sourcewell-Cooperative Purchasing agreement with Box Gang Manufacturing Company. Sourcewell negotiates the lowest price for its members through its national buying power and provides the lowest negotiated price. I recommend the purchase of these budgeted four (4)-40 yard compactor containers; Model ROL-OPB2290-10, for the price of \$58,480. These are high stress and high use containers that will maintain integrity of refuse/yard waste collection for the Public Works Yard Drop-Off site for many years to come.

If there should be any questions or concerns feel free to contact me anytime.

Sincerely,

Jim Leu
Fleet Services Superintendent
