Resolution

File Number: R-2013-0066

Final Action:

Sponsor(s): Administration & Finance Committee

MAR 19 2013

Resolution relative to accepting the sole source proposal of ProPhoenix Corporation to provide Wireless Digital Assistance software for a total net sum of \$28,800.00.

WHEREAS, The Purchasing/Central Services Division has reported that it has received a proposal for providing Wireless Digital Assistance (WDA) software to the West Allis Fire Department; and,

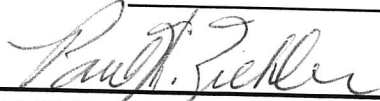

WHEREAS, The Common Council deems it to be in the best interests of the City of West Allis that the proposal of ProPhoenix Corporation be accepted; and,

WHEREAS, the Information Technology Division of the Department of Administration & Finance has determined that this contract is inappropriate for competitive selection because it is the same software used by the Police Dept. and is interfaced into the 911 and dispatch program. It is only available from ProPhoenix.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Common Council of the City of West Allis that the proposal dated November 9, 2012, submitted by ProPhoenix Corporation to furnish WDA Application software, installation, project management and training for the total net sum of \$28,800.00 be and is hereby accepted.

BE IT FURTHER RESOLVED, that the Purchasing/Central Services Division be and is hereby authorized to enter into a contract for the aforesaid material.

PCSD1188

ADOPTED MAR 19 2013

Paul M. Ziehler, City Admin. Officer, Clerk/Treas.

APPROVED MAR 19 2013

Dan Devine, Mayor

City of West Allis
Department of Information Technology

DATE: March 6, 2013
TO: Gene Baietto, Manager Purchasing/Central Services
FROM: Jim Jandovitz, Manager of Information Technology
SUBJECT: Purchase Wireless Digital Assistance License for the Fire Department

This letter is to recommend the sole source purchase of additional licenses of Phoenix's Wireless Digital Assistance (WDA) software to be used in each of the Fire Department's rigs. This is the same software used in the Police Squads and is interfaced into the 911 and dispatch programs. The WDA's will allow the fire personnel to see call address, call details, property information, floor plans, dispatcher comments, fire hydrant locations, warnings, maps, etc. with the rig in real time. The software is part of the Police Department Phoenix system and is only available from ProPhoenix.

Sincerely,

Jim Jandovitz
Manager of Information Technology
City of West Allis
